The Millheim Journal.

THURSDAY, NOV. 6. 1879.

R. O. DEININGER, - - - EDITOR.

R. A. BUMILLER, - - ASSISTANT EDITOR.

Local Department.

—Job work of all kinds done at the JOURNAL Office at prices as cheap as the cheapest.

—The Millheim B. & L. Association meets next Monday evening. Don't you forget it if it concerns you any.

—Hon. Schuyler Colfax has been secured as a lecturer before the Clinton County Teachers' Institute, December 18th.

—A splendid private residence with the good will of a medical practice for sale. For particulars apply at this office. tf.

—J. H. Reifsnyder, Esq., is the administrator of the estate of Samuel Sivels, deceased. See notice.

—The Musser hunting party has returned with two fair-sized deer. Hope they will go again and shoot enough to make a nice bit for us.

—After an absence of a full month attending Gen. Conference in Chicago, Rev. C. F. Deininger and family have returnded home in good health and spirits.

—That best looking man in five counties, Ex-Senator Peale, of Lock Haven, called to see us on Saturday morning, but found us absent. Very sorry, Dick, but try it again.

—The election on Tuesday passed off very quietly and orderly. We saw no drunkenness or street brawls of any kind. The law that prevents the sale of liquor on election days is certainly a good one—as far as it goes.

—A number of side-walks have again been constructed last week, and the persons who made them are John D. Foote, B. O. Deininger, Frank Knarr, J. H. Reifsnyder, Esq., Michael Ulrick and C. W. Hartman. Go on men and brethren, weneed a number more.

—The other day Master Allen A. D. Deininger came tugging along with a great big, tremendous big, awful big turnip. We don't like to say how big it was for fear somedody would blame us for —, but the simple truth is it's a *stoner, a whopper, a sockgooshter*, and no mistake.

SEVERE SENTENCE. — Elias H. Brookhart, who was convicted of rape, in the Lycoming county court, the other week, was denied a new trial, by Judge Mayer and Judge Cummin sentenced him to fifteen years at hard labor in the Eastern Penitentiary. Serves him right.

—The MILLHEIM MARBLE WORKS are turning out some very fine work this season. Monuments, Couches and Headstones of any possible design and price are made here, equal in workmanship and as low in price as can be had anywhere in the state. If you need something to mark the last resting place of a departed friend, you can do no better than by staying right at home and patronizing the Millheim Works.

—If you wish to make a *safe* investment in real estate, Sheriff Bolender, of Snyder county, will give you a chance to do so, at Selinsgrove, Saturday, November 29. next. On that day he will sell over 14,000 acres of mountain land situate around and below the Paddy's tunnel region. See advertisement in another column.

—We sincerely regret to learn that the family of our friend John B. Heckman, of Gregg township, is much afflicted with sickness. Several of them are down with typhoid fever. We extend them our hearty sympathy.

INFORMATION WANTED.—A correspondent wants to know of us what the piles of stone scattered throughout town at irregular intervals, are good for. That's business, Mr. M. If you wish to know anything just ask the nearest editor. They always know "lots" and are so clever and accommodating. They will not shrink any amount of labor necessary to solve and answer questions, and it don't make a bit of difference either, whether the person questioning is, was, or possibly will be, a patron or not—if it is all the same to the editor.

In the present case it pains us exceeding that we can not give the desired information positively; and so, to do the next best thing for our friend M., we are obliged to resort to guessing. The stone heaps, then, might be used to build cellar walls—but no, they are too widely separated. Well—they might serve a good purpose to the student of geology and mineralogy. Such might knock off pieces with their knuckles—or with whatever else they please—and, specimen in hand, enlarge on the period, stratification and formation of the species. Again, they might serve a less scientific but infinitely more practical purpose, namely that of enabling persons to stumble and fall over them, skinning shin-bones and seeing stars in daylight without the aid of a telescope. Last, but not least, they could be used to construct crossings over streets and alleys—that is if they were fit for such a purpose as that.

—A fine lot of Germantown wool just rerceived at the Journal Book and Stationery Store.

