FOR THE CAMPAIGN! RALLY IN YOUR MIGHT! Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall understand the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they believe to be that duty when they come to cas their ballots. In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the BEDFORD GAZETTE will be furnished for the campaign, at the following low rates:

One copy.....\$0.50

In all cases the cash must accompany the order. We respectfully ask the active men of our party to get up clabs for the campaign at every postoffice in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers. It ought to be an easy matter to raise a club of twenty at any post office. Address Mayers & Mangel, Bedford, Pa.

GEARY'S PLATFORM.

Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we heartily endorse every sentiment contained in his inaugural address, and especually do hereby ratify and approve the late amendment to the Constitution of the United States proposed by Congress, known as the Fifteenth Amendment.—Radical Platform adopted at Philadelphia, June 24, 1869.—See Bedford Inquirer of July 2.

Assessors will not be elected at the coming election. Those elected last Spring will hold over until next year.

Voters remember there is no dodging the issue. If you vote the Radical ticket you vote for negro suffrage.

TAXPAYERS, remember that during Geary's administration, thousands and millions of dollars have been squandered and stolen from the State treasury.

FARMERS, remember that the cry of "no tax on real estate" is made only to catch your votes. Bedford county is called upon every year for her quota

LET THE PEOPLE REMEMBER, that Longenecker and Stutzman deprived them from having a voice in the question of negro suffrage in Pennsylvania. Let them rebuke these mis-representatives at the polls.

TAX-PAYERS, bear in mind that the "pasters and folders" swindle was put through by a Radical legislature and answer. approved by Governor Geary. These squanderers of the people's money should be remembered at the polls.

PACKER AND PERSHING are sweeping the State like an avalanche. The corrupt Geary, stands self-condemned before the people and will be sent into merited retirement on the second Tuesday of October.

EXTRAVAGANCE and its natural results, inordinate taxation, are the natral result of Radical rule. Retrench expenses, administer the Government submit to this outrage? We think ly be brought about by driving the prehonestly, and taxation will cease.

Honest men should not forget that the present Governor of this commonwealth is at the head of the most corrupt and unscrupulous "Ring" that ever disgraced a state, or polluted the halls of legislation. The people can break up this "ring" at the polls.

WYOMING TERRITORY, the youngest and fairest of the Territories, is the bright political star in the Democratic firmament. The Democrats there have carried their whole ticket by over eight hundred majority, and the Legislature is unanimously Democratic.

NEW TICKET FOR PHILADELPHIA. -The various nominees for city and county officers in Philadelphia have withdrawn from the field, and a ticket has been placed before the people by the committee. It is a decided improvement on the old one, and will be triumphantly successful.

GEARY sat up till midnight to sign the Herdic act, which abolished an the rebellion. Oh, do tell! important judicial district. On the night of the 12th of October the people will sign an act that will drive that corrupt executive from power. And all honest men shall shout, Amen!

THE Inquirer of last week was filled with the most atrocious falsehoods concerning Judge Packer and Judge Pershing. We have learned enough useless, to reply to a liar and a black-

The Inquirer of last week, says that "the expenditures of the federal government for the fiscal year just ended, were \$485,000,000 less than for the previous year"!!! Why, the total expenditures of the government last year were not \$485,000,000. The arithmetic man of the Inquirer is getting sadly muddled.

ASA PACKER, our candidate for Governor, has given \$2,500 for the re-Packer has all his life been the friend endears him to the people. Who would vote against so kind hearted a man as Asa Packer.

GOVERNOR GEARY boasted in his Troy speech that he had vetoed more bills than any other Governor of Pennsylvania, and that only one of them became a law over his veto. And yet he says, that he could not prevent special legislation. If his flat was so omhumbug. Geary knows why he did not prevent special legislation.

For want of some better lie the radicals have industriously circulated the story that Asa Packer does not pay his taxes. Last year he paid One Hundred and Seventy Thousand Dollars in taxes. The radicals are not satisfied with this amount, because it is not large enough to afford them all a chance to steal when it goes into the State

THERE is but one way to get rid of the evils which now so grieviously afflict the people of Pennsylvania in the shape of corrupt legislators, a corrupt exercise of the pardoning power and a corrupt use of the money in the public treasury. Remove the cause and you remove these evils. Elect Packer and send honest Democrats to the Legislature. Herein lies the remedy; and we think the people are disposed to apply

GRANT, like the wandering Arab, was pitching his tent on some pleasant spot in New York, while his dying Secretary was, with his last breath, continually asking for but one more interview with the President. Long before the junketing executive could make up his mind to forego the pleasures of loyal league dinners, the faithful Rawlins had passed into the dark valley of death. Such heartlessness, as is here shown by Grant, is without a parallel.

MEN who lie will steal. This is proven by the fellows who were sent to the legislature last winter. They lied themselves into office by quoting the language of the Chicaga platform, that the question of suffrage in the loyal States belonged to the people of those States, and when they got to Harrisburg they voted for the Fifteenth Amendment and stole all the noney they could lay their hands on. Shall these scamps again be sent to the halls of legislation? Let the people

EVERY Pennsylvanian, who has an iota of State pride in his composition, revolts at the idea of having negro suffrage, or any other kind of suffrage, thrust upon their State unless the people have first had an opportunity to express themselves upon the subject. Governor Geary is the representative of the party that is guilty of this very wrong. The last Legislature acted upon the Fifteenth Amendment without having submitted the question to the people in any sense. Will the people

JOHN COVODE boasts he has control expenses.

