PERTINENT AND POINTED.

The Harrisburg Patriot makes some sound suggestions for Demo-crats to think about as follows: "The Democratic campaign begins about three months before the election and closes with the closing of the polls. The Republican campaign is prosecuted, through partisan publications, the whole year round. Almost every post office has its club of subscribers to some city journal in addition to the circulation of the local Republican pais those who are active in political campaigns-do not seem to recognize the importance of educating public sentiment through the disfact. Now, if the Democratic party is to recover power in the Northern States, it must meet its adversary in the field of newspaper literature.-Wherever the New York Tribune and kindred sheets sow the tares of political error and falsehood, there the seed of Democratic truth must be more thickly planted and more assiduously cultivated, through the agency of the Democratic press. And just here let it be remarked that there never was so propitious a time for the circulation of Democratic newspapers as now, when hundreds of thousands of voters in the Northern States have detached themselves from the Republican party and are doing their own thinking. Now is the time to argue the Democratic cause to this yast audience.

"JUST AS WE EXPECTED."

Wheever had been silly enough to believe, ever since the election last fall, that any other man than Don Cameron could be elected United States Senator from Pennsylvania, will have the verdant notion dispelled by this time. The election for Senator in Harrisburg last week proves, if any such thing were at all necessary, that the Cameron dynasty own the state of Pennsylvania, politically speaking, just as fully and completely as if they had a deed in fee simple for the same. Don will be U. S. Senator for Pennsylvania for the next six years from the fourth of March next, although there are at least several thousand Republicans in the state, incomparable better fitted, both by nature and education, to represent our dold state on the floor of the U. S. Senate. There is not even a streak of statesman in him, and to call him such would simply be first class libel. That he in any sense "represents" the people or the state is an idea entirely too "thin" for a moment to be entertained. The exact truth of the matter is that he will occupy the seat for the term, draw the salary, take care of his friends and punish his enemies. He and his satelites will of course continue to control the politics of Pennsylvania, if they can, and the great mass of Republicans will be happy to know themselves his vassals and serfs, while the better thinking portion of the party are heartily ash omed of the whole pusiness.

Ic is a relief to know that Pennsvlvania has one Senator-the Hon. A. Wallace-who is an honor to the Democratic party as well as to the state. One who represents as with masterly ability, and whose reputation is a matter of pride to every citizens in the state.

ACCIDENTAL.

"By an accident of time you have on the same day witnessed the inauguration of a Governor and the election of a Senator to represent you in the Congress of the United States."

Thus did Don Cameron put these big events of history to the rabble that gathered at his residence just after his election, in order to have a good time. He should have added in order to make the "accident" appear a little bigger and more complete-"And by the same accident of time you see on the same day, the most splendid, the most gorgeous and expensive inauguration ever witnessed in Pennsylvania, and more people suffering for bread than | merrier. at any other time since Columbus crossed the ocean."

THE MILLHEIM BUILDING & LOAN ASSOCIATION.

This institution has just closed its fourth business year and the annual report will be issued and sent to the stockholders in a few days. What it will be we can not exactly predict, but are entirely safe to assume that it will not only show a thoroughly sound condition financially, but also that very fair profits have been realized to the stockholders.

Of the design and general utility of building associations it ought not now be necessery to speak. intent and scope are pretty well understood by the public, more particularly by such as are members. While they afford an excellent means to invest small savings safely and profitably, they very often step in and give timely relief to those who would have no other possible source We just know that the M. of help. We just know that the M. B. & L. A. has helped men out of financial embarrassments who had no other source of help whatever. The fifth series of stock is now open and subscriptions will be received at any time until next meeting, Feb. 10th, by the Secretary, A. Walter, or by any one of the Di-

Letter from Lewisburg.

set forth. Some spirited discussions have taken place between the speakers and person in the audience. On one occasion the speaker, being greatly harassed by counter arguments, became so enthusiastic over his subject that he leaped upon a desk in front of the platform, and from that exalted position continued to harrangue his hearers in the most volible and demonstrative style, but all to no avail. The farmers of Kelly do not take kindly to the principles of the order, and no amount of argument will convince them of the propriety of crushing middlemen, opposing merchants and controlling rail roads.

Union county boasts of the fact that she has had confined within her prison walls, for a few weeks only but one convict during this winter, and he was from another county. This certainly indicates a high standard of morality, or a lack of official vigilance. Which?

MR. EDITOR: - Did you ever know that the Lutherans of Penns Creek congregation are the trickiest pers. In this way the perversion of popular opinion to the fallacies and false pretenses of the Republican party is constantly going on. On the other hand the active workers in the Democratic organization—that the community, that the guilty perpetrators be made feel the force of public opinion for their conduct.

Some of their general trickery may be described thus: They have semination of Democratic newspa- a sincere attatchment and love for pers. How do you think, Mr. Editor, they can answer for all this at the great day?

Again, they pay up their part of the stipulated salary regularly every year. They do this, of course, just to show themselves before the world and that they may thank God that they are not as other people. What a proud, haughty set they are. But, Mr. Editor, that is not all

nor the worst. Not content to exercise a general spirit of mischief, they go to special pains to aggravate their conduct toward their pastor. Only last week they went to work and gathered together a lot of things -good to eat and good to wear-to the amount of at least \$25, brought it here to Aaronsburg, and actually compelled Mr. Tomlinson to take it from their hands as a donation.

Awful! Somebody ought to speak to these men. They should not be permitted to carry on things thus high-handed. Don't you think, Mr. Editor, they should be taught some little respect for the rights and feelings of their poor pastor? Circumbendibus.

The attention of our readers is called to the adv't in another column of Dr. SLO-CUM of 181 Pearl St., New York, who claims to manufacture the only sure cure for that dreadful disease, Consemption.
