## FOR THE CAMPAIGN! RALLY IN YOUR MIGHT! Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall understand the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they be lieve to be that duty when they come to cast their ballots. In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the BEDFORD GAZETTE will be furnished for the campaign, at the following low rates:

In all cases the cash must accompany the order. We respectfully ask the active men of our party to get up clubs for the campaign at every postoffice in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers. It ought to be en easy matter to raise a club of twenty at any post office. ## CHEERING NEWS.

From every part of the State come the tidings of accessions to the Democracy. The attempt to force Negro Suffrage on our State through the instrumentality of the Fifteenth Amendment, the short-comings of Grant's administration and the corruption and official malversation at the State capital, joined with the personal unpopularity of Governor Geary, have thoroughly disgusted the rank and file of the radical party and have caused even many of its leaders to regard the can vass with indifference. This is the case throughout the State, but especially is it observable in Philadelphia and in the eastern and central counties. The indications now are that Packer and Pershing will be elected by at least 10,000 majority.

In order to place our success beyond all doubt, "to make assurance doubly sure," it is only necessary for every Democratto go to the election and vote. This time the Democracy are perfectly united on their State nominations. A large conservative vote is gravitating to our side. Therefore, let us put forth our whole strength and make our victory overwhelming. Our word for it, that if we poll as large a Democratic vote as that cast for our State Ticket at the last October election, we shall carry the State by 20,000 majority. We can poll that vote. Will it be done? Let the Democrats of the several election districts answer.

To bring out a full vote, much work charge against your party, Guilty, or must be done. The tooting of horns, the rattling of drums, the inkling of cymbals, the splitting of throats by public speakers, are of but little avail. They are sound and fury, signifying nothing. Thorough, systematized organization of each and every election district by the active Democrats in the respective districts, is what is needed. Let this be had and there can be no trouble in getting out every voter to the polls. Never mind the blowing of radical bands and radical speakers. It is all wind. Let us work while they toot and talk.

THE FIFTEENTH AMENDMENT fastens Negro Suffrage irrevocably upon the people of this State. Shall the snap judgment taken on the people by the last legislature in ratifying this Amendment, be permitted to stand? If not, vote for FINDLAY, NOBLE and

Not only is the voter subcted by it to insult and vexation, but he is compelled to pay dearly for the privilege of suffering under its outrageous provisions. We have made a calculation of the expense attending the execution of this law, and find that it will exceed One Million Dollars! We give the reader our data There are 2,100 townships and vards, and boroughs not divided into wards, in the State. There are, there-

fore, 2,100 Assessors or Registers. These, by the terms of the Registry Law, are required to commence registration on the first of June and to close it ten days before the election. Their work proceeds during the months of June, July, August and September, and the average time for which they will be paid will be 96 days. Their pay will be rated not below \$3 per diem. The printing of Registry Books, Blank Affidavits, &c., not computing the cost of these for the city of Philadelphia) will average at least \$200 to each county. The extra clerk hire of the county commissioners for making out duplicates of the Registry Books and furnishing them to election boards, will be about \$150 to a county, (not estimating the cost for Philadelphia). There are 660,-000 voters in the State. One in every three of them will lose a day in having himself registered. Now, let us ascertain the sum this will aggregate:

100 Assessors, at \$3 per day, for 96 days. 604,800 Printing for 65 counties...... Extra clerk hire for commr's...... Loss of a day to 220,000 voters, averaged ...440,000

Total.....\$1,067,550 From this calculation, which is certainly a moderate one, it appears that the people of Pennsylvania will pay upwards of One Million Dollars, (not counting the cost of printing, canvassers, etc., for the city of Philadelphia) for the luxury of being insulted and this way? THE COST OF THE REGISTRY THE PHILADELPHIA TELEGRAPH

We publish on our first page, this week, an article from the Philadelphia Evening Telegraph giving the reasons why it can no longer support the claims of Governor Geary for re election. In that article the following sentence will be found:

"Our opinion of Gov. Geary is tolerably well known; we do not think any better of him since his renomination than we did before, but if the rupublicans of this State chooses to vote for him again, that is their business and

In order to show what were the opinions of the Telegraph before the renomination of the radical candidate we furnish the following extract. On the 19th of May last it said:

"Most of all he has not that stern integrity which should be as much a part of his office as his oath, as his sub-serviency to the "Ring" has amply serviciney to the Hing has amply proved. He wants altogether not only statesmanship, but even that lesser quality of intelligence which he should bring to the discharge of his responsible trusts. His self-esteem is prepos erous, his talents tawdry as the of the stage. His assumptions of ca-pacity render him ridiculous, and what he thinks are proofs of his wisdom, only confirm us in his ignorance. His dignity is as sham as that of the false duke in the *Honeymoon*. His associates, while they should be of such a character as to hedge him about with respect, are of such origin as to lead the weak to think them his jackals, and no more. His office, in which only the grave affairs of state should be considered has been desecrated to the vilest purposes of brokerage and sale, and then, when he should alone go to discharge his solemn duties, retires only to prey upon the "Ring" and the seekers after his clemency. With a profundity of ignorance which nothing but his personal vanity equals, he makes speeches, which even after his clerk has corrected their grammar, are miracles of bosh and nothingness.

AND now the Inquirer pleads earnestly for the election of Geary, the patron of legislative thieves, and the chief of the legislative "ring." Has it found in him that "one man" who should rescue the party from the disgrace brought upon it by the corrupt and infamous practices of the radical legislature la stwinter?

THE man who votes for Governor Geary and the radical candidates for the legislature this fall votes-not for negro suffrage only, which would be bad enough-but to sanction a palpable violation of the Constitution of the Commonwealth which declares that negroes cannot vote. Now the Inquirer calls Packer "the bloated bondholder." A while ago it charged him with "disloyalty" for not investing in Government bonds. O, Lutz, thou art a jewel!

THE QUESTION which Governor Geary and his organs cannot answer is, What became of the Seven Millions spent during the first two years of the present State administration.
