It is calculated, says the Statesman, two thousand offices mentioned above, it is estimated there are ten applicants, or 420,000 Radical patriots, each and every one of them "trooly loil," and be nearly one-fifth of the whole Radical party. That the vast interests of this country should be confided to such impecunious patriots is a fearful reflection. It is a consoling thought, however, to people of a sanguine temperament, that, out of the 420,000 squalling mouths, only 42,000 can, by any possibility, find teats, so that at least 378,000

SUICIDE.—On last Saturday morn ing, the 15th inst., a young man named Zachariah Heffley, residing at Berlin, committed suicide by cutting his throat with a razor. Mr. H. had been an invalid for several years, having contracted disease (pulmonary, we believe, in the a my, Co. F. 142 Reg't. P. V.) and recently was quite ill. On Friday night, we are informed, two persons had been with him and when they left him in the morning, nothing unusual was noticed in his demeanor. About six o'clock on Saturday morning, his wife was in his room and plan ced their little child by his side on the bed. Shortly afterwards, he requested her to remove the child which she did, and went into the kitchen to prepare some breakfast. A few minutes afterwards another person entered the sick man's room and was horrifled at finding him dead, with his throat cut and his lifeless hand still grasping the razor. It is not known how he got the razor, but it is probable that it had been left about a window near which his bed stood, and which he might have reached from where he was lying. The gash extended from one side of the neck to the other, leaving the carotid arteries uninjured, but the trachea was almost entirely severed, causing instantaneous death .- Somerset Democrat.

Schenck's Pulmonic Syrup, Seaweed Tonic and Mandrake Pills, will cure Con sumption, Liver Complaint, and Dyspersia, if ta-ken according to directions They are all three to be taken at the same time. They cleanse the omach, relax the liver, and put it to work : the the appetite becomes good; the food digests and makes good blood; the patient begins to grow in fiesh; the diseased natter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption. To these three medicines Dr. J. H. Schenck, of Philadelphia, owe his unrivalled success in the treatment of pulmonary consumption. The Pul-Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall-bladder and starts the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant

Schenck's Scaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Scaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to

up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Cousumption, Liver Complaint, Dyspepsia, Oataanh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood: then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient decay and well. This is the only way. grow, the lungs commence to heal up, and the pa-tient gets fleshy and well. This is the only way

to cure consumption.

When there is no lung disease, and only Liver
Complaint and Dyspepsia, Schenck's Seaweed
Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfreely in an object of the feetly harmless
Dr. Schenck, who has enjoyed uninterrupted
Dr. Schenck, who has enjoyed uninterrupted

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Fulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is 55 Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Ton-ic each \$1.50 per bottle, or \$7.50 a hulf-dozen, Mandrake Pills 25 cents a box. For sale by all druggists.
