as a German paper. No inference could be plainer. Placed at such a great disadvantage

in relation to all the other papers of the county, we had no choice but to quit one or the other language, and so we have concluded to quit the German.

It is with unfeigned regret that we bid farewell to a language that for obvious reasons is so dear to us. It may be neither fashionable nor popular to say so, but we do most strongly and decidedly declare that we are Germanby birth, instinct and education, and that if we can not retain the language we will try to remain true to the genius and spirit of our fathers.

We have no desire and are in no mood to discuss the extraordinary decision of Judge Orvis, and the circumstances that hang around and about the matter. We may have oceasion to refer to them again. For the present we have said all we intended to say, and will July add that THE MILLHEIM JOURNAL has come to stay of which all concerned or not concerned will please

take notice.

dollars, except in cases of real contract where the title to lands or tenements may come in question, or action upon the promise of marriage.

To our old German friends we would say, don't give up the JOURNAL. It will seem like parting with an old friend if you do. There are but few families in which there is not some one that can read English. Your children can read the paper for you if you can not do so yourself any longer. Besides the price has been reduced to one dollar. Stick to the JOURNAL, and we will do our level best to give you more than the worth of your money.
