FOR THE CAMPAIGN!

HALLY IN YOUR MIGHT!

Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent.

Understand the issues before them, and that, understanding them, they reflect upon their duty.

In the presence and then discharge what they owe to their country.

Let us have to that duty when they come to cast their ballots.

In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the Bedford Gazette will be furnished for the campaign, at the following low rates:

One copy, 25 cents.

Three copies, 75 cents.

Five copies, 1.25.

Ten copies, 2.50.

Twenty copies, 5.00.

In all cases the cash must accompany the order.

We respectfully ask the active co-operation of our party to get up clubs for the campaign at every post-office in the county.

In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers.

It ought to be an easy matter to raise a club of twenty at any post-office.

Address: MERRICK & MERRICK, Bedford, Pa.

GEARY'S PLATFORM.

Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we heartily endorse every measure contained in his inaugural address, and especially his policy in raising and approving the late amendments to the Constitution of the United States.

Resolved, That we support the platform adopted at Philadelphia, June 21, 1890—See Bedford Inquirer of July 2.

GEARY AND THE 15th AMENDMENT.

When Congress passed the XVth Amendment, Gov. Geary did not wait a single day to examine the measure, but in hot haste transmitted it to the legislature, with a message recommending (to use his own language) "its prompt ratification."

There are many persons calling themselves "Republicans" who declare they will not support re-election those members of the legislature, who voted for the ratification of the Amendment.

In this county hundreds have announced their opposition to Mr. Longenecker, on this account. But Mr. L. and the rest of the Radicals in the legislature, only carried out the recommendation of Gov. Geary, in voting for the ratification of the Amendment.

It follows, therefore, that those "Republicans" who cannot support Longenecker, because of his vote for the XVth Amendment, cannot consistently support Geary.

The defeat of Longenecker and the election of Geary, would be like hanging the necessary to a murder while rewarding the principal.

These two candidates are in the same boat and should be sunk together, only that Geary is the pilot and Longenecker only a willing passenger, and a larger stone should be tied around the neck of the former than that which is to produce the political death of the latter.

Besides, the Radical State Convention adopted a resolution expressly endorsing the XVth Amendment. Geary accepted the nomination on this platform, and every vote given for him will be claimed by the advocates of the Amendment. Thousands of "Republicans" throughout the State, petitioned the legislature, last winter, to reject the Amendment, or postpone action on it until the people could be heard in the election of a new legislature, but their prayer was scoffed at and despised.

Geary had recommended the "prompt ratification" of the Amendment, and the Radical legislature, while turning a dull and senseless ear to the petitions of the people, slavishly and blindly obeyed the dictation of the faithless Executive.

If there be any honor, or truth, or consistency among "Republicans," they cannot vote for the re-election of Geary.

KENTUCKY O. K.

"Old Kentucky" held an election on Monday, and the result is a Democratic victory by 50,000 majority! Let us have Peace!

The Democratic State Committee meets at Altoona, on Tuesday, August 10th.

THE XVth AMENDMENT, THE PRINCIPAL plank in Geary's platform, does not enlarge, but contracts, popular rights.

Under the Constitution as it now is, and as it came from the hands of Washington, Hamilton, Franklin and Madison, the people of the States enjoy the privilege of deciding who shall and who shall not be voters.

The Fifteenth Amendment proposes to take from the people this privilege and to confer on Congress the power to pass all laws necessary to enforce the theft.

This is but a verification of the adage that "power is always stealing from the many to the few."

When the people give up the right to control and regulate the elective franchise for themselves, they yield the only safeguard of republican institutions.

Imperialism is at the bottom of the Fifteenth Amendment.

It is admitted by the Radical journals that the legislature of the last three years have been the most corrupt that ever assembled at Harrisburg.

The reason for this is to be found in the fact that there was no check upon them in the Executive.

Geary was hand-in-glove and cheek-by-jowl with the "roosters" and "pinchers" of the legislative department.

He belongs to the "rings" that infest the capital, and his signature graces every little bill that pays a "dividend" to these legislative brokers.

Is such a man to be continued at the head of our state government three years longer? Let honest and well-meaning men, of both parties, answer.

The following we clip from the Frederick Republican, edited by Col. G. W. Z. Black, formerly of this county, and a radical of the strictest sect.

Mr. Black is evidently disgusted with the radical journals of his native state in their efforts to say something against Asa Packer.

Especially do we commend his perusal to the "high-toned" editor of the Inquirer:

We do not agree with the large number of Republican journals which unite in calling Asa Packer, the Democratic candidate for Governor of Pennsylvania, "anti-divulgent," "old fogy," &c.

Any man who can, solely through his own exertions, make a fortune of twenty millions of dollars, is pretty sure to be a clear-headed, wide-awake man.

