'The attention of Directors is called to section LXII of the schoollaws, which requires every School Board in the State to adopt a series of text-books every year, during vacation, which books and no others can be used during the ensuing year. This is intended to fix a uniform course of study for the schools

of each district. Section LXIII provides that School Directors shall not cause any change to be made in any text-book oft-ener than once in three years; that is, when a change has been made in any pranch or study. No change can be made again in the same branch until after it has been used

The Democratic County Convention of linton county last summer passed the following pertinent resolution. It would be well if some other counties—including Centre—would imitate the example of Clinton. Much of the electioneering powders is simply disgraceful in now done is simply disgraceful in many ways not necessary just now

Resolved, That whereas traveling the county by candidates seeking the nominations of the Democratic party has been carried to such extent that it has become an evil and brings reproach upon the party, we, as representatives of the Democracy of Clinton, do emphatically condemm and dis countenance it, and urge upon the voters to put their face against it, and insist upon candidates simply announcing their names and leaving the discussion of their respective qualifications to the people unpressed by personal solicitations.

The "glorious fourth" passed off very quietly, as usual, in Millheim. Nothing was done to herald the advent of the anniversary of our natiany we eyer saw.

The reasons why Deininger & Musser, of the MILLHEIM MARBLE Works give such universal satisfaction with their work is, because they use good marble, sell cheap and have an established reputation for integrity and honesty. They make it a point not to misrepresent any kind or grade of marble, but sell exactly for what the article is. No is gone, but not entirely without note. It was quiet here but not actly for what the article is. No

We are pleased to notice that the New Reaper manufactured by the Slifer, Walls & Shriner Mfg. Co. has already won an important place among the farming implements of the country. At every trial thus far it has been the favorite machine. A few weeks since it was placed side by side with the Champion and other machines at a trial at Richmond, Virginia, when it was universally acknowledged to be the best machine. At a trial at Baltimore, known as one of the most valuable Md., two weeks ago it also proved the superior machine. ACCIDENT,—On the evening of the 4th a son of Mr. John Ewing, residing at Centre Mills, fell from a cherry tree so severely as to cause concussion of the brain. His case is a serious one.

ANOTHER ACCIDENT. - Last Thursday while helping to make hay on Wm. Wert's farm, Mr. Benjamin Weiser had an accident that came very near being serious. Ben was on the wagon loading the hay, and in passing along a rather steep hill the wagon upset, seeing which Ben jumped, but the falling wagon gave him such an awkward start, that he landed between the horses on his head. He was immediately rescued from his perilous position, but was much hurt, especially in the neck. His case was serious for a while, but he is now mending. Hope he may soon be fully restored.

RUN OFF.-Monday the 30th, ult, Mr. George Ulrich, the express agent, had a run off right here in town. The horse took fright at a little dog that ran out into the street, and made off at a frightful speed. Matters appeared desperate for a while, but George succeeded in getting the horse checked and finally, stopped in front of Mr. D. A. Musser's. The onal birth day. In the evening there was a display of fire works as fine as lot of kindling wood.

ANOTHER.—On the same day a party of four—that is, Dr. Mingle, B. F. Miller, the horse, and wagon, making four in all, went out the road toward Aaronsburg for a load of ground. The advance was made in good order, but the return, retreat we mean, was absolutely disgraceful. First came the horse, then the Doctor, supported by Frank. But the wagon hasn't been heard of since. Guess it is still running.

STILL ANOTHER .- Last Saturday a young man by name of Motz while on his way home, from Millheim to Woodward, was overtaken by Mr. which the horse of the latter frightened and ran off. Mr. Motz had two ladies on the wagon, but fortunately all escaped without serious injury. The wagon was broken into fragments.
