

Local Department.

—Notice the changed Time Table of the Philadelphia and Erie Railroad, in another column.

—Apples are brought to town and sold for forty cents a bushel. Wish we had money—or apples.

—This section had copious and truly reasonable rains last week, and we can now rest assured of full corn and potato-crops, if nothing special happens there.

—Peaches and melons have made their appearance at Tomlinson's Grocery, but they hang much too high for us. Well, guess they ain't very good anyhow. Too sour, likely.

—The Grasshoppers are doing much damage along the Ridge, in Nittany valley. Many fields of young clover have been entirely cleaned off.

—SALONA, a town in Clinton county, is probably three hundred inhabitants, has four resident doctors. Their names are Holloway, Burrell, Ball and Hall.

—CAMP MEETINGS.—West Branch Camp meets August 19th, Pine Station August 24th, Sugar Valley August 14th, Clintonville August 21st.

—A grove meeting, by the Evangelical Church, commenced at Pleasant Gap, yesterday, and will continue one week.

—LARGE EGGS.—Mr. Adam Zerby, of Penns Creek, brought an egg to our office last week measuring eight inches in circumference. It is the product of a Black Spanish hen. Never been laid larger egg we would like to know.

—We send this week's paper to many of our friends in various parts of the country, for examination. Look at it, read it and if you like it, as we feel sure you will, send us a dollar, by return mail, for a year's subscription.

—The picnic of the Reformed Sunday School of Aaronsburg will take place in Stover's grove, same place where it was last year, next Saturday. The school will proceed to the grounds at about 8 o'clock. The Millheim Cornet Band will be present on the occasion.

—Every act has its motive, everything its reason. Now the reasons that the Millheim Marble Works do such a good trade are that they give a better monument or headstone for the same money than any other establishment of the kind in this part of the state. This is not a mere play of words, an ipse dixit, but an absolute fact.

—THE COMMENCEMENT exercises of the Central Normal School at Lock Haven took place, Thursday the 17th inst. The graduating class numbered 28, among whom was but a single one from Centre county, Mr. L. A. Shaffer, of Nittany Hall. It seems very strange that the teachers of Centre county don't patronize this institution better. What's the matter?

—On Wednesday of last week a daughter of Mr. Elias Musser, who stays with Mrs. Christopher Moyer, above the toll gate, was doing some work at a grape vine; standing on a chair while so doing. When done she jumped from the chair to the ground, back yards, and with her bare feet into an iron rake that was lying just behind her. Two of the rake's teeth entered her foot, passing nearly through. The wound is an ugly one and may cause trouble.

—SEVERE AFFLICTION.—The family of Mr. Levi Burd, residing about two miles below Aaronsburg, has been very sorely afflicted for some time past with typhoid fever. At this time five of the six members of the family are stricken down with the dread disease. Mr. Burd being the only one up. Mrs. Burd, two sons and two daughters are all down and bedfast—three of them being serious cases. The family deserves the aid and sympathy of the neighborhood, and no doubt they have them.

—IMPROVEMENTS.—John Royer has started a new house near Peter's saw mill. John can make a house himself more nearly out and than any man we know. E. B. Hartman is tearing down the black, unsightly old smithy near the foundry, to make room for a new house for John. Jonathan Harter has just finished putting in the curbstone for a side walk along his entire front. Yoney will make a good one, you bet. A. C. Musser is building an addition—commonly called shanty—to the rear of his house, and last (possibly least), Dr. Mingle actually talks of getting a new pump and getting the house painted. Bravo, Doctor, go in.

—Lewisburg is thoroughly shaken up over the matter that the school board recently dismissed a lady teacher who for eight successive years had very acceptably taught one of the intermediate schools. The reason the board gives for its singular action is that said teacher is not a resident of Lewisburg. The action of the board is strongly criticized and a number of correspondents go for them roughly in the papers. One of them, Senex, in last week's Chronicle thinks "there are other qualifications necessary for being a good school director besides being a good judge of rye whisky—or of the fine points of a bull calf." Hit 'em again, Senex.

