

Local Department.

Court commenced at Lock Haven last Monday, to continue two weeks.

Hyatt's celebrated WIRE BOUND SLATES for sale at the Journal Book Store.

A splendid private residence with the good will of a medical practice for sale. For particulars apply at this office.

We want every body to understand that the JOURNAL BOOK STORE is headquarters for fine and cheap Holiday Goods.

A farmer in Perry county was forced to the tune of \$300 by a patent wind mill sharper. Lucky fellow. He got off cheaply.

A fine lot of Germantown wool just received at the Journal Book and Stationery Store.

At Stam's store you can buy a good overcoat for \$3, a man's sack coat for \$2.50, all wool pants for \$2, and Ladies coats for \$4 up. Call soon.

Job work of all kinds done at the JOURNAL Office at prices as cheap as the cheapest.

Somebody up in College township has butchered a pig weighing only 644 pounds. A few such on subscription would just suit us at this time.

At the meeting of the Building and Loan Association on Monday evening, money sold for 25 1/2 per cent. premium for permanent loan.

Almost an accident would have occurred at Mr. Jonathan Phillips', on Monday, by the explosion of a Kerosene lamp. Fortunately no one was hurt.

The Reading Railroad Co., has driven all the express companies off its lines and now does its own expressing. Hope they will not extort so shamefully as express companies do.

Jacob Gephart put down a No 1 plank walk last week, along his entire front. We know of only one objection to it and that is that it is too short at both ends.

The building of the Union National Bank of Lewisburg, has been thoroughly remodeled and repaired. The bank itself—that is the cash and the officers, could hardly be improved, it being already one of the best financial institutions in the State. Hon. W. C. Duncan is President and J. A. Kremer, Esq., Cashier.

Says the Lewisburg Chronicle: "We are enjoying exceptionally fine weather." Are you though? But you talk as if the fine weather was specially and exclusively made for you to enjoy. Don't be so selfish.

Beede, Barrows & Co., the enterprising grocers of Williamsport, have again sent their neat annual calendar to a number of our business men and firms. Feel obliged for ours, but can't say how the others feel about it.

Recent rains have caused some of our wells in town to fill up again, and, an editor is for once in luck, ours is among the number. How handy. Instead of being obliged to go about an eighth of a mile for water we now have only 45 inches, next measure.

Daniel Gedar, formerly of Lock Haven, now of Cedar Grove, N. C., expects to return to the former place and go into the tobacco business. He expects to consume 15,000 to 20,000 pounds of tobacco per month.

A charter was recently granted for a rail road from Beech Creek to the coal and lumber regions of Phillipsburg. The capital stock is \$1,000,000, divided into 20,000 shares of \$50. It is thought that the Penna. R. R. Co. is at the bottom of it and that it will be commenced next Spring.

To all our dear friends who so considerately and seasonably remembered us with sausages we return our warmest thanks. We are deeply affected—it almost makes us shed tears of joy—when we consider how kindly we are treated, unworthy as we are. It is another tangible proof that "This world is not as bad a world as some would like to make it."

May Providence graciously preserve these dear people until the next season when sausages are ripe, that they may again realize the sweet truth that it is more blessed to give than to receive.

A majority of our citizens have commendably come up to the requirements of law and the directions of the council, in building their sidewalks, but there are others who thus far have not yet done anything in this matter. Now we don't see the justice in requiring a certain thing to be done, and then when a majority have done it permit the balance to do as they please about it. That is not square business. Gentlemen of the council, hurry up the delinquents a little. Let us have good sidewalks all over.

Information is desired as to the whereabouts of Joseph S. Sasseman, a boy from Jersey Shore, who left home about three months ago. He is about five feet in height, weighs about 115 pounds, dark complexion, dark brown hair, and of rather a talkative disposition. His parents are very much concerned about him and any information concerning his whereabouts will be thankfully received. Address Herald office, Jersey Shore, Pa., or Mr. and Mrs. George Cassman.

The new Reformed church in White Deer township, Union county, will be dedicated Jan. 4th.

Daniel Noll, the Union county weather prophet, predicts twenty-eight snows this winter. Noll is considered a sure shot.

Mechanics are again at work at F. P. Musser's house and it is fast assuming shape and proportion. When completed it will be one of the finest residences in this section.

