DEMOCRATIC COUNTY CONVENTION.

Pursuant to public notice, the Democratic County Committee met at the Gazette office, in Bedford, on Monday last, and adopted the following resolutions:

Resolved, That it is the sense of this Committee that a County Convention should be called for the purpose of taking into consideration the propriety of altering and revising the rules of the Democratic party of Bedford county governing nominations.

The Democrats of the several districts of the county are, therefore, hereby notified to meet at their respective election-places and choose one person to represent their respective districts in said Convention.

By order of the County Committee. E. F. KERR, Chairman.

SNAP JUDGMENT.

The so-called "Republicans" who inhabit Bedford county, held a meeting at the Court House, on Tuesday evening of last week, and adopted a series of resolutions from which we take the following:

Resolved, "That we cordially approve of and endorse the course of our member of Congress, Hon. John Cessna, and especially his advocacy of protection to American laborers against the competition of foreign paupers, and that we recognize in him an able and faithful defender of the principles of true Republicanism, and we do hereby recommend him to the Republicans of the District for re-nomination."

To the cordial approval and endorsement of the course of "our member," by these cringing lick-spittles, we take no exception. We do not question their right to swallow their own saliva or even print their kisses where our member is wont to scratch.

But how comes it that this meeting, in which not one half of the election districts of the county were represented, assumes the right to dictate to the "Republicans" of the entire county, who shall be their candidate for Congress at the next election?

By what authority does this irresponsible gathering undertake to "recommend" Mr. Cessna as the choice of the "Republicans" of the county? Is not this unwarranted action intended to forestall an expression of opinion on the subject of the Congressional nomination by those "Republicans" who oppose Mr. Cessna's re-nomination and who mean to be firm and consistent in their opposition to the contemptible little thimble-rigger?

We do not expect to see any resistance to this pre-judgment of the case in behalf of Mr. Cessna. There is hardly a single prominent "Republican" in the county, who will dare to lift his voice against it.

THE RIGHT TRIUMPHANT.

The Findlay-Scull contested election case, involving the right to the seat in the Senate for the Twentieth District, was finally decided last week in favor of Mr. Findlay, the sitting Senator.

The report of the majority of the committee drawn to try the case, which declares Mr. Findlay entitled to the seat, is signed by Senators Brown, Randall, Lowry and Linderman, Senators Brooke, Osterhout and Allen, although bound to conceal the fact that the investigation shows the election of Findlay, intend presenting a minority report.

The confirmation of Mr. Findlay's right to the seat, is a signal triumph of justice and fair-dealing over trickery and artifice. We have frequently exonerated Mr. Scull from that peculiar blame which attaches to the attempts of designing politicians to nullify, by special pleading or the straining of the law, the deliberately expressed will of the people.

The defeat of the foul intrigue of which this case was the ground-work, affords an occasion for special rejoicing. The honest people of the Sixteenth Congressional District particularly will be gratified to know that John Cessna will not have it in his power to barter the office of Assessor of Internal Revenue for that District for votes and influence to secure his re-election to Congress.

We cannot leave this subject without according to the committee before whom this case was tried, the praise so justly due its members. Especially do we feel it our duty to commend the dignified impartiality with which Senator Lowry acted throughout the investigation.

THE virtuous Censna ring which assembled at the Court House, on Tuesday night of last week, resolved that the Democrats are responsible for what they style the mismanagement of the "Poor house finances," &c. Who, but the radical Judge Rowe, granted the injunction against the construction of the new Poor House?

THE Galaxy for March has a continuation of Charles Reade's story, and a story by Mrs. Rebecca Harding Davis. Anthony Trollope continues his Editor's Tales; and Justin McCarthy considers the Prince of Wales as a second Fat Boy, originally presented to us in Pickwick.

THE NURSERY.—The March number of this children's magazine has reached us. We cannot say too much in praise of this valuable monthly visitor. If a vote of its youthful readers could be taken, it would unanimously be pronounced the best magazine in the country.

Grand Junction, Iowa, has presented her first native citizen, a girl, with a corner lot.
