

Local Department.

—Chew Jackson's Best Sweet Navy Tobacco. 47-ly
—The Building & Loan Association meets on Monday evening next. Don't you forget it.
—Hog cholera has broken out at Alenwood, Union county. A number of porkers have already died.
—D. L. Zerby opened a select school in the North street school house, on Monday.
—Ye swimmers, read notice to trespassers and "govern yourselves accordingly."
—It must have been warm on Saturday, for we heard an indefinite but large number of people say so.
—Wills Musser must be making money fast by carrying freight. His back is loaded down to groaning almost every day.
—The Squirrel hunting season begins Sept. 1st, and ends Dec. 31st. The penalty for shooting out of season is \$5. for each offence.
—The Evangelical camp meeting of Buffalo circuit will be held on the land of Wm. Smith, near Millmont, commencing to-day.
—The biggest black bass caught at Lewisburg this season weighed two pounds and fifteen ounces. That was a whopper.
—The Bush House had one hundred and forty three arrivals last week. This proves the popularity of this well known Hotel.
—B. F. Kister has his card in another Column promising to make your boots and shoes just fully as well and as cheap as anybody else in these districts. Give Frank a chance: Try him.
—Clinton county this fall elects a Prothonotary, Register & Recorder, Coroner and Jury Commissioner. Guess we have nothing at all to elect in Centre county.
—Neighbor John D. Foote is just recovering from rather a severe attack of the spirit of improvement. He is considered out of danger again. Hope he may soon be restored to his usual good health.
—Lewisburg is to have a big circus and menagerie, to-morrow. It is only called W. W. Cole's Famous New York and New Orleans Circus. Museum Menagerie and Congress of Living Wonders.
—Any one of our readers having yet in possession the number of the JOURNAL containing the obituary notice of Gen. Buchanan would do us a favor by returning it to us as we have a call for it which we cannot supply.
—Elias Lose & Son are the successful bidders for repairing the school house. They get \$96. Gephart & Musser have the contract for furnishing the coal for the school houses in town, for the sum of \$45.
—John Hartman has broken ground for his new house on Penn street which the old man is going to erect for him. Better hurry up, John, or the grim winter season will overtake you and then look out for cold fingers.
—ERRATUM.—Last week we announced that the Union county Harvest Home would take place Wednesday the 20th of August, instead, which we now correct by stating that Thursday, the 21st, is the day fixed upon. We had been misinformed.
—Two new side walks this week—and good ones too. D. L. Zerby made the one and W. R. Henry the other. Still room for more. Proceed.
—LATER.—Two more. A. A. Frank's and Wm. Kerstetter's. Two and two are four, and four more would be eight. Not so?
—I. O. O. F.—The Grand Officers of the State Grand Lodge of Odd Fellows will visit Renovo on the 28th of August, Lock Haven on the 29, and Bellefonte the 30th, holding sessions in the afternoon and evening to admit Past Grand and illustrate the unwritten work.
—Every act has its motive, everything its reason. Now the reasons that the Millheim Marble Works do such a good trade is that they give a better monument or headstone for the same money than any other establishment of the kind in this part of the state. This is not a mere play of words, an ipsa dixit, but an absolute fact.
—A Watsontown correspondent of the Sunbury Democrat says: John McFarland, of the steam grist mill, bought of a poor farmer of Buffalo Valley, Union county, his last year's wheat crop, some 1,500 bushel, which on last Thursday and Friday delivered the same at the mill with six or seven of his four-horse teams, belonging to his three farms.
—While taking the preacher's horse home the other evening we noticed that President Knarr has about the finest lot of plums we have seen these many years. The matter has thrown us into a brown study ever since. Frank gets really more plums than one man ought to have as the times are, but how to get our share is what bothers us. Every plan that has yet suggested itself would be attended with some risk. Guess the most practical and direct way to settle the matter would be for Frank to bring them down. Yes, that will do.

