Thursday Moraing, January 20, 1870. THE SCULL-FINDLAY CASE. The Seat Given to Findlay.

We gave, last week, an outline of the features of the Findlay-Scull contest, in the State Senate, in reference to the prima facie right to the seat in that body for the Twentieth Senatorial district, composed of the counties of Bedford, Fulton and Somerset. The whole case, in a nut-shell, was just this: The return judges of Somerset county had refused to count the vote of Allegheny township, in that county, because the return judge for that township brought to their meeting the tally paper, instead of the return. The district return judges, however, counted the vote of Allegheny township. If the vote of of the high-minded and honorable that district had been rejected, Scull would have been elected by 17 majority. It was counted and Findlay was fore they are willing to allow his state returned as elected by 23 majority .--The question of the power of the district return judges to count the vote of Allegheny tp., was argued at great length in the Senate, and finally, on gina as a complete atonement for her Wednesday evening of last week, the sense of the Senate on the subject was tested by a vote on a resolution to admit Mr. Scull to the seat. The resolution was lost by a tie vote, 15 to 15, two Republican Senators, Messrs, Billingfelt and Lowry voting with the Democoats against it. The effect of this vote was to rule Mr. Scull out of court, and to leave Mr. Findlay as theonly claimant to the seat. Accordingly, on the na, Dickey, Donley, Kelley, Negley, O'next day the latter was sworn in and now occupies the seat.

The reader must not understand from this that the matter has come to an end. No sooner had Mr. Findlay taken his seat, than Mr. Scull filed a petition setting forth an undue election and claiming that Mr. Findlay's majority was made up of illegal votes. The former contest was as to which of the two was to be given the seat prima facie, that is on the face of the returns. Now a contest is to be made which involves an inquiry into the character of those returns and the legality of the votes cast for the respective candidates.

This investigation will be a very expensive one to the tax-payers, witnesses will be required to attend at Harrisburg, and much work will have to be performed by the Sergeant-at-arms of the Senate and by the committee drawn to try the case. Why Mr. Scull, cans, of this Congressional district, who now holds an office the salary of which is much greater than the pay of for his persistence in the matter is well known to the initiated. It was a part of the contract b tween himself and Cessna, when the latter obtained Stutz- struck dumb by this vote of Cessna's, man's withdrawal and arranged the they will give us their opinions on the nomination of Scull, at Philadelphia, subject. Men and brethren, let us hear Rollin and his banished compatriots to that he (Scull) should resign the As- from you ! sessorship of Internal Revenue in order that Cessna might fill the office with a Franklin county man. There are at least two Franklin county poli- tion, on Wednesday, the 12th inst., ticians who demand this office at the and elected Gen. W. W. Irwin, of Mr. Cook, of the Repository, the other is a Mr. Ritchey. It is this Franklin county pressure on Cessna that is driv- licans, but his management of the ing Mr. Scull up to the work of con- Treasury had caused so much dissatistesting Findlay's election. The Phila- faction that a number of Republican delphia bargain is to be carried out, Senators and Representatives refused which cannot be done if Scull fails to get to support him. These united with into the Senate. There can be no doubt of the fairness and legality of Mr. Findlay's election. There were, we are satisfied, more illegal and fraudulent votes polled for Scull than for Findlay. But these votes must now be ascertained and proved .--If Democrats will exercise but ordinary activity and care in looking up such votes, we have no doubt that a sufficient number can be found to swell Mr. Findlay's majority, to at least one hundred. We, therefore, call on the active Democrats in each and every election district in the counties of Bedford, Fulton and Somerset, to gather all the information they can obtain in regard to illegal Republican votes cast at the late election, and forward such information at once, by letter, to Hon. Hiram Findlay, Senate, Harrisburg. The names of persons under the age of 21 years, or persons not having paid a State or county tax assessed within two years next preceding the last election, of persons not having a legal residence in the election district, or in the State, at the last election, of persons not registered and who failed to make the affidavits required by the Registry Law, &c., who voted for Mr. Scull, and also the names of De mocrats whose votes wererejected and the reasons for their rejection, with Buddhist can fraternize together .-names of witnesses by whom such Doubtless the Congregation will be votes, or such rejection of votes, may largely recruited from among those be proved, should be ascertained and forwarded as above. Virginia, after having been re-constructed in the latest and most approved fashion, having elected a carpetbagger Governor, chosen a negro Congressman and sent a number of negroes Fifteenth amendment, is still excluded from the Union. A bill for her re-admission has been under discussion in in the Senate. The radicals in Congress are divided on the subject. The extreme ring, led by Summer in the 'It is Rochefort and not his creatures Senate, and by Butler in the House, oppose the admission of Virginia as at Noir. I had my hand on my pistol in present re-constructed. They propose to exact new and more severe conditions from the people of that persecuted state. They are not satisfied with the ville crouched behind a chair, and, Virginian. They must see him bound to their political car with bands of iron berepresentation in Congress. The moderates under the lead of Trumbull in the Senate and Bingham in the House, are ready to accept the sacrifices of Virpast sins, and favor her immediate readmission. Bingham's bill declaring the State entitled to representation in Congress passed the House, on Friday last, after a prolonged and bitter opposition. The radical delegation from this State divided equally on the question. Messrs. Armstrong, Cake, Gillfillan, Mercur, Scofield, Morrell, Myers and Packer voted yea ; Messrs. Cess-Niell, Phelps and Townsend voted nay. Stick a pin right here. Let the people of the Sixteenth Congressional District understand that their representative, Mr. Cessna, votes against the restoration of Virginia to the Union, in spite of the recommendation of President Grant. The blatant and brawling demagogue who was wont to bellow for the 'Union," now votes in Congress to keep the Union dissolved. He is a disunionist. He is alike faithless to the party in whose bosom he was nurtured, and to the cause which he has latterly professed to uphold. His family, and is rarely seen in the Tulletreason to the Democracy and his infi- ries. delity to the cause of a restored Union are akin in every respect. The House was engaged during the whole of yesterday on the bill to admit Virginia into the Union. The House then adjourned until Monday. In the Senate the joint resolution in regard to Virginia admission, pending from the previous day, was taken up. A long debate ensued, and several a mendments were offered and rejected. One, however, offered by Mr. Willey, of West Virginia, was adopted, requiring the members and officers of the Virginia Legislature to take the oath prescribed in the third section of the fourteenth amendment, but allowing the immediate admission of the State. A night session was held, and the subject farther discussed. The Senate received the bill that had been passed by action, and continued the consideration P. M. on that day.

