

The House.

The conservative elements of the country—those who care more for substantial prosperity than for mere partisan victory—must now look to the Democratic House as their hope in the near future.

It has also placed itself squarely and proudly upon record against the great infamy of counting in a President, by passing a resolution that Tilden and Hendricks are the duly elected President and Vice President of the United States.

The House also holds the purse-strings of the National Treasury, and the new administration already has sharp notice that not a dollar will be appropriated to sustain the rotten carpet-bag government in South Carolina and Louisiana.

Again, the action of the Democratic House will be fully sustained by the country. To-day the Democratic party and its co-workers the Liberals and Conservatives, have a majority in the country of at least three hundred thousand votes.

THE CABINET.

As a matter of news we give the names of Mr. Hayes' Cabinet officers—with remarks in italics. We feel little or no personal interest in the matter, as our intercourse with these gentlemen will be very limited.

WM. M. EVARTS, of New York, Secretary of State.—First class. JOHN SHERMAN, of Ohio, Secretary of the Treasury.—An insult to the country.

GEO. W. McCRAW, of Iowa, Secretary of War.—Fair. RICHARD W. THOMPSON, of Indiana, Secretary of the Navy.—Very good.

CARL SCHREZ, of Missouri, Secretary of the Interior.—Creditable. DAVID M. KEY, of Tennessee, Post Master General.—No. 1, of course.

CHARLES DEWENS, of Massachusetts, Attorney General.—Good. If swearing is a finale offence in Washington as it is in Pennsylvania, the national debt might be largely reduced if not altogether paid from funds derived by a strict enforcement of the law.

Our readers who avail themselves of this offer will, we feel certain, thank us for having called their attention to it. The publishers of LEISURE HOURS would like to employ some one in every place to canvass for this paper.

The Philadelphia Weekly Times is before us, and a splendid paper it is in the fullest sense of the word. It is a large, eight page double sheet, with a mechanical make up second to none.

Bellefonte and the Rail Road.

The Watchman of last week puts in a very strong and practical plea for the speedy construction of the projected rail road from Bellefonte to Lemont, to intersect our road at the latter point.

At the regular meeting of the M. B. & L. Association on Monday evening, money sold at 85 1/2 per cent. premium for permanent loan.

The Penns Valley Banking Co., intends erecting a three story brick building at Centre Hall. Banking must be good business up there.

Our neighbor, Mr. Wm. S. Harter is slowly recovering from a long spell of sickness. May he soon be fully restored to health.

The place to buy cheap goods just now is Aaronsburg, and the man's name is Bover—Isaac D. or Jim. Don't make much difference which. Go and see for yourself.

Our thanks are due and tendered to Hon. L. A. Mackey for a Bueley bound copy of the Memorial Address, Life and Character, of Vice President Henry Wilson.

Coart next week and for several weeks thereafter. We wish folks would settle their differences themselves, and the Sheriff would not bother us with jury summonses, so we do.

The Lewisburg Journal says a two foot vein of hard coal has been discovered in Sugar Valley, Clinton county. Hope it may prove to be the genuine article.

One of our worthiest citizens has the same initial letters to his name as Mister Hayes—R. B. H., and he don't feel one bit proud about it either.
