#### Somothing That Wells Has Not Mentioned.

From the New Orleans Democrat.

J. Madison Wells is reminded that people who live in glass houses must careful about shying stones. There has occurred no more atrocious murder than that of Mat Despalier by J. Madison Wells. At the time Wells was a man of wealth and high social standing. Despalier was a poor man without friends. A disagreement had occurre l between the parties. When they met Wells was armed with a shot gun. Despalier was unarmed and threw up his arms to show that he was defenseless, when Wells fired upon him and killed him.

#### THE JUDICIARY.

Judge Charles A. Mayer, President Judge of the Clinton, Centre and Clearfield district, has been recounty, without regard to party divisons. This is a step in the right direction, and it is fair to assume that not only the members of the bar of Clearfield and Clinton, but the people of all parties in those counties, will unite to give Judge district is strongly in sympathy with Judge Mayer politically, and his election, even in a partisan contest, is assured by an overwhelming vote; but his ability and fidelity as a Judge call for more than a mere party endorsement. The one temof authority that should be guarded by the whole people as sacrea above all others is the Judiciary, and Judges who have proved their competency and integrity through years of service, should, under all circumstances, be cordially sustained. It matters not whether a Judge is a Republican or a be charged either at Sunbury or Wil-Democrat or a Labor Reformer, if he is an honest man, a sound lawyer and a fearless officer; but it is of supreme'm oment to men of every political belief that Judges should not be under party bonds or be deemed fitted or unfitted for their responsible trust by their political opinions. This Journal has uniformy favored the election of tried and rue Judges. It does so because !it is the only way to maintain an uprigh and independent judiciary, and it welcomes the action of the Belletonte bar in favor of Judge Mayer. as evidence that the people are growing more and more in earnest in sustaining our Judges regardless of party interests .- Philadelphia

# POPE LES XIII.

On the second day of its session, the Vatican Conclave elected Cardinal Pecci, an Italian, as successor to Pope Pius 1X.

The new Pope is well spoken of in all quarters and his election scems to be well received and altogether satisfactory throughout Eu-rope. All accounts agree in prais-substantial manner. The silver bill re-passed the House, as amended by the Senate, on Thursday the 21st. It goes to the President at once, and if he vetoes it as is predicted, he will show the firmness of a Jackson, or the obstinacy of a mule. Practically it makes no difference whether he signs or not. as the measure has friends enough in both houses to pass over his veto. Rudderford is powerless for evil in this one case at least.

### The Daily Mail to Legansville A Protest.

People from Tylersville, Logan Mills, and Booneville claim to labor under a great disadvantage in regard to sending and receiving mail matters since the dally mail was established to Logansville, as our principal mail sent is always on Monday. By old mail time it went to Lock Haven the same day. If urgent we could get a reply by next day. By present or new time, it only goes to Logansville and lles over, arrives at Lock Haven on Wednesday noon, and as the mail returns in about one hour after it arrives, we cannot get a reply before Saturday. Our principal mail received is always on Saturday. By old mail time we got the Friurday. By old mail time we got the Fri principal mail received is always on Saturday. By old mail time we got the Friday evening mail from Lock Haven by Saturday. At present or new mail time we only get the Thursday evening mail, and papers printed outside the county we never get the same week. They come to Logansville and lie overtill Tuesday, very much to the disadvantage of parties used to reading Harrisburg and Philadelphia news: also, church papers and Farmer's Friend. In short words, it throws our mail from two to three days later either way, and unless the route is changed soon between Logansville and Millhelm earnest protests will be filled against the new change.

The music rendered was mostly of the anthems. Some of the most difficult music was so well rendered that the performance would have done credit to the masters in the Fatherland.

Professors T. M. Carter, of Milflinburg, Wm. Moyer, of the Free-burg Musical College, J. A. Feehrer, of Selinsgrove, and a number of prominent teachers and singers, were present. The Freeburg Silver Cornet Band, the Aaronsburg Or chestra, Mr. B. F. Kister and Mr. Howard Acker, Piccolo players, al-

An invention all frugal wives will appreciate—in fact, an article that even rivals the sewing machine in usefullness—is now on exhibition at the Broadway tore of the Wilson Sewing Machine Comly simple that it can scarcely be classed as an invention, and a wonder to everybody that it was not discovered years ago. The invention consists in a very simple little attachment of the Wilson shuttle sewing machine for darning all kinds of rips, tears, worn-out places, etc., in clothing, table and bed lines, stockings, underwear etc., in the same manner that it is done by hand, and leaves the repaired part scarcely discernable. The operator of the sewing machine can darn a large-fized hole in a bed sheet or table cloth almost instantaneously. It is to be regretted, however, that this wonderful invention is patented and owned by the Wilson Sewing Machine Company, of Chicaga, Ill., who will not permit its use except with one of its make of sewing machines, which the Company's manager states, is furnished with each of the Wilson Shuttle machines without extra price.