—Chew Jackson's Best Sweet Navy Tobacco.

—Clean up your alleys or the High-Constable will be after you with a sharp stick. Read the notice.

—The lock up is nearly complete, and now the less occasion we have for its use, the better. We will try hard to keep out of it.

—Jacob Sankey's horse isn't worth one cent any more. He quit breathing and that destroyed his usefulness completely. It's a mackerel fact.

—The dog days have commenced, some chap reminds us. Before being told we didn't perceive the difference. Guess it's because we have dog days all the year round.

—The Millheim Turnpike Company has a heavy force of workmen on their new pike and it is rapidly approaching completion. Push it through, gentlemen.

—MR. GUST N. PUBLIC has the honor of having built the first side walk on the new part of Penn Street. Wish the council would compel 'ts to make one too.

—Michael and Noah Stover, trustees, will offer some valuable real estate for sale, situate in Haines township, on Saturday, August 23, next. See notice and posters.

—We haven't got the slightest disposition to brag, for that sort of thing would go entirely against our modest grain—but really, don't you think the JOURNAL is now about the neatest, raciest, and for its size and price, altogether the best paper in a radius of—well, we won't be too exact in drawing lines lest some fellow might get his Dutch up for being excluded, and go for us.

—The wheat crop—a good one—has been gathered, and with many others, we think it a good time to agitate the holding of a Harvest Home Picnic somewhere in this county—some point convenient to the people of Centre county, who are so numerous, are very anxious to visit us on an occasion of this kind. What say the farmers of the valley? Do you favor the idea? If so, let us hear from you. Our columns are open for any suggestions on the subject.—Millheim Telegraph.

—That's right, brother Schoch, we are in for an excursion; and the "see" as here used means about 2000 people!

—The new machine of the Central Mfg. Co., the Dates Harvester, was tested Monday, in a field of oats belonging to James Biehl in Buffalo. The test was for the purpose of ascertaining the amount of draft it required. A dynamometer was attached for the purpose which indicated an average draft of 250 pounds. This is much lighter draft than is required by any other harvester to our knowledge.—Lewisburg Chronicle.

—NOTICE is hereby given that all persons occupying premises in Millheim are requested to clean the alleys in the rear of their lots, of all rubbish, compost, manure, stones, wood, timber or any other matter or thing constituting an obstruction or nuisance, within ten days from this notice. On failure to comply with this notice the said alleys will be cleaned by the borough authorities at the cost of those concerned.

—The JOURNAL Book Store has just received a nice lot of goods that are sold not only as cheap but cheaper than can be bought anywhere in Pennsylvania or New Jersey. Fine Family Bibles, Pocket Bibles, Photograph Albums, Autograph Albums, Splendid Paper Boxes, Knitting Cotton, Blank Books, Hyman Books, Java Canvases, Zephyrs, Germantown Wool, Flirt Fans, Velvet Photograph Frames, Chrodies, Sunday School Reward Cards, Motto Frames, Mottoes, Games, Paper, Ink, Pens and Pencils in great variety, and many other things that cannot be stated.

—PERSONAL.—Mrs. John L. Nogle, of Philadelphia, daughter of Ex-Sheriff W. L. Musser, is home on a visit to her parents. City life seems to agree with Aggie—she looks well.

—PROF. W. T. MEYER, who was "home" for several weeks past thinks his vacation is about up and talks of going back to Clarion to resume his do, re, mi, fa, sol, la, si, do. It must be real lonely for Will out there.

—George W. W. Shunk, for the last six years a pupil in the Loysville Orphan Home, is back to stay. School over, George—work begins.

—Geo. W. Stover, of Penn's Creek, has been confined to his bed by sickness for the last three weeks. Hope he may soon recover.

—Mrs. John D. Foote has been seriously ill for some weeks past, without any immediate prospect for the better. She has the sympathy of the community.