We admire energy and pluck, and do not like to see it derided simply because the possessor is not a Republican.

THE Bedford Inquirer, during the war, borrowed from some fellow Radical "slang-whanger," the epithet "Copperhead," which it sometimes abbreviates into "Cop.," and which it considers so exceedingly smart that not a single issue appears without being liberally garnished with it.

Other Radical papers have long since grown tired of this infamous term, and not caring to be classed with blackguards, have abandoned its use altogether.

But to the Inquirer it stands in the stead of facts, logic and principles.

If that word were to be expunged from Latz's vocabulary, his paper would be neutral in politics, and, perhaps, in religion.

REGISTER!

Democrats, examine the lists of voters put up by the registry, and see that your names and those of your Democratic neighbors are on them.

Go to the Assessor in person and see that he puts your name on his list in your presence.

If he be a Radical, it will be well for you to take witness along.

The revision of the registration commenced on Monday last.

NATURALIZATION PAPERS.

Democrats of the several districts should see to it that all persons entitled to naturalization obtain their papers at next September court.

Persons who served in the army one year and were honorably discharged are entitled to papers.

Two witnesses are always necessary in cases of application for last papers.

Time of residence and good character must be proved.

THE Bloody Run Press advises its party to "be low" until within a few days of the election, and to spring upon us like the tiger from his lair.

It is opposed to mass meetings and a long campaign; it wants the contest to be "short, sharp and decisive."

The Democrats will have something to say to this. They will be on the look-out for the Radical animal no matter how low it may lie.

DEMOCRATS will remember that their political opponents are only awaiting an opportunity to strike.

Be on your guard. You can expect no favors from the enemy.

Accordingly as you get manfully and honorably in the campaign, shall you be esteemed by your party friends in the future.

The Democracy have determined that every man of their flock, must and shall be elected.

Let every Democrat so act that he may share in our triumph.

LETTERS OF ACCEPTANCE OF HON. ASA PACKER AND HON. CYRUS L. PERSHING.

The following is the letter of Judge Packer accepting the Democratic nomination for Governor:

To the Hon. C. B. Buckelen, Lewis C. Cassidy and R. E. Monaghan, Exec. Committee:—GENTLEMEN:—At the first convenient moment I reply to your communication informing me of my nomination by the Democratic State Convention of the 14th instant, in the office of Governor of Pennsylvania.

I desire to make due acknowledgment for this high evidence of esteem and friendship of my fellow-citizens, and to say that I accept the nomination tendered me, having at the solicitation of my friends, through my unfeigned reluctance, been induced to permit the use of my name for the nomination.

My acceptance becomes a matter of course, if not duty, but I announce it with a deep sense of the responsibility which it entails, and in accepting the position of candidate and agreeing to perform the executive duties for the people, is not alone upon my own strength or good intentions, but merely upon popular indulgence and generous support, and upon the superintending protection which can be given by the people.

If I shall be placed by the votes of the people in the gubernatorial chair, I shall endeavor to meet the expectations of my friends and all who have at least the true interest of our country at heart.

I shall be pleased by the votes of the people in the gubernatorial chair, I shall endeavor to meet the expectations of my friends and all who have at least the true interest of our country at heart.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup.

Schenck's Pulmonic Syrup, Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if all three are taken at the same time.

They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good; the food digests and makes good blood; the lungs begin to grow in flesh; the diseased matter ripens in the lungs and is patiently coughed out; the disease and pain will be thrown off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the pills will make good blood.

Schenck's Mandrake Pills set upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon re-energized.

Nothing has ever been invented except calomel (a deadly poison which is very dangerous) to cure the liver, but the pills will relax the gall-bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, in this preparation, made of, enters the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try too much; they give medicine to stop the cough, to stop chills, to give night sweats, hectic fever, and by so doing they destroy a man's strength, and eventually the patient sinks and dies.

When in his treatment, does not try to stop a cough, night sweats, or fever. Remove the cause, and they will all stop of their own accord. No more calomel, or opium, or any other medicine, but take Schenck's Pulmonic Syrup, Liver Complaint, Dyspepsia, Catarrh, Cough, Croup, Whooping Cough, Asthma, Consumption, Ulcerated Throat, unless the liver and stomach are made of good blood, and fast-decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make good blood of food. Now the only chance is to take Schenck's three medicines. It will bring a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets healthy and well. This is the only way to cure consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills, without the Pulmonic Syrup, will cure the liver and stomach, and make good blood. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was cured of his consumption, in the very last stage of Pulmonary Consumption, by his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the above medicines, and since his recovery many thousands similarly afflicted have been cured. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patient with their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, and all other days, from 9 A. M. to 12 M. at No. 32 Bond Street, New York, every other Tuesday, and at No. 155 Bowdoin Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is \$5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each \$1.50 per bottle, or \$7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.