—Rev. James J. Wilson, of New York City, son of Peter Wilson, Esq., of Spring Mills, preached in the M. E. Church, Millheim, on Sunday evening. This is the first time Mr. Wilson ever preached here, although he has preached almost everywhere else in the neighborhood. His sermon was beautifully plain, eminently practical and pointed. The audience was very attentive and impressive for good no doubt were made, which we hope may prove lasting.
—Do you understand the meaning of the word "clever fellow?" There are no less than about twenty different definitions of the term, and to enumerate the one half of them would take up too much time and space. But we can give you a real live active, specimen of what is a clever fellow. At your first leisure please call on Mr. J. W. Frey, at Coburn and tell him to his face "Thankart the man." Mr. Frey is exactly the right man in the precise right place. By his obliging ways he has already endeared himself to the people of this neighborhood. Hope he may long continue the agent at Coburn.
—To our dear friends who have lots of apples, pears, peaches or plums we would kindly suggest several points, if not exactly for their spiritual, then at least for their moral good. First they should consider that poor printers are just as fond of nice things, especially of fruit, as anybody. Then they should have a tender regard for the fact that they (the poor printers, of course) seldom if ever, have any loose vegetable about them; and lastly they (i. e. the other side of the house) should never forget the divine admonition—"It is more blessed to give than to receive." If these points were duly heeded, oh, how happy we would be for a season.
—PROCEEDINGS OF COUNCIL.—Council met on Tuesday evening. Present: Knarr, Mauck, Gutelius, Campbell, Harter and Henney. Minutes of last meeting read and approved. On motion of Mr. Gutelius the Treasurer's bond was fixed at \$500. On motion of Mr. Mauck it was agreed that parties be allowed to construct crossings at their alleys, and provided such crossings are not made by private parties, those having made the same shall be allowed a reasonable compensation.
On motion the secretary's salary was fixed at \$25. The collector shall receive five per cent. on all taxes collected. The treasurer shall receive one per cent. J. H. REIFSNYDER, Secretary.
—On last Saturday Col. Eli Slifer and Hon. W. C. Duncan came up from Lewisburg to confer with some of our citizens regarding the feasibility of a grand excursion to Lewisburg on the occasion of the Harvest Home of Union county, Thursday August 21st. At Coburn the party there present was invited to pass on to Spring Mills and the invitation was cheerfully accepted. A full and free expression of opinion was had, and every one present seemed to think that an excursion on the occasion referred to would prove a big success. Messrs. Slifer and Duncan were much pleased with the impressions received and agreed that they would themselves go to Williamsport, on Monday, the 4th, to negotiate and arrange the details of an excursion. The meeting passed off pleasantly and to the entire satisfaction of all present. The matter is placed into the hands of an efficient local committee here, who no doubt will labor faithfully to make it a success.
The following are the names of the persons who were present: Col. Eli Slifer, Hon. W. C. Duncan, Lewisburg; James P. Coburn, Aaronburg; D. A. Musser, Frank Knarr, J. D. Foote, B. O. Deininger, F. P. Musser, Hon. W. K. Alexander, Millheim; Hon. Samuel Frank, C. L. Granly, Daniel Brungard, Titus A. Gramly, Rebersburg; R. H. Duncan, Wm. F. Rarick, M. L. Rishel, James C. McClintick, W. H. Bartholomew, George Kornman, Peter Wilson and others, Spring Mills.
—PERSONAL.—A. B. S. Harter dropped in to see us on Monday. His reports to Brush Valley all O. K., and himself ready for business any time. Well Al's a good auctioneer, and there's no getting around that fact.
Mr. A. J. Campbell is pretty well over the results of a bad fall he had from a tree in the early part of the summer. He is again able to do a little work.
Mr. S. A. McQuestion, of Bellefonte, called in to see us last week. He is a pleasant, affable gentleman, a good Democrat and a full sized man generally. What Mr. McQuestion don't know about the carriage and buggy business isn't worth knowing.
