FOR THE CAMPAIGN! RALLY IN YOUR MIGHT ! Road Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall understand the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they be lieve to be that duty when they come to cast their ballots. In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the BEDFORD G AZETTE will be furnished for the campaign, at the following low rates

In all cases the cash must accompany the order. We respectfully ask the active men of our party to get up clubs for the campaign at every postoffice in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspap\_rs. It ought to be an easy matter to raise a club of twenty at any post office. ### THE ISSUE.

Bedford, Pa.

The radical leaders have thrust upon the people the issue involved in the Fifteenth Amendment. They have done this despite their pledges to the contrary. They have done it in defiance of the wishes of a large majority of their own party.

It is now certain that the Amendment cannot be ratified this year. Therefore it is in the power of the people to defeat it, if they, will. A Governor and Legislature pledged to the repeal of the act of last winter ratifying the Amendment, can be elected in this State, if the question at issue be properly placed before the people. But this is the only hope of cutting the and accommodate white and black chains which now bind Pennsylvania to Negro Suffrage. If a democratic Radical friends will not complain a-Governor and a democratic Legislature bout this for it is but the natural and be not elected this fall, the act of last logical result of their teachings and winter ratifying the Amendment will be allowed to remain undisturbed and the Keystone State will have sold her birthright forever. Now, then, is the time to strike for deliverance. Next year it will be too late. At present we are still free to control the subject of suffrage in our own way. A year hence, if we fail to assert our rights now, we shall be tied hand and foot. Let every man who is opposed to the adoption of the infamous Fifteenth Amendment remember this and act accordingly.

# Schenck's Pulmonic Syrup, Seaweed Tonic and Mandrake Pills, will care Con-sumption, Liver Complaint, and Dyspersia, if ta-ken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work : then the appetite becomes good ; the food digests and makes good blood ; the patient begins to grow in flesh ; the diseased matter ripeas in the lungs, and the patient origrows the disease and gets well. This is the only way to cure consumption. To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pul-menic Syrup rigens the morbid matter in the lungs, nature throws it off by an easy expectora-tion, for when the phlegm or matter is fripe, a sight cough will threw it off, and the patient has rest and the lungs begin to heal. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood . Schnek's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gal-bladder, the bile starts freely, and the liver is soon relieved ; the stools will show what the Pills can do ; nothing has ever been invented ex-cept calonel (a deadly poison which is very dan-unock the gall-bladder and starts the scentents. Liver Complaint is one of the most prominent canses of Consumption. The Jenerk's Seaweed Tonic is a gentle stimulant and hieraritye, and the Alkali in the Seaweed which this preparation is made of, assists the stomach to throw out the gastrie juice to dissolve the food with the Pulmonic Syrup, and it is made in the somach. The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, heetic fever, and by so doing they derange the whole digestive powers, looking up the secretions, and eventually the patient sinks and dies. Dr. Schenck, in his treatment, does not try to ston a cough, night sweats, chills, or fever. Re-

The worst feature of this pet measure of the radicals, is not Negro Suffrage per se, but it is the surrender of the right to regulate the elective franchise which is demanded of the people. The Amendment provides that Congress shall have power to enforce its provisions. This takes from the people all control of the elective franchise and vests it exclusively in Congress.

Now, the elective franchise is the basis of our republican institutions. Therefore, the safety of our whole system is entrusted to Congress, and that body can, at its pleasure, preserve, or overthrow, our form of Government. From this it will appear, too, that whilst it is pretended that the Fifteenth Amendment extends political rights, it really curtails and destroys them. Of what use is the ballot to the Negro, or anybody else, forsooth, if Congress may direct how that ballot shall be cast?

Such, then, is the momentous issue forced upon the people by the radical leaders. It must be met; it must be discussed ; it must be pressed home to the judgment and conscience of the voter. Shall the elective franchise be saved to the people, in its purity ? Who is the miserable wretch that dares to say, No!

