ENTRIES are already being made and the coming fair will be the best ever held in Centre County.

The new Reformed church in Madisonburg approaches completion. It presents a very neat and tasty appearance.

Thomas Hosterman gives notice that he has taken out letters of administration on the estate of Samuel H. Moyer, deceased.

Snow fell in Gallagher township, Clinton county, on the 14th inst. This township is in the Allegheny mountains.

The sale notes of the estate of Jonathan Phillips, deceased, are now due, of which all concerned will please take notice.

Five masked men entered the house of Elias Behe, one mile from Loretto, and after brutally beating Mr. B. they helped themselves to \$250, and a hearty meal and escaped before help could be summoned.

Apples are being delivered at the cider mills, in New Jersey, at five cents a bushel. Hundreds of barrels of prime fruit are sold for seventy-five cents each, after a trip of twenty miles in a wagon to reach a market.

A WESTMORELAND county boy named Sheets, nine years of age, while handling a loaded shot gun, in the absence of his parents accidentally discharged its contents into the back of his little sister, killing her instantly.

The sailor who swam from the wreck of the Vera Cruz to shore, a distance of some thirty miles, in the hurricane, and without the aid of a life preserver or driftwood, may claim to be the champion swimmer of the world. It was a remarkable feat.

Mr. Geo. W. Swartz and family of Lewistown, are here visiting relatives and friends. George is a native Millheim boy but left us some seven years ago, since when he has resided in Lewistown. We are happy to report that he looks well and no doubt is getting along well.

DEININGER & MUSSELER have just received a car load of marble direct from the quarries at Sutherland Falls, Vermont. This system of buying stock in large quantities from first hands enables them to sell work cheaper than other establishments that buy from jobbers.

FIRE.—A large barn belonging to Conrad Long, residing in the lower end of Nittany Valley, was totally destroyed by fire yesterday. Six horses perished in the flames, and various farming implements, among them a new separator, were entirely burned as well as all the contents of the barn. We could not learn whether there is any insurance on the building or not.

That extensive and valuable property in Gregg township known as FARMERS' MILLS will be offered at public sale on the premises by the executor of the late Adam Fisher, deceased, on Friday, October 8th next. It consists of a flouring mill, saw mill, dwellings, out buildings and about forty acres of land. Fine chance for a man with capital.

Last Saturday Mr. Luke Styers, who is working on Seiler and Billymer's saw mill, near Fowler station, had the misfortune to get his hand into a circular saw while in motion, and had the thumb nearly severed from the hand. The attending physician, however still hopes he can save it from amputation.

BIG SHIPMENT.—Mr. J. R. Wolfe, of Wolfe's Store, shipped an entire car load of poultry from Coburn the other day. The load comprised about 1000 chickens, 100 turkeys, 300 ducks, and 100 geese. This is the biggest lot of poultry ever sent from our valley at one time.

Mr. John Condo, of El Dorado, California, gave us a call the other day. Mr. Condo is a native of Aaronburg but left for the golden state some twenty-eight years ago. He reports California flourishing and expects to return, having come east not to stay, but to visit relatives and friends.

The amusement department will be under the care of Dr. J. D. Geisinger and D. Ray, Esq., and they promise to make it "superb" at the fair this year. Samuel Gramley, Trustee will offer at public sale Tuesday October 26th, next, one of the most valuable farms in Brush Valley. The farm contains 282 acres, of which over 100 is well timbered with oak, pine, hemlock and chestnut. Here is a rare chance for a profitable investment.

A Womelsdorf, Berks county correspondent of the Reading Eagle says that Mr. Samuel J. Tilden has offered \$1,500 for "the largest dog in America," which is now at that place. The dog is an Old dog, and was bought in Germany last summer. He weighs 180 pounds, measures 6 feet 9 inches from tip of nose to tip of tail, and is only two years old.

On Thursday evening of last week Penn Hall had a lively and well attended Democratic meeting. The Spring Mills Hancock Club turned out in full force with their torches, headed by the Farmers' Mills and Millheim Cornet Bands, paraded to Penn Hall, where the assembled people were addressed by Geo. R. Barrett and W. C. Heine, Esqs., in an able and instructive manner. Three rousing cheers for Hancock concluded the meeting.

A newspaper man is generally expected to be everywhere, see everything and catch every item about, simply because it is his profession. But he can't do it. His friends can help him by sending or bringing such items as are of interest. Incidents of an acceptable nature are always gladly received. If you have friends visiting you, or know anybody that has, or intend yourself to go off visiting or know of anybody that is, send it in. All manner of legitimate local news go to make up an interesting paper, and will be received with thanks.—Ez.