Mrs. Dr. C. B. Wagner, from Lebanon, was here on a visit to mother, sisters, relatives and friends. We come in under the latter class. It makes us real mad though, that the Doctor didn't come too—the big ugly fellow.

Abraham Harter is one of the most successful auctioneers in this part of the State, and he does jobs of that kind real cheap. He "cries" a sale in Penns or Brush valley for from \$1.50 to \$3, and in Sugar valley for from \$1 to \$2.

Meek, of the Watchman, is happy over a pot of sour kraut received from that prince of good fellows, Mr. J. G. Larimer, of Pleasant Gap. Just enough to make any fellow happy that has one drop of Landsman's blood in him.

A CARD.—I would most respectfully inform my old friends and customers that I have removed my tailor shop to Musser & Smith's building, next room to the Journal Book Store, Millheim, where I will be happy to serve them. JACOB WOLF.

Did you ever see a five cent, or ten cent counter? If you call at the JOURNAL BOOK STORE, you can see both. It is absolutely astonishing what a large number of small articles, both useful and ornamental, can be bought for five or ten cents. But we can not even begin to enumerate, therefore please come and see.

WANTED. We need about 12 to 15 cords of good wood, about 20 bushels of choice apples and about 20 bushels of nice potatoes. Now we are willing to receive all these on subscription and are not particular who our subscribers will furnish them. If you have more wood, apples or potatoes than money and you give us on subscription—one, two or more years,—bring them right along and don't wait till we are supplied by others. Any of our subscribers who prefer to pay us in this way can do so until further notice.

A KIND REQUEST. It is now again the season of the year when people who have system in their business, pay their small debts, among which is their newspaper subscription. Now please don't forget us. Our expenses are heavy and constant, our subscription price very low and it is absolutely necessary that we should be paid regularly. It is the time of the year, too, when men have many extraordinary expenses, preparatory for Winter. So please don't forget us when you come to town. Just see how you can please us by the payment of a few dollars.

Business is booming at the JOURNAL BOOK AND STATIONERY STORE. Everybody comes to see the Five Cent Counter, and of course everybody sees "just exactly" one or several articles that they have been wanting this long time. All buy something, of course they do—and when the others come they buy too. But the five cent counter is not the only attraction. We keep a number of articles that can not be had anywhere else in the valley, of which we can not enumerate but a few, such as Family Bibles, Pocket Bibles, Full line of Stationery, Java Canvass, Honeycomb Canvass, Photo. Albums, Auto. Albums, Knitting Cotton, Splinters, Full line of Zephyrs, Mutilage, Blank Books, Law Blanks, Games, A. B. C. Blocks, Chromos, Mottoes, Germantown Wool, Walking Canes, &c. &c. CALL AND SEE.

SPRING MILLS ITEMS.

Messrs. Runkle & McCoy shipped two car loads of horses, cows and hogs from here. It is a hard road to travel for poor dumb brutes.

A bold and daring robbery was committed last Thursday night. About \$20 worth of carpenter's tools were off. On the same night some clothing was stolen from Smith's clothes line. More care is needed and an efficient police corps should be organized at once.

Last week two young men came to town in a two horse buggy. Same day their father came on foot. Comment is unnecessary.

Some anxiety is felt here one the rail road question. It is hoped that the sale next Saturday may be in the interests of the extension of the road to Tyrone or Bellefonte. YONKY.

HENRY MEYER, County Supt.

Mr. Editor:—One of the teachers of Gregg township had a spelling bee recently, when four other teachers attended, to see and be seen. Two of them took part in the spelling but the other two took back seats. The general conclusion was, that they were ashamed of their spelling, else why did they sit back and refuse to take part? Teachers should let their light shine, if they have any to shine.

News Miscellany.

Surveys are being made to ascertain whether the Susquehanna river cannot be made navigable. Engineer Alericks of Harrisburg, has been making soundings and says the river can be made to render possible the passage of steamboats. From 15 to 20 feet of water has been found in long stretches, during the present low stage of water, and the small bars connecting these channels can be cut through and dredged. The facts will be reported to Congress for action. How nice to board a steamer at Lewisburg for Europe.—Millinery Telegraph.

