Democratic State Ticket.

FOR TREASURER, HON. DANIEL O. BARR, OF ALLEGHENY COUNTY.

Democratic Delegate Electi. n.

The Democratic voters of Centre county will meet at the regular place of holding the general election for their district on Saturday, 13th of September, 1879, to elect delegates to the Democratic County Convention. The election will open at 2 o'clock, P. M., and close at 6 o'clock, P. M.

The delegates chosen at the above time will meet in the Court House, at Bellefonte, on TUESDAY, the 16th day of SEPTEMBER, at 2 o'clock, P. M., to nominate a candidate for JURY COMMISSIONER, and transact such other business as may be regularly brought before it.

Table with 2 columns: Name and District. Includes Harris Township, Howard Borough, Millheim, etc.

The delegate election, in all cases, to be conducted strictly in accordance with the rules of the party heretofore adopted, except as to the time of opening or closing which is as above stated.

D. F. FORTNEY, Chairman.

"An Important Matter."

In an article under the above caption the Watchmen very strongly and ably set forth the necessity of carrying the state for Barr, in order to gain prestige for the great Presidential struggle in 1880. What the Watchmen says to enforce its views is every word true, and every Democrat that has the good of the party and country at heart will do well to make a note of this. If we succeed to carry Pennsylvania this fall all the powers of radical ring rule can not wrest it from us in 1880; and while laboring for victory now we at the same time, directly or indirectly, work for success in 1880.

But what could have led the Watchmen into the error of saying that "No President has ever been elected without the electoral vote of Pennsylvania." In 1876 Tilden and Hendricks were elected President and Vice President, by the largest popular majority ever given to any candidates for the highest two places in the country, and the electoral vote Pennsylvania was not for them. What was possible once may be possible again.

It is a real shame however, that our grand old Keystone is the mere foot ball of corrupt ringsters and it is about time that she be freed from the partisan fetters of Cameron, Quay & Co. Let every Democrat strive to place her where by her conservative history she belongs—at the head of the Democratic column of states.

The Indictment of Wm. H. Kemble, Charles B. Salter, and Others.

HARRISBURG, Aug. 29.—In the legislative bribery cases to-day, true bills were returned against Charles B. Salter, E. J. McCune and Wm. H. Kemble, for corrupt solicitation of members of the Legislature. A number of members testified that money had been guaranteed them for their votes in favor of the riot bill. The case of Salter was called for trial at 2 o'clock, but owing to absence of counsel of some of the defendants, and the want of time during the present term of court, it was postponed, as were also those of the other riot bribery cases until Nov. 17. Judge Pearson has informed the defendants against whom true bills have been found that additional bail will be required of them, but he has not yet fixed the amount.

True bills were found against Chas. B. Salter, Jesse R. Crawford and Wm. H. Kemble for perjury, and the defendants have been obliged to enter bail in the sum of \$1,000 on each indictment. The Grand Jury has ordered the District Attorney to prepare indictments against Representatives Smith, Petroff, Rumberger, Armstrong and Clark for corrupt solicitation. The bills against Wm. H. Kemble and Charles B. Salter for conspiracy were ignored.

YES, THERE IS.

Hon. Samuel Butler, the ring candidate for State Treasurer recently said at a Republican meeting in West Chester, "There is no State issue to-day." No doubt the wish is father to the thought, and the Hon. Samuel may well desire that the course of his political associates might not be disturbed. But how about the "issue" raised in the convention that nominated Mr. Butler, by Hon. C. S. Wolfe?

Mr. Wolfe offered a resolution favoring "honest men in office," but the ringsters first tried to choke and kill it by ruling it out of order. Mr. Hall, the chairman, made himself infamous by a series of rulings that would disgrace a country school house debating club. When the disagreeable resolution would not down at the arbitrary ruling of the ringster chairman, it was voted down by the convention. That was consistent—that was business. A resolution calling for honest men in office has no place in a Republican state convention in Pennsylvania, and Mr. Wolfe might as well save himself the trouble of getting up such unsavory diet. But what the Republican managers have rejected the people will accept. There is a state issue to-day—the very issue which Republican leaders most dislike—"Honest men in office." This is what the Democratic party as well as thousands of Republicans want, but Mr. Butler seems to know nothing about it. He may not be too old to learn.

Peter Herdic Acquitted.

BELLEFONTE, Aug. 30.—The Jury in the case of the Commonwealth against Peter Herdic, charged with obtaining money by false pretenses from W. F. Reynolds & Co., bankers, to-day brought in a verdict of not guilty. After the verdict had been declared Mr. Herdic made a short speech, in the course of which he said: "I can swear with a clear conscience, as I am to answer to my God, that I never came to this place to defraud or wrong any man, and that the transaction on which the prosecution against me was founded, was in good faith, and in the regular course of business between the prosecutors and myself. I feel myself relieved, and will return to active business pursuits, God willing. I will employ and pay men. I will endeavor to make just settlement with those to whom I am indebted, and again become a useful man in the community where I expect to live; and now I give notice to those who have banded together to make money out of my misfortunes that I will publicly expose them and bring them to justice."

Col. Mosby predicts that Grant will run.