THE Pittsburg Dispatch, a radical paper, just before Geary's re-nomina-

Let 'er sink!

ONE of the Ring "organs" of radicalism, in this county, says, while the soldiers were on the field fighting, &c., Mr. Pershing was safely housed at Harrisburg in the Assembly." All true, Mr. "Organ," but while you are at it, just inform your readers where your candidate for Judge was during

"DURING the war Asa Packer packed his trunks and went to Europe, where he stayed two whole years consorting with rebels."—Forney's Press.

Judge Packer did not go to Europe, until the summer of 1866, and yet this bare-faced falsehood, first appearing in Forney's Press, and rehashed by the Inquirer, has found a place in perhaps every radical sheet in the state. If any to know that it is degrading, as well as thing were wanting to prove the desperation of the Gearyites, and the utter hopelessness of their cause in the present contest, it is furnished in contemptible efforts at deception such as Where was Packer when the battle

of Gettysburg was fought?-Inquirer. Where the editor of the Inquirer was, at home. INCREASED INTEREST.

During the administration of John W. Geary, and in accordance with recommendation in one of his messages, a new State loan, to take up the old one, was made at 6 per cent per annum. The old loans were at 4, 4 and 5 per cent. The debt of the State is now about \$34,000,000 in round numbers. This increase of the rate of interest compels the people to pay annually \$340,000.00 more interest on the State debt than they did before Geary became Governor. We defy any of Geary's friends to deny the truth of what is here asserted. And this increase in the rate of interest was really made merely to enable hungry radicals to bleed the treasury. How is this, Mr. Inquirer? Will you deny that the rate of interest on the State debt has been increased as we have stated? Let us have an answer and

MAINE! "Did you hear the news from Maine?" Even New England Revolts against Rad-icalism.

The election for state officers in Maine has resulted in a radical loss since last year of twenty two thousand! Grant's majority was upwards of 28,000. Now Chamberlain, Radical, is elected Governor, over Smith, Democrat, and Hickborn, Temperance, by a majority of a little upwards of 6,000. The Democrats gain several counties and considerable number of representatives. The lesson of Maine, with its radical loss of 22,000 votes, is that Pennsylvania can and will be redeemed next month. Go to work in good earnest fellow democrats! Victory is ours, if we but labor to secure it. Forward

The honest administration of State and Municipal affairs depends entirely upon the ousting of Radicals in power. The people are aware of this, hence the zeal with which they advocate the election of Asa Packer and

RETRENCHMENT and reform can onsent office holders from power.

Is it because wheat commands but about one dollar and a quarter per bushel now, and money ten to fifteen per cent., whereas two or three years ago their wheat was worth three dollars a bushel, and banks were glad to get six per cent. for their promises to pay? One bushel of wheat would then pay for nine pounds of coffee, now, the grocer hesitates to give four. And yet the radicals say that business is in a flourishing condi-

> EXTRAORDINARY SELF IMMOLA-TION.—Seventeen Hundred Russians burn themselves to death.—The following statement appears in the Pall Mall Ga-

> All the extraordinary proceedings of the many fanatical sects whose rapid increase has excited so much anxiety in Russia are fairly thrown into the shade by a terrible act of self immolation which is reported from the government of Saratow. A few months ago the prophets of a new religion made their appearance in that part of the empire, preaching self destruction by fire as the only sure road to salvation; and so readily was their dreadful doctrine received by the ignorant and supersitious peasantry that in one large village no less than seventeen hundred persons assembled in some wooden houses, and having barricaded the doors and windows, set the buildings on fire and perished in the flames. The authorities are doing all they can to stay the progress of this new madness, but their task is obviously a difficult one. The punishments which the law can inflict must have little terror for enthusiasts who deliberately choose a death so horrible as this road to heaven.

NEW YORK ILLUSTRATED .-- We have just received from D. Appleton & Co., of New York, a very elegant volume, with the above title, containing forty-eight illustrations of scenes young one. Judge Packer never got in and about New York, including all the limps, for fear he would have to the principal public buildings, street scenes, Central Park, Jerome Park, and other surburban places. These illustrations are of the finest character, and are handsomely printed on tinted paper. The descriptive matter is very graphic and entertaining, and the work affords a spirited panorama of the great metropolis. The price is only fifty cents, which, remitted to the publishers, will secure a copy, mailed postage paid. It is the most elegant memento of the great city we have seen.

THE October number of the "Riverside" brought its readers back to the city. In the September number we had Lambdin's picture of "Town and Countrp." Now we have Nast's amusing frontispiece, illustrating "Str' et Music,"-a band of German musicians, with various copacities of wind and wind instruments. The number, which has eighteen separate articles, Stutzman voted to ratify the Fifteenth ends with enigmas, charades, and a page of "Mother Goose" music. Published by Hurd and Houghton, New York. \$2.50 a year.

THE LADY'S FRIEND for October has reached us. The beautiful steel engraving, in this number, illustrates Motherwell's touching balad. Schenck's Pulmonic Syrup,
Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the eame time. They cleanse the stomach, relax the liver, and put it to work then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmenic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calome! Pills can do; nothing has ever been invented ex-cept calomel (a deadly poison which is very dan-gerous to use unless with great care), that will unlock the gall-bladder and starts the secretions of the liver like Schenck's Mandrake Pills. causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrap, and it is made into good blood without fermentation or in the stomach.

in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Restrop a cough, night sweats, chills, or fever.

Sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Cousumption, Liver Complaint, Dyspepsia, Cataarh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, ab scesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammatior and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood: then the patient begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.