The Radical love for the maimed soldier is manifested everywhere. The mongrel legislature of New York lately refused an appropriation to the Soldiers' Home, and in consequence it had to be closed. James Longstreet, the great executive and strategic General of the Confederate army, is well provided for by the "loil" worshippers, but the poor maimed soldier, who was promised everything, is left to enjoy the laurels of a lost limb and a broken constitution, and to grind out a livelihood upon the hand-organ. This is mongrelism; and the "negro fought as though there could be any moral ad- constitutes physical perfection and the a desperado under arrest and des bravely."

preachings during the past few years. adelphia delegation in the Legislature, When Democrats predicted such things as the inevitable consequences of "equal of Philadelphia. A portion of the rights," they were sneered at and denounced. And the end is not yet. It will not be long before the negroes throughout the South, where they have the power, will take still bolder steps to break down the barriers which nature and custom have raised up between the two races. During the French Revolution, when the Abbe Sieves expressed his astonishment at ome measure proposed in the Assem bly, Mirabeau turned to him and said,

"My dear Abbe, you have loosed the bull; do you think he will use his horns?" The Radicals have "loosed" the African bull, and the manner in which he will "use his horns" pretty soon will astonish most people .-- Titusville Star.

UNANIMITY is power! Let us teach the Radicals this lesson. They are watching, as eagles do for their prey, to seize upon weak points in our organization. They are striving to get up independent candidates, in order to disorganize the democracy. Are you so easily imposed upon, fellow Democrats? We think not. Let us show them a united front. The stake is too great to risk defeat by divisions among ourselves. Let true men speak out for the ticket!

ENGLISH and French ministers in Washington are in a fair way to be considered disloyal, as they refuse to receive at their residences, on terms of social equality, the recently elected negro officials of Washington, on the ground that they were but a short time since their barbers, boot-blacks, etc. Such squeamishness as this on the part of our foreign ministers is certainly ridiculous and will give currency to the report that they are copperheadishly inclined. You must reconstruct, gentleman, or resign and let some one take your place more loyally inclined.

THE North is not "educated up" to the point of conferring the most responsible places of trust and honor upon the negroes ; but it isn't thought necessary to educate the South in this respect: black "Senators," and "Councilmen," and "Postmasters," and "Assessors." etc., are forced upon her people. And yet the Radical papers talk about the great advance in "moral" ideas! Just tice. A finer body of men, in all that vance in compulsion. true gentleman was never seen.

have been renominated by the loil men Radical press in that city squarely bolt these nominations.

FLORIDA has ratified the Fifteenth Amendment, and all the Radical newspapers in the country are rejoicing that another step has been taken towards negro equality.

THE N. Y. Observer, a leading Pres byterian organ, advertises for "an honest man's party." Let it join the Democratic party, and shun the party of political clergy.

PHILADELPHIA. Correspondence of the Bedford Gazette. |

PHIL'A., June 17th, 1869. The most imposing pageant ever witnessed in any city, we presume, was that of the Masonic Knights Templars on last Tuesday. The scene on Chestnut street was truly inspiring. Every flag-staff displayed colors in honor of the event: every window and available space where a good look out could be had, was filled by an anxious and expectant crowd. We had recently seen the grand parade of

the Odd Fellows which was elegant and great ; and also the Red Men which surpassed the former in the richness of their banners, &c., but the whole was eclipsed by the Knights Templar, an order dating its existence from the Second Crusade, and which was the finest and best disciplined part of the army. The parade formed on Broad street and at 9 A. M., took up the line of march down Chestnut. The music of the bands, the brilliant display of banners with Grecian, Latin and Maltese crosses in red, the beautiful and chaste uniform, chapeaus, red belts and white silk sashes bordered with black, dangling swords and a black broad-cloth dress, the prancing of flery steeds, boquets of rare flowers showered on the line, and the glitter of ornament everywhere, all constituted a scene which it is impossible to forget. and which reminded the student of history of the days of Godfrey and Brian de Bois Guilbert. The parade was perfect. No better disciplined men on Miss Susan Hite, a resp ever trod the cobble stones of Philadelphia.
