ABOUT GUIDE BOARDS .- The law requires guide boards to be placed at the forks of every road, and it is the duty of constables to report to the court cases where the law has not been complied with. This is a useful prevision and beneficial to all classes of people. Nothing is more unpleasant than not to know which of two roads to take, especially when a long distance from a place where inquiries can be made .--Many townships in this county are entirely deficient in this respect. We would respectfully call the attention of road supervisors to this subject.