—TRIBUTE OF RESPECT.—The following preamble and resolutions were passed on Sunday the 27th inst., by the George's Valley Union Sunday School, in relation to the recent tragic death of Michael Hettinger:

—Whereas, an all-wise Providence has removed from our midst, Michael Hettinger, our brother and co-worker in the church and Sunday school, who for 25 years was a member of the Lutheran church, and for 24 years a teacher or Superintendent of the Sabbath school—always faithful to the end, therefore;

HARVEST HOME PICNIC.

Just as we go to press we receive the gratifying information that the GRAND HARVEST HOME PICNIC of Union county will come off, Wednesday August 20th, in the same grove where it was held two years ago. This is what was concluded upon at a public meeting held at Lewisburg on Tuesday. In selecting the place special reference was had to the convenience of the people of Penns and Brush Valleys, as excursion trains will be run for their accommodation.

Details will be arranged and announced in due time.

A VALUABLE MEDICINE.

Buchu in various forms has for many years been one of the chief articles in the Materia Medica for the treatment of certain diseases, among which are chiefly those affecting the urinary, digestive, and circulatory organs. The difficulty that was long experienced in obtaining a preparation of this valuable drug that could always be relied upon for uniformity in strength and absolute purity led to the introduction of Helmbold's Extract of Buchu, which for the last quarter of a century has been extensively used both by physicians and in house and family practice, and with very gratifying success. This medicine, like every other valuable thing has been extensively imitated, and those who have used it will do well to see that they obtain the genuine "Helmbold Buchu," the only pure and reliable preparation.

SPRING MILLS ITEMS.

The String Band has reorganized and now numbers seven members. Now look out for first class music.

John Coldren, the boss contractor of this section, has commenced the new school house, above Spring Mills. It is to be supplied with the celebrated desks manufactured by Nesbit Bro's, East Lewisburg.

A man from Potter's Mills, whose name we did not learn, came to this place and bought a new carriage for \$250. On his way home, at Cooperstown, a lad jumped over the fence, which caused his horses to shy and run off, throwing out the man and tearing the top off the carriage. The man escaped without a scratch. Happily the damage is not very great.

Mr. C. C. Cummings, salesman for Wright & Co's, boot and shoe house, Philadelphia, is here with Mr. Grenoble. Always one girl happy in town when he is here. Well, he is a clever fellow and we all like him.

We are all anxious to see the new English Journal, and hope, Mr. Editor, you may be successful with it.

News Miscellany.

Pennsylvania's postage, last year, amounted to \$10,000,000.

SHOCKING ACCIDENT ON AN OHIO FARM.—While a farmer named Bath was hauling a load of hay yesterday from a field to his barn on his farm, near the Seven-mile House, east of this city, two of his children fell under the wagon and were run over, one of them being instantly killed and the other perhaps fatally injured.—Cincinnati Commercial.

FATAL ACCIDENT.—Walter Craohier, a lad of eleven years, was killed in a singular manner at Osceola, Clearfield county, during the late storm. He was gathering huckleberries, when a large dead hemlock tree was suddenly hurled across the road, striking Walter and breaking every bone in his body.

FROM MEMPHIS.—An exchange says a number of fugitives from Memphis have already arrived in Clearfield and Centre counties. Two ladies reached Eagleville where their presence created much alarm.

A SPENDTHRIFT.—About a year ago a young man named Charles H. Stilly, who had inherited \$20,000, caused a sensation in Reading by his lavish expenditure of money. He was accompanied by several hangers on in that city, who helped him to spend it. On the 10th he passed through Potstown as a tramp, with his clothing ragged and greasy, being utterly penniless. He has no trade and does not choose to work.

STATE ELECTIONS.—The first State election this year will be that of Kentucky, on August 4th. The others come in order as follows: California, September 3d, state and judicial officers, four Congressmen and Legislature; Ohio and Iowa, October 7th, state officers in part and Legislature; Maryland, Massachusetts, Minnesota, Mississippi, New Jersey, New York, Pennsylvania, Virginia and Wisconsin, November 3d. Governors are elected in all the states named except Mississippi, New Jersey, Pennsylvania and Wisconsin.

