## Blaine a Part of Grant's Administration.

The independent republicans of New York have issued a munifesto in which they pronounce against both Grant and Blair e as unsuitable candidates for the presidency. They declare that upwards of nineteen thousand New York republicans "scratched" the name of A. B. Cornell for governor at the election last fall and that this large element is uncompromising in its hostility to a third term and to any candidate for the piesidency whose record is not without and adopted resolutions presenting the taint of corruption or official malfeas-

sice. It may be said that these recalcitrant fellows are bard to please, but of the republican party for the next in putting Grant and Blaine alike under president. their ban they are simply consistent.

The fact is that Blaine really was as much a part of Grant's administration good place to hold a Democratic Na as any member of the ex-president's tonal Convention, and the 22nd of Teachers' Institute cabinet.