WASHINGTON, Aug. 29.—Col. Mosby was one of Grant's companions at the White House—one of the convivial old boys who could get more talk out of Grant over a bottle and a cigar than any of his less rough and more diplomatic associates. Mosby has had one of these good old talks with Grant in Hong Kong, the result of which he has communicated to a friend in this city. Mosby says that all this talk about Grant's not desiring or not accepting a possible Presidential nomination is "poppy cock," to quote exactly from the Mosby vernacular. Grant will run, Mosby predicts, and he thinks he will be elected by an overwhelming majority.

Not willing to Endorse Grant.

NEW ORLEANS, Aug. 25.—The Republican State Central Committee has resolved to call a Convention, to be held at New Orleans, Oct. 20, to nominate the regular State ticket. A resolution was offered endorsing General Grant for the Presidency, which provoked a lively discussion, and it was withdrawn.

The yellow fever seems to be gaining a strong foothold in New Orleans.

KEMBLE & CO. IN COURT.

An able and upright Judge. Bribery must be punished. "Addition, Division and Silence" under par.

HARRISBURG, Pa., Aug. 25.—There was a large crowd in the Court house to-day to hear Judge Pearson's charge on the riot bribery subject.

The Judge said that bribery was highly injurious to society and dangerous to public morals and to the general administration of the government of the country. "I speak of it, gentlemen," said he, "as a crime which strikes almost at the foundations of society, because if, instead of having fair, honest, proper legislation, according to the best discretion and judgment of the legislators, we are to have them bought over to vote for measures or vote against measures which the public requires, or which are injurious to the public either the one or the other, then I say it is dangerous to society at large, and we should most carefully guard against anything of that kind. It is not merely a person soliciting, but the person agreeing to receive or actually receiving, that ought to be held up to public scorn and contempt by being indicted in the Criminal Court."

The Judge then quoted the constitutional provisions against bribery and the law in pursuance thereof, and said: "Any open address, persuasion, or coaxing would not come within the act but the moment any office, money, article of value, or promise of advantage is offered, it brings the act within the statute. In order to make the offence charged here you have only to inquire was there an offer or endeavor to influence any member of the Legislature by offering or promising them money, promising them anything of value, promising them any advantage of any office, any advantage of any kind? Was that done? If so, it would be an attempt to solicit them to do what is illegal, and is an attempt to bribe and unlawful solicitation. All that is necessary to be proven is that the accused solicited members of the Legislature to vote in a particular way, under promise of procuring money for them or offering to give them money, telling them where money could be procured, or that they could have money by doing so and so. Bribery has long been prohibited in Pennsylvania, and yet, to the scandal of our State—I hope it is false, I hope it is only scandal—it has been urged, and said a hundred and hundreds of times, that such and such a bill was procured by bribery. It demeans our State, it brings us into contempt with other countries, brings us into contempt with our sister States, causes us to be belittled abroad, to be belittled at home; injures the legislative body with the community. The very suspicion that they take bribes is an injury to society in general, because they are led to distrust the laws that such a Legislature passes and to disregard them entirely. Therefore it is a high offence against society, and one that should be most carefully guarded against by courts and juries, punished inflexibly and without any hesitation."

Judge Pearson also instructed the Grand Jury to proceed against members in those cases no indictments have been framed, but whom the evidence submitted to the jury implicates in corrupt solicitation of members of the Legislature or of accepting or agreeing to accept a bribe. "In this way" he said, "neither the persons charged in the indictments nor the members of the Legislature themselves can escape punishment. You cannot act upon newspaper reports. You have no right to act upon resolutions of the Legislature. You act upon the evidence produced before you, and that alone; and if it makes out a case of either bribery or receiving a bribe against the person who is charged, find a true bill. If it is against others who are not charged, make a presentment of them to the District Attorney so that the whole matter shall be properly and fully investigated in court, so that we may get at the bottom of these things. Sometimes committees of the Legislature examine such subjects. They have not the same power the courts have in compelling the attendance and testimony of witnesses. Sometimes they are not very anxious to find out what has been done; sometimes they are not very willing to receive whether they have been guilty of receiving bribes. They don't want to tell anything that takes place. But we want to find out everything about it. We want to get to the truth of the matter, and get to the bottom of it, and see who is guilty and who is not guilty, or whether any person is guilty, or whether it is a more general slander. If the Commonwealth produces witnesses to show the truth of the allegations made in the indictments find true bills, without the least regard to whom it will strike; without the least regard to the character of the persons accused."

Gen. J. B. Hood, a noted Confederate general, died of yellow fever on Saturday at New Orleans.

A late report shows that half a million people were carried off in the Brazil famine last year.

Millin County Democrats have nominated Felix Norton, of Newton Hamilton for Associate Judge; Thomas Mayes, of Lewistown for Coroner; Albert Horning, of Oliver twp. for Director of Poor; B. F. Worrall, of Ar-nagh twp. for Jury Commissioner.

We publish this week the call of D. F. Fortney, Chairman of the Democratic County Committee, for delegate elections in the different boroughs and townships of the county.

The delegate elections will be held on Saturday the 13th day of September, under the well known rules of the party, and the convention will meet on Tuesday the 16th.

Tilden gets a Delegation.

CHAMBERSBURG, August 25.—The Democratic Convention met to-day. B. Y. Hamsher was chosen permanent chairman. George W. McCleary was nominated for Director of the Poor and J. W. DeHaven for Jury Commissioner. W. S. Stenger, C. M. Duncan and C. W. Rhodes were elected delegates to the next Democratic State Convention. This is a solid Tilden delegation.