A WONDERFUL ESCAPE.—While engaged in threshing on the farm of Judge Motzer, in Madison Twp., on Saturday a week, a young man named D. Heisler, made a most remarkable escape from a terrible death. He was caught by the clothing at the waist, by the tumbling shaft and when the machine was stopped, he was stripped entirely naked, except his boots and the wristbands of his shirt. Had his clothing not given away nothing could have saved him.—*New Bloomfield Times.*

SPRING MILLS ITEMS.

Mrs. R. J. DeWoodie has returned to Oil City again.

I. J. Grenoble is moving his grain house. The carpenters are the Messrs. Kennelly—both practical workmen.

Rev. Robison preached his farewell sermon to a very large congregation, last Sunday. Hope he may get a better support where he goes than he did here. In Mr. Robison we not only lose an excellent preacher, but an excellent man as well.

H. A. Krumrine has gone to study dentistry with Dr. J. C. McIntire, at Centre Hall. Success to you Henry.

On Hallow eve Young America as usual was busy turning over outhouses and committing other depredations.

Well, the wedding came off at the Allison mansion, at Potter's Mills, and many were the guests present. The presents were many and valuable. May the happy couple have a smooth sail on the voyage of life. YONEY.

AARONSBURG CRUMBS.

Mrs. George Speaker, of Mifflinburg, has been visiting her numerous friends in this vicinity. She looks well and natural, and quite as if she still belonged here.

Then has been a busy time in the cooper shops of our little town. One man wanted a thousand barrels made, for apples and a party of men were engaged in filling the order. Some worked in Condo's shop and some in Confer's.

Revs. Tomlinson and Aurand went together to the S. S. Convention, at Lewistown, where no doubt there will be a most interesting time for those engaged in S. S. work.

On Sunday afternoon after a long and painful illness, Mrs. Michael Harper was taken to rest. Her sufferings during the Summer were sometimes intense, then she would again have an interval of greater ease, and then be much worse again. May she rest in peace. X. Y.

The other day while cogitating over the vicissitudes of life a very happy and yet practical thought struck us in the form of a question: "Will any one of our patrons, subscribers or friends think of sending us a Thanksgiving or Christmas turkey?" Now don't *all* speak at once; don't crowd each other—don't tramp on each other's toes. From one to three of the delicate fowls—fat and plump—for each day will do. We much dislike to appear greedy.

CHURCH DEDICATION. — The new Evangelical church near Greenville, in Sugar Valley will be dedicated to the service of God, Nov. 16th, 1879. Service will begin in the morning at 10 o'clock. The following ministers are expected to be present: J. Boas, E. Stambach, W. H. Stover and —— Landes. All are invited.

D. P. KLINE,
Pastor.

☞WANTED. We need about 12 to 15 cords of good wood, about 20 bushels of choice apples and about 20 bushels of nice potatoes. Now we are willing to receive all these on subscription and are not particular who of our subscribers will furnish them. If *you* have more wood, apples or potatoes than money and you owe us on subscription—one, two or more years, —bring them right along and don't wait till we are supplied by others.

Any of our subscribers who prefer to pay us in this way can do so until further notice.

—Why yes, certainly. He is one of the best fellows you can meet with anywhere—in town or country, in summer or winter. He is a gentleman, a christian; is very good looking and always neat and tidy. Just the chap whom any woman might be proud to have for a husband. An obliging neighbor, good husband and kind father, and ever keeps the warm side of his big heart turned *toward* the poor; for how else could it occur to him to present a poor country editor with a splendid—we were going to say a magnificent—door bell. Well, if you must know all about it, his name is John H. Thomas, headquarters at York, Pa.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. W. SHERAR, 149 *Powers' Block, Rochester*, N. Y. 41 3m.

—The oyster business is booming in Millheim. We have no less than four places where the luscious bivalves can be had, viz: H. H. Tomlinson's, Mrs. Anna J. Albright's, Wilson Bollinger's and at the Millheim Hotel. If they have the proper feelings for the poor they will send us a "mess" each, for this notice. One has done so already. His name is checked off the list.

News Miscellaney.