Next Spring Lewisburg will again lose a number of citizens who are compelled to seek more congenial climes to make a living. Some families have already moved away, several of them going to Northumberland, others to Milton, Williamsport and other towns where the certainty of making a living invites them. How long will it be until the encroachments of old foginess shall be swept away by the awakening of the Van Winkle sleep of enterprise?—Lewisburg Journal.

Mr. Johnson Moore, a wealthy gentleman in Chambersburg, has a park named Mooreland in which he has thirteen deer.

Mr. Emanuel Reedy, of Buffalo X Roads, has had his house robbed the second time. Last Friday night, while the family were asleep, thieves entered his residence, and broke open drawers, desks, etc., and carried off clothing, about five dollars in money and other articles.

A Chester county invention which is attracting considerable attention among millers is a flour purifier invented by Walter A. Huston, of Londongrove township. The purifier consists of a closed chest about seven and one-half feet long, in which there are three screens and three separate air blasts. By the use of a flour purifier the middlings are cleaned and re-ground, thus making about 80 per cent. of the middlings into first class flour.

A negro met his death in the southern part of Erie county in a very peculiar manner, viz: He had stolen a hog and killed it, and in order to carry it tied its feet together and put it around his neck. In climbing a fence he slipped, the pig falling on one side and he on the other, breaking his neck.

Potter county appears to be the model county of the State. There were so few criminal cases for trial at the late term of court, and they so unimportant, that it was thought not worth while to put the county to expense of bringing the jury together and holding court. By consent of counsel all the cases were continued until next court.

The Clinton county court has just concluded a rather remarkable case. A man named Shaw was insulted in the presence of his family, consisting of a wife and several daughters, by a villain named Hamilton. Shaw in his rage hurled a stone at the villain, which missed him, but in its rebound struck him without inflicting injury. Hamilton brought Shaw into court on a charge of assault, and the latter plead guilty to save his wife and daughters from testifying to the vile language used by the prosecutor. Judge Cummin in sentencing him said that Shaw made a mistake in not using a larger stone and taking true aim, and imposed a nominal fine and costs.

Rev. Jesse B. Young, pastor of the Centenary M. E. Church at Carlisle, has received a prize of \$50 from the representative Methodist Lyceum of Philadelphia for the best tract on "Mental Culture as a Christian Duty."

BIG DEED.—The Cambria Freeman says that by far the largest single deed ever filed for record in Cambria county reached Recorder Lake's hands last week. It is the deed given by the State of Pennsylvania to the Pennsylvania Railroad Company for the old system of internal improvements known as the "public works," the consideration involved being \$7,500,000. The whole instrument is bound up in a book of 32 pages.

SAMUEL BARKER, who lives near Castorland, Lewis county, Pa., missed his four-year-old son on Monday night of last week. Search was begun at once, and the woods ransacked with hounds. Three hundred men joined Mr. Barker, and the search was kept up until Tuesday night of this week. Then, after one thousand acres of woodland had been traversed, the little fellow's dead body was found about a mile from his father's house. He had lost his way and died from starvation.

A WONDERFUL ESCAPE FROM DEATH.—John Lincoln, a fireman on a freight engine on the Allegheny Valley, had a narrow escape the other night. He was shoveling coal into the furnace, when he missed his foot and fell between the engine and the tender, while the train was going at the rate of fifteen miles an hour. His head and back struck the track ties quite violently, but his feet fortunately caught fast among the supply pipes, and remarkable as it may seem, he had sufficient presence of mind after the shock to clutch the same pipes with his hands. In this terrible position he was compelled to remain until fully a quarter of a mile had been traversed, and his body was in the meantime bumping against the track. Finally, however, the train was brought to a standstill and he was assisted from under the tender. Three of his ribs were broken by the fall, and his head, legs and back were seriously lacerated by frequent contact with the ties. His injuries extended no farther, and, although suffering considerable pain, he was able to board the next train for home.

JOHN T. FOWLER, Esq., of Fowler Mills this county, purchased last Saturday from the creditors of John Curtis, of Bellefonte, a tract of land containing 3,431 acres of prairie, having therefore \$2,000—one-half down, and the balance on two equal annual payments. The tract is heavily timbered.
