THE SILVER BILL PASSED.

After a continuous session of seven hours the silver bill passed the U. S. Senate on Sunday morning by the decisive majority of 48 to 21—two thirds and some to spare. It is thought that the House will pass it at once, under a suspension of the rules, and thus it will go to the President for his approval or veto in a few days. His Frankfurter bill will be of course vetoed, but he is welcome to do so—and go to grass besides, with his bigoted nunschild of a financial secretary, for the bill has now friends enough in both houses to be passed over the veto of President Hayes.

This is the best and most important measure in the interests of the people, passed for many years. Let us have more legislation of the same kind. Bravo, well done for once.

Had the Republicans carried the state last fall a bank department would not now be considered necessary. They had almost unimpeded control of the legislative department of the state for over fifteen years and they never before proposed to create a new office. Circumstances however alter cases. One of the pets of the Cameron ring, Captain Hart, was defeated for State Treasurer by Col. Noyes—and now the ring propose to create a soft bed for him in the shape of a bank department worth \$2,000,000 upon which to rest his weary limbs. That's just the exact size of it.

Friday last President Hayes sent to the U. S. Senate the name of Bayard Taylor, to be Envoy Extraordinary and Minister Plenipotentiary to Germany.

This is an appointment of which Pennsylvania may well feel proud, and we trust the Senate will not hesitate a day over the confirmation.

The *Lewisburg Chronicle* goes for *Andy*, the next Governor, in the following style:

Our townsman, Hon. A. H. Dill, is looking up strongly in the Democratic ranks as the next candidate of that party for Governor. Should he be honored, he can confidently count on our hearty opposition to his success on political grounds, of course. In all such cases a devoted Democrat like *Andy* is a very clever fellow.

The agony over the Post Mackership of Lewisburg is over, and Don's man comes out second best. Mr. Sheller is the lucky chap and there is some solid cursing done because Mr. Hayes goes back on his best friends.

PLAIN AS CAN BE.

It is as plain as the nose on a man's face that if we want a branch road to Millheim we must bestir ourselves for it. We can talk the matter over for the hundredth time, we can enlarge and grow eloquent upon the advantages it would give us as a trade centre—and that is certainly a pleasing theme to dwell upon—but all this will lead to no practical result, unless we are willing to come down squarely and subscribe. There is a disposition by some to expect too much from the business men of the town. This is all wrong in an enterprise that so deeply concerns all property holders. The business men should, and we are confident will, do their duty fully, but they can not pull the matter through alone. Many of them are in but moderate circumstances and have heavy burdens to bear, yet will they do all they can—all that can reasonably be expected of them!

Nor can Millheim and its vicinity alone raise means enough to insure the success of this road, even if all classes here do their utmost. It is hoped that our friends in Brush Valley will largely aid us in the work, and that Aronsburg and a portion of the township will also give us a fair lift. If all who expect to be benefited by the building of this branch can be made to feel a personal interest in the matter; if the several localities in Penns and Brush Valley that ought to help will do their duty half, the branch will be built and in running order in less than a year; but it might as well be understood first as last, that Millheim alone can not build the road.

The dedication of the new Lutheran Church in White Deer took place on Sabbath last, under the direction of the pastor, Rev. J. G. Anspach of Millifield, who was assisted by his son Rev. J. M. Anspach, of Reading. The attendance was very good and exercises exceedingly interesting. Meetings will be held in that church this week.—*Telegraph.*

The new bell on the Reformed Church at Aronsburg is the largest one of the best and finest toned in the county. It weighs exclusive of mounting, 617 pounds—with the mounting, 840 pounds. It was made at the celebrated bell foundry of Vandusen & Tift, Cincinnati, Ohio, and was presented to our congregation by Col. Henry Royer and Mr. Joel Royer.

A rail road move is agitated in Lock Haven. It is to get the Reading Road extended to it. The prime movers are the owners of the Beech Creek coal lands. It is said that enough has been raised by the company to make up \$300,000 money necessary to get the road to Lock Haven. The road, if built, it is contemplated to build a narrow gauge road. This would be one of the most valuable things that could occur to Lock Haven, and so soon as the matter is presented in a perfectly reliable form, which will be done at a public meeting soon to be held, it will be worthy of the best efforts of our people.—*Clinton Democrat.*

Abraham Brindle sold his house lot to Geo. Royer for \$800, and H. G. Conser disposed of his lot to Thos. E. Royer for \$850. Both sold with a view of going west.