SYRACUSE, Oct. 26.—In this city this morning a boy of 7 years shot and almost instantly killed his sister, 3½ years old. The little boy's name is Adolph Auer, and that of his sister Amelia. The shooting occurred at the residence of Albert Auer, the father at No. 7 Grumbach avenue. At about 9 o'clock Adolph and his little sister entered their older brother's room and opened a drawer in the washstand. They began looking over the things, and found in the bottom of the drawer a revolver. It is supposed they became engaged in a childish quarrel over the weapon, and Adolph, not knowing what he was doing, pointed the revolver at Amelia and pulled the trigger. The ball entered her stomach, a little to the right of the heart. Mrs. Auer was washing her breakfast dishes in the kitchen. She heard the report, which was immediately followed by a piercing scream from Amelia. Mrs. Auer hastened to the bed-room and when she appeared at the door Amelia placed her hands on her stomach and cried: "Oh, mamma, mamma! Adolph, Adolph—." Scarcely had she uttered these words when she fell to the floor, dead. The boy's parents have not informed the Coroner or police and are reticent on the subject.—*Phila. Times.*

BURR'S BODY FOUND.—The body of Geo. Burr, the man who accompanied Prof. Wise on his last ascension, about three weeks ago, was found on the shore of Lake Michigan, on the 25th inst. There seems to be no longer a doubt that the balloon was wrecked on the lake and that both men were drowned.

KILLED BY A PET ELK.—Gen. Ball had a big elk in his park at Ball City, Kansas. The beast was tractable, and nobody supposed him vicious; but one day he chased a child out of the enclosure and gored a dog. Gen. Ball went to chastise him with a club and was killed, the elk's horns being thrust through his body.

CLAIMS RECOVERED.—Stephen A. Douglass, Jr., of Illinois, and Robert M. Douglas, of North Carolina, the sons of Stephen A. Douglas, have recently come into possession of about $200,000, by the decision in their favor of a suit in the Court of Claims for the recovery of the proceeds from a quantity of cotton belonging to their father and confiscated during the war.

MERITED REWARD.—A lady traveling on the New York Central road, the other day lost her satchel near Ilion. It contained $20,000. A freight train came along shortly after the passenger train, and the conductor picked up the satchel from the side of the track and left it with the agent at Ilion. It was restored to the lady, who presented the conductor with $800 for his honesty.

A SINGULAR ACCIDENT.—Elizabeth N. J., Oct. 29. As a passenger and coal train were passing each other on the Central Railroad of New Jersey, near Crawford, last night, the fireman on the latter's locomotive was breaking coal. A lump flew from the tender, struck the locomotive of the passenger train, bounced through its window and struck George W. Winner, the fireman, in the forehead, crushing through the skull. He died in two hours. He was twenty-four years old and had been married four months.

WOMEN DESTROYING LIQUOR.—At Fredericktown, Ohio, on the 25th ult., thirteen women proceeded to two liquor saloons, beat in the doors and windows with hatchets, broke up all the fixtures, and destroyed all the liquors. They also notified the proprietors of the drug stores to remove their liquors, if they wished to escape similar treatment. The women are to be arrested. They are said to have "a strong money backing."

SUICIDES.—In New York city 150 persons killed themselves in 1878. In Paris, the number was an average of 646 suicides for every one million of inhabitants. London, in the same time, had the low average of ninety-six for every million.

Less than thirty years ago Tyrone was a town on paper. A log school house, frame tavern, store and blacksmith shop made up the sum total of buildings, public and private, inclusive of one or two dwelling houses. Now there stands upon the flats where at the date mentioned were well tilled corn fields and green pasture lands a thriving borough, with a population of something in excess of three thousand souls.

Preparations are making to get out an immense amount of timber the coming winter from the forests of Cambria, Clearfield and Clinton counties. On Youngwoman's creek, in the latter county, contracts have been entered into and work commenced on three seperate jobs that foot up 14,000,000 feet. On Bogg's, Lick and Drury runs over 8,000,000 feet more will be taken out. Independent of these a vast amount of long logs and square timber will be got out at various points along the West Branch river from Renovo to the headwaters of that stream, which drains Northern Cambria and all of Clearfield counties.

There will be one hundred criminal cases for trial at the approaching term of the Schuylkill county court.
