STUTZMAN AGAIN!

EDWARD F. KERR, Ch. Dem. Co. Com.

The Radical Senatorial Conference for this district, met at the Washington Hotel, in this place, on Thursday last, and on Saturday night, Hon. Alex. Stutzman, of Somerset, was declared the nominee. The conference had a stormy as well as a lengthy session, and when Fulton joined hands with Somerset and nominated Stutzman, the three Bedford conferees refused to endorse the nomination and withdrew. It is charged that money was used to influence the Fulton conferees. Not being "in the ring," we cannot vouch for the truth of this charge, but it is made by some of the most reliable men of the Radical party who were on the ground and who watched the maneuvres of the wire-pullers. As for ourselves, we preferred the nomination of Mr. Stutzman for two reasons: First, he is not a strong candidate; secondly, he has frequently voted against his party in the Senate, and, if re-elected, will do so again under similar circumstances. The candidates before the conference were Capt. G. S. Mullin, of Bedford, J. B. Cessna, Esq., of Fulton, and the nominee, Mr. Stutz-

On the faith of this solemn avowal, a majority of the people of the United States voted for Gen. Grant, and on this formal assurance the Radicals were the Chicago Platform. Was there ever so treacherous, bold and shameful a violation of its pledges to the people committed by any political party? After obtaining the election of their candidate for President, their candidates for Congress and their candidates for legislature, on the deliberate and solemn assurance that "the question of suffrage in all the loyal States properly belongs to the people

of those States," the radical leaders in Congress, the radical Governor Geary and the radical State Legislature, conthe 23d of June last, re-nominated of the people. We quote from the the following endorsement of his and their attempted fraud:

In 1868, they demanded \$2,716,48 and this year \$3,504.90! These sums are paid out of the county tax which under the law is laid on tain the fact for himself. The truth thousands of citizens, many of whom | they compel the several counties to belonged to the Radical party, but pay the deficit out of their own treasthey were received by the Radical Sen- uries. And this is the way they humtors and Representatives with con- bug the people. Verily it is high time that the thieves and plunderers in the offices at the State Capital be driven out of power! Another three years of John W. Geary will sink the Sinking Fund

and swamp the State.

When the democrats went out of power in 1860, the State debt was \$37,-849,125 72. Now it is \$83,286,946 13; or only about four and a half millions of dollars less than in 1860. During the last eight years twenty-eight millions of dollars have flowed into the State Treasury, which, under the Sinking Fund act passed by the democratic legislature of 1858, ought to have been applied to the payment of State debt. Besides this sum, which ought to have gone into the Sinking Fund, seventeen millions of taxes have been gathered into the Treasury, making the revenues of the State during the last eight years, upwards of forty-five millions of dollars! With this immense amount of treasure, radical management of the State finances has succeeded in paying off but the trifling sum of four and a half millions of the State Debt! SOLDIERS' CLAIMS.

The Bedford Carette, Bedford, Ma.

The Radical party, ever since the close of the war, have made the loudest spire together to deprive the people of professions of friendship, for "the sol-Pennsylvania of all power over this dier." They have flattered him with stomach, relax the liver, and put it to work: then the appatite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and he patient outgrows the disease and gets well. This is the only way to cure consumption. To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his aurivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach question of suffrage which they have soft words and promises of office, and solemnly declared "belongs to the peo- with Satanic impudence they have made by the Radical leaders, in the ple!" But as if to glory in their infa-tempted him with all the magnificence Chicago Platform of last year, to their my, the radical politicians assembled in and glory of worldly possessions to State Convention in Philadelphia on fall down and worship them. They wanted the soldier's vote, and they loyal States, the question of Suffrage John W. Geary for Governor and did not scruple to try all the tempter's should remain under the control of the placed him on a platform containing arts in order to accomptish their purpose. But what is the upshot? Except when they needed a soldier to carremoving all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will block the sell-bladder and test the secretion. Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we as in the case of Grant last year and in that of Geary in 1866, they have given "the boys in blue" the cold shoulder. Since the election of Grant, hundreds of soldiers, many of them disabled for life, have been discarded by them and Such is the insult offered to the men the places they asked given to mousing politicians who never saw a battle.when their votes were wanted, but when they asked to be remembered in the distribution of the offices, they were kicked aside like a worn out

> The Bedford Inquirer, last week, in an article recommending Capt. G. S. Mullin for the Senatorial nomination. used the following language:

> "We claim to be the soldier's friends let a soldier's claims be recognized and great strength will be added to our ticket, and we will at the same time end a man to the Senate of whom the district will have cause to be proud."

> But the "soldier's claims were not 'recognized " Stutzman, who spent the years of the war in snug and secure retirement in the shades of Somerset, who has already served four years as Senator and grown fat on the spoils of his party, was preferred to the soldier candidate by the radical politicians of the district. As in the case of the one-legged soldier, Capt. Stuckey, last year, the men who control Radical nominations, kept the word of promise to the ear to break it to the hope, and Capt. Mullin's "claims"

were overlooked. Talk about Radical love for the soldier! Faugh! It almost makes one's gorge rise at the disgusting pretence. A few paltry dollars of a politician's money go farther with the men who peddle out the offices in the Radical party, than all the empty sleeves and legless pantaloons that are worn in the Union. Let them say no more, for shame's sake, about their friendship for the soldier!

During the years of democratic rule in Pennsylvania, says the Patriot, the Commonwealth paid 4, 43 and 5 per were maintained until 1867, when, on "I cordially approve this action of ed the direct tax on real estate, and the recommendation of Gov. Geary. Hence the scheme was put through; twenty-three millions were borrowed at six per cent., and at

We now have the effect of this admirable stroke of radical financiering. In 1867 the Commonwealth paid \$94, 063 more interest than in 1866, and in 1868 it paid \$172,554 more than in 1866. Here is shown a loss to the people, by the operation of this new radical loan, of \$266,618 in two years! A vote for Geary and the radical candidates for the legislature, is a vote to endorse and encourage such frauds upon the

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord.
