REPORT OF ELK CREEK SCHOOL. FOR MONTH ENDING March 25th, 1878.-No. enrolled -47. No. in attendance-31. Per cent. of attendance during mouth-84. Per cent. of attendance during term -7). Samuel Bahm, Edward Dutwiler and Sallie Bahm were present every day during the morth.

The term just closed has been a pleasant one for the teacher, and it is thought a profitable one for the school. Mistakes may have occurred-most likely did occur; such however to an extent are unavoidable. I am sorry to confess that some pupils did not make the progress they should have made, but upon examination it will be seen that they found it impossible to attend regularly, or were not supplied with necessary books. The school deserves great commendation for the excellent conduct during the term. I take this method of thanking the parents and residents for many acts of kindness, and assure them that I leave the school and district with regret, and with the kindest feeling for all

The erection of a new house in the district is absolutely necessary, to accommodate the residents near Coburn. The distance to the present one is too great, and the road at times is almost impassible. The subject is respectfully submitted to the consideration of the school J. R. VANORMER,

> On Sunday morning at about clock, the cry of fire was sounded through town. Bells ringing and men running down Wallace street soon brought us to the scene of conflagration. The new store house of T. S. Bell (not occupied) was all in flames on the secend floor, the roof already caving in. It was at once apparent that the building could not be saved, and it was totally destroyed save a few windows and a deer. How the fire originated is yet a mystery. When first seen it lamp, but in a short time it proved whether there is even a ladder in town that would be of any account at such a time.