SHOT IN JAIL.—Quincy, Ill., July 21.—A band of determined men entered the jail where Frank Hobbs, colored, was confined, on a charge of criminal assaulting and nearly killing Mrs. Ferguson, at Reading, Pike county, and shot him dead and dragged his body, riddled with bullets, through the streets. His victim had identified him.

THE WAY OF THE TRANSGRESSOR.—"Verily the way of the transgressor is hard," and Peter Herdic is beginning to realize the truth of this. He is under bail to appear at Lancaster on charges of fraud, and at Bellefonte and Williamsport for crookedness in connection with Horace Taylor, and to cap the climax he has been indicted in Chemung county, New York, and a requisition issued to take him there for trial for fraud. Peter has plenty of trouble ahead, and it seems as if it is likely to be made very warm for him.—Banner.

An extensive establishment for the manufacture of builder's hardware is to be built at Scranton.

DIED IN HIS 101st YEAR.—Cleveland, July 23.—Gen. Donald McLeod, a veteran of Waterloo, died at his residence in this city last night, aged 100 years, 6 months, and 23 days.

KILLED BY LIGHTNING.—Smith Falls, Ont., July 23.—A terrific thunder storm passed over this place to-day. A farmer, Geo. Davis, was struck by lightning and instantly killed.

ACCIDENTAL SHOOTING.—The Emporium Independent says George F. Smith, aged 23, employed by Crowley Run, a tributary of the Portage, went out to watch a deer lick on the 6th inst. and accidentally shot himself. He was found dead in the woods when they went to hunt for him.

A LIST-ON FOR BOYS.—At Elkland, Pa., on the 18th inst., four boys, about thirteen years old, filled a piece of tubing a foot and a half in length with gunpowder, and then lighted it. The explosion which followed put out the eyes, tore away one cheek and part of the jaw of Frank Whitaker, son of the miller at Elkland, and he died at 9 o'clock that night.

A CITY CARRIED ON CAMELS.—The whole city of Cairo in Egypt was carried to its place on the backs of camels. Not in one parcel, of course, but bit by bit. Every piece of stone for building, and all the wood and other things for the same purpose, all the furniture, all the food for all the people, in fact—came in camel loads! This was in the year 1869. Now there is a steam railroad running into the city from the great seaport of Alexandria; and horses also are in use, though only for pleasure carriages.—St. Nicholas.

As Mrs. E. J. Eldred, who resides at foot of Pine, Barclay, was engaged in washing just below the dam of the Schroer Land Company a few days since, she saw a large fish in the creek, and at once formed her plan to capture him. She sent her daughter below to prevent the fish running down stream, herself going above. Getting as near to the fish as possible, she threw a stone striking it with such force, the water being low, as to disable it and she captured it. It proved to be a pike, two feet and three-quarter inches in length and weighing three and three-quarter pounds.

A SNAKE JUMPING ON A TRAIN OF CARS.—As a construction train on the Boston and New York Air Line Road was going through "Link Pot" cut, just east of East Hampton Conn., last Monday, a blacksnake five feet long came crawling down the rocks from above and jumped into the tender of the locomotive where five or six men were riding. At first there was a good deal of fright, but the reptile was quickly dispatched.—N. Y. Evening Post.

MARRIED.

On the 29th ult., at Aaronsburg, by Frank Dutweiler, Esq., Mr. Emanuel Kote, and Miss Amanda Reiter, both of Haines township.

On the 17th inst., at Lewisburg, by Rev. D. S. Moore, D. D., John C. Guterman with Miss Mary J. Young, both of Lewisburg.

On the 24th inst., at Aaronsburg, by Rev. J. C. Stricker, D. D., John C. Guterman with Miss Mary J. Young, both of Aaronsburg, Pa.