At the annual meeting of Plymouth Church, last week, it was resolved, by a vote of 80 to 25, that candidates for membership should not hereafter be required to assent to the Confession of Faith. Mr. BEECHER himself advocated the resolution with his customary earnestness, and said that the former rule, which excluded Universalist and other unorthodox Christians from the church, was unjust, and should be repealed. It thus appears that Mr. Beecher is determined to carry into practice the theory of the unimportance of creeds which he recently proclaimed in his new journal. changes take place within a very short time. Less than ten years ago the negroes had no social or political rights with the white men. They are now equal with the whites, and in the South superior, so far as our Radical Government can make them so. An event occurred at the White House on New Year's day which shows how "colored folks" understanding that an order had been given that they were not to have the honor of a reception by the President until after the "white folks" had been received, rebelled at this invidious distinction, and made a great noise at such a violation of the Chicago platform and the principles of the party in power. Schenck's Seaweed tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood withoutfermentation or souring in the stomach.

In the stomach. The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, looking up the secretions, and eventually the patient sinks and dies. Dr. Schenck, in his treatment, does not try to stop a cough night sweats, chills, or fever. Re-move the cause, and they will all stop of their own accord. No one can be cured of Cousump-tion, Liver Complaint, Dyspepsia, Catanch, Can-ker, Ulcerated Throat, unless the liver and stom-ach are made healthy. If a person has Consumption, of course the lungs

ach are made healthy. If a person has Consumption, of course the lungs in some way are diseased, either tubercles, ab scesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammatior and fast de-caying. In such cases what must be done? It the inug. In such cases what must be done : It caying. In such cases what must be done : It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenek's three medicines, only chance is to take Schenek's three medicines. heir poince is to take Schenek's three meatoned, aly chance is to take Schenek's three meatoned, the shich will bring up a tone to the stomach, the satient will begin to want food, it will digestensis y and make good blood: then the patient begin to gain in desh, and as soon as the body begins to to gain in desh, and as soon as the body begins to

grow, the lungs commence to heal up, and the pa-tient gets fleshy and well. This is the only way

tionizets flowing and sense in the only way to care consumption. When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenek's Scaweed Tonic and Matdrake Pills are sufficient without the Palmonic Syrup. Take the Mandrake Pills freely in all hillious complaints, as they are perfeetly harmless. Dr. Schenck, who has enjoyed uninterrupted