On Saturday the extenuated but graceful form of our friend C. L. Gramly reported at our headquarters. Ceph'e is a clever fellow notwithstanding his extreme length. He has a large school and reports teaching No. 1 at Rebersburg.
Hon. J. P. Gephart was in town last week. Jay Pee has a kind, pleasant word for all his old friends here, and that means about every body.
Rev. James J. Wilson, Pastor of Central Presbyterian Church, New York City, has for some time been rusticating in that pleasantest of all rural villages—Spring Mills.
W. H. B. Eisenhuth and James M. Gephart, two of our young teachers, left on Monday morning to attend school at Rebersburg.
Mr. Daniel Hoffman and lady, of Hazleton, have been here for several days past on a visit to their uncle, Jacob Eisenhuth, Esq.

MR. EDITOR:
If you do not already know it I might as well inform you that on Saturday last a number of us young ladies and gentlemen, of Millheim, had just the nicest little fishing excursion out. We had a very happy, enjoyable time, and the pleasant day will long be remembered by all present. Our party consisted of the following persons: Ladies—Alta Eisenhuth, Salina Gephart, Hattie T. Lauch, Joanna H. Deininger, Mary E. Mauck, Emma J. Ulrich, Rosie Keen, Mrs. Lizzie Hoffman; Gentlemen—W. H. B. Eisenhuth, Daniel Hoffman, J. W. Stover, P. H. Musser, Frank Weiser, Milton Jamison.
Our good looking, happy party—for we were both good looking and happy—left town at 10 o'clock in the morning for Beaver Dam tunnel, where we arrived in good time. Having dismounted from our wagon we at once proceeded to that fashionable and exhilarating pastime—fishing. But it seemed as if the fish had just held a meeting before our coming and resolved just to tease and fool us. They wouldn't at all be caught, just when we mist wished to catch them. Still, they were more partial to some of our party than others. Miss P. crossed to allow themselves to be caught, and Miss L. had four, while the balance of the party, twelve in number, caught four—making an average of one third of a fish to each one.
But we had other pleasures and sports, such as playing Crook K and other games. The time did not at all hang heavily. The day passed only too quickly for us.
Late in the afternoon we wended our way homeward, with much more industry, and pleasure to overflowing with the fun and pleasures of the occasion. DOUBLE YOU.
AARONSBURG REFORMED SUNDAY SCHOOL PICNIC.
Last Saturday morning dawned as bright as picnic goes could wish, and adults as well as little folks, as soon as the morning had sufficiently advanced, wended their way, some walking, some in carriages, to Stover's woods, about one mile east of Aaronsburg.
At an early hour a goodly number had assembled on the grounds, waiting anxiously for the amusements which usually mark such days. The Millheim Cornet Band soon arrived and the thrilling strains echoed and reechoed by the adjacent mountains seemed to give new impulse to the animated crowd. While listening to the excellent music, which the Millheim band is distinguishedly well adapted to furnish, we were surprised, it time seemed to be borne on swift wings, and presently, though not too soon, was announced to hundreds impatient for a taste of the delicacies in readiness for them.
One hundred and thirty persons first filled up to the table 70 feet long, laden down with those things which only fair hands can so tastefully and healthily select. But the decorations wanting, but the bounteous board was made to become almost a garden of flowers, which freighted the atmosphere with their sweet perfume.
When the satiated appetites of one hundred and thirty did not cease their demolition of the excellent cakes and pies, one hundred and fifteen more were invited to a fresh supply, nor did this exhaust the capacious baskets, but about ninety more found ample means by which to satisfy the cravings of the inner man.
After dinner all strolled off into different parts of the grove to seek such amusement as might suit their several tastes. Some enjoyed croquet, others participated in games of a different kind, and thus old and young who had that day sought protection from "Old Sol" under pines and wide spreading oaks, found plenty to engage their attention. The afternoon exercises were greatly enlivened by a mock bear hunt, for which the naturalness could not have been excelled. But another feature which is sometimes prevalent on such occasions was also found here. To some it was pleasant to others not so pleasant, yet notwithstanding a in a handsome collection of \$3.14 was in a very short time raised as remuneration for the very excellent music which the Millheim boys furnished.
