A GOOD MOVE. - The school di-rectors of Union county recently held a county convention and fixed upon a uniform series of school books for the whole county. They had at a prior meeting appointed committees to examine and report on this matter, so that their action is not hasty or hap-hazard. Of course a county convention of school directors can not compel, but only recommend the adoption of particular text book. It is the legal right of every township in this matter, through its proper board to do as it deems best. A uniform sett of

school books for a whole county however, is a matter so desirable for an extensive experience in the hotel-business, while Maj. D. J. Benner, the efficient clerk, knows just how ple of the county every year. Ten-

## HON. C. A. MAYER.

The Democracy of Clinton county held their convention the other Tuesday and unanimously nominated Judge Mayer for re-election as President Judge of the 25th judictal district, composed of Clinton, Cen-tre and Clearfield counties. This county practically settles the judgship question in our district for the next term, and it is well settled.

C. S. McCormick. a prominent lawyer of Lock Haven had very warmly contested the position with the Judge, and a more thorough canvass had never before been made in Clinton county ; but when the convention met it was found that every delegate but four, were for Judge Mayer. Mr. McCormick withdrew before a ballot was had, and so the Judge's nomination was made unanimous.

Whether the Republicans will run candidate against Mr. Mayer has ot yet transpired, but whether they lo or not makes no real difference in of the able and efficient judge must be retained. His re-election is de-
