 As its name implies it does Care, and does not fail. Containing neither Arsenic, Quinine, Bis-muth, Zine, nor any other mineral or poisonous substance whatever, it in no wise injures any pa-tient. The number and importance of its eures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other rome-dies had wholly failed.
 Unacclimated persons, either resident in, or traveling through miasmatic localities, will be protected by taking the AGUE CURE daily.
 For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.
 For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many ruly re-markable cures, where other medicines had failed.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous dis-oase, where the system seemed saturated with corruption, havo been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radical-ly cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or use. Strofulous poison is one of the most destructive enemies of our race. Often, this unseen and un-folt tenant of the organism undermines the con-stitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favora-ble occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be sud-denly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by e-raptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Person-allieted with the following complaints generaly find immediate relief, and, at length, cure, by the use of this Sarsaparilla : St. Anthony's Fire, Rose or Krysipelas, Tetter, Salt Rheum, Scaid Head, Ringworm, Sore Eyes, Sore Ears, and other erup-tions or visible forms of Serofulous disease. Also in the more concealed forms, as Dyspesia, Drop-sy, Heart Discose, Fits, Epilerey, Neuralgia, and Incorporated, March, 1869, by Specia Act of Legislature of Pennsylvania. This company is organized on the lo-operative Mutual Plan. The membership fee is graded ac-cording to the age of the applicant, and is lower than other mutual companies.