Among the many visitors that honored us with their presence on that day we noticed Miss Wetzel, Miss Yearick and Mr. Frank Wetzel, all of Bellefonte, Miss Addie Fisher and Mrs. Dan. Musser, of Bookburg, Mr. Frey, of Lewisburg, Messrs. Goo, and D. W. Hollaway, of Ohio, Mrs. Waterman, of Danversport, Iowa, now a guest of Col. J. P. Coburn, Prof. W. T. Meyer and Mrs. Adam Shoemaker of St. Petersburg, Clarion Co., Miss Eva Kunz, of Nazareth, Pa., and Miss Emma Ull, of New Berlin, Pa. Among such a host of friends time could fly only too speedily and with considerable reluctance the picnicers left the site of very much enjoyment.
Thus passed one of the pleasantest days we have for some time had the pleasure of enjoying, and the universal verdict places this day over and above all that have ever been celebrated by the Aaronsburg Sunday School. It was an occasion as must have been in its wake most pleasant recollections and a longing for the speedy return of so happy a day. M.
SPRING MILLS ITEMS.
Mr. H. A. Krumminger talks of going to Ohio to sell cigars.
The Farmers Mills Cornet Band gave our town a lively serenade on Saturday evening. Come again, boys.
Mrs. Rose J. DeWoolfe is here on a visit to her mother, who is still very ill.
That energetic foreman, Mr. Gray, on the B. R. here, has put the new turntable in a splendid condition. Mr. Gray understands his business and the company does well to employ such men.
Mr. Morris, a photographer from Huntingdon, has erected his portable house here, and is prepared to do all kinds of work in his line in a satisfactory manner. Give him a call.
Quite a number of our lads and lasses went to Bear Meadows on a picnic. We understand they had a gay and happy time.
We can now boast of one huckster and three hawkers in town. Pretty good for this place. Well, the more the merrier. Come along with your poultry.
The JOHNSON'S LINIMENT is well received here. Hear of some flattering opinions expressed over it—especially of its local columns. Courage, Mr. Editor, you will succeed. YONEY.

REBERSBURG FRAGMENTS.
"Anon" still survives. He was not dead, but—well you know what.
Our select school is in full operation. Between forty and fifty pupils are in attendance.
Of course we are all going to the Union County Harvest Home Picnic.
The Steam Engine fine finally made its appearance in our valley, and as a consequence, some of the stately forests will be felled to feed the terrible consumer.
This time it was Mr. John Scholl who fell a victim to the depredations of thieving. Some one, or more, entered Mr. Scholl's house at the dead of night, and stole some canned fruit, meat, and all kinds of eatables as well as shoes and clothing of various kinds. I trust that if the civil law fails to render justice to our midnight rogues, some other law will.
We certainly live in a progressive period, and the publishers of the JOURNAL do well to recognize this fact so gracefully as they do. Thus, after a lapse of fifty-three years the Deutsch becomes extinct in the old paper of the valleys. Bravo! The English is bound to become the leading language—not only of this country—but of the world. We all like the new JOURNAL very much and wish you all possible success. Give us your big, English paw, Bch, I cordially extend my 567. ANDON.
A VALUABLE MEDICINE.
Buchu in various forms has for many years been one of the chief articles in the Materia Medica for the treatment of certain diseases, among which are chiefly those affecting the urinary, digestive, and circulatory organs. The difficulty that was long experienced in obtaining a preparation of this valuable drug that could always be relied upon for uniformity in strength and absolute purity led to the introduction of Helmholtz's Extract of Buchu, which for the last quarter of a century has been extensively used both by physicians and in house and family practice, and with very gratifying success. This medicine, like every other valuable thing has been extensively imitated, and those who have use for it will do well to see that they obtain the genuine "Helmholtz Buchu," the only pure and reliable preparation.