While Horace Jarvis was threshing on a farm near Haysville, Schuylkill county, he noticed that a quantity of straw had accumulated in the carrier and left his place to remove it. In climbing over the cylinder to the carrier he struck his head against a beam of the mow above, which so stunned him that he fell backwards on the feeding board of the machine and was caught by one foot in the cylinder and drawn into the machine to the lip before it could be stopped. When the unfortunate man was taken out his bowels were exposed and he died in a few minutes.

The new Farquhar Separator and Horse Power bought last spring by Geo. Vonada, and run by G. & F. P. Vonada, has been given a trial and proves itself the best machine ever used in these parts. It is unmatched for rapid work, ease of running, durability and perfection of workmanship. It threshes and cleans better than other machines claimed to be the best. It is very handy, quickly set up for work and is easily hauled from one place to another. Altogether it is the best threshing machine of the country, and the Vonada Brothers are having a fair reward for their enterprise in having all the work they can do.

SUDDEN DEATH.—Dr. Jonathan Moyer, of Loganville, Clinton county, died suddenly at the Irvin House, Lock Haven, Wednesday morning the 15th. He was taken ill suddenly the evening previous while attending a political meeting, of congestion of the brain.

Dr. Moyer was a resident and practicing physician in Loganville for about 40 years. He served one term as Probationer of Clinton county. As a doctor he was widely and favorably known. His age was about 65 years.

The Pennsylvania State Sabbath School Association will hold its sixteenth annual convention in Lancaster, Pa., Tuesday, Wednesday and Thursday, October 12th, 13th and 14th.

Young, Altoona, and other eminent Sunday School workers will be present. Hotel accommodations will be ample and cheap.

On Saturday evening our Democrats had a regular jollification hip-hip-hooray-meeting, over the result of the Maine election. It was a grand affair of its kind—the meeting we mean—and afforded an excellent opportunity for our boys to shout and yell like madcaps, and for Hon. W. K. Alexander, Wm. F. Smith, Jacob Eisenhuth, W. L. Musser, Thomas Keen and J. H. Reifsnnyder, Esq., to make patriotic, eloquent and instructive speeches. A large torchlight procession, headed by the inimitable Millheim Cornet Band, (and don't you forget it) paraded through all our streets, halting in front of Alexander's building, where the meeting was organized, of which our natty little friend Sammy Faust was made president, who was well flanked by an able corps of vice-presidents and secretaries.

And such was the jollification meeting in Millheim over the victory in Maine—firing of anvils, torchlight procession, music, speeches and bonfires. Just how much good was done or how many votes gained for Hancock we do not intend to say as the returns were not all in at this writing.

The officers are working hard to get every person to bring exhibits to the fair this year, and we may expect a grand success.

A Schoolboy's Sad Death.

WILLIAMSPORT, September 14.—This afternoon a truant schoolboy, named William Neilman, aged about fourteen years, while attempting to jump upon a moving freight train at the Penn street crossing, missed his footing and fell under the wheels. Six freight cars passed over his body, which was literally cut to pieces. His right arm and leg were severed, his chest was crushed in and the back of his head scalped.

Mr. T. R. STAM, our enterprising young merchant, sent us a present the other day which we hardly know how to take, because we can not see into Russ's heart and know his motives. If he sent us that soap on general principles, just out of kindness to help a fellow, along or that we may test its qualities and report our experience to the public, it is all right, but if he wishes to intimate by his present that we are unusually dirty and much in need of soap, then the sooner he makes an apology the better for his health. Concerning the Ivory soap itself—that is the name—it is absolutely of the best we ever used either a sa toilet soap or for general use. Try it. Three large cakes for 25 cents.

The Granger Picnic, which came off on the summit of Nittany mountain on Thursday of last week and which was favored by the fairest weather, was a very successful affair. The grounds were covered for a mile around with an immense crowd of people, all kinds of conveyances, huckster stands, ice cream saloons, &c. At a low estimate there were about 3000 people present. After the arrival of four bands in the forenoon, the people were called to the speakers' stand, where they were addressed in eloquent speeches by Hon. C. T. Alexander, John G. Love, Esq., and several other gentlemen. Then the picnickers distributed themselves over the grounds, it being dinner time, all desirous of stilling their keen appetites by partaking of the abundant and delicious eatables with which they had stocked themselves. After dinner the bands gave some of their choicest music, followed by a few more addresses. The sun was fairly setting before the people thought of going home and parting from the splendid view which that point of the mountain affords, and leaving the pleasures of the day behind them. Everybody went away with the conviction, that it was the picnic of the season.

The picnic of the St. Pauls Sunday School, in Haines township, last Saturday, was about as enjoyable an affair as we have attended for years. The attendance was good, but the grounds were not overworked, and a fellow had a pretty fair chance to shake hands with most everybody and pass a few words with one's numerous friends and acquaintances. There seemed to be such a genuine feeling of good humor and sociality. Every one seemed to be in a pleased and happy mood. The singing by the school and performances at the organ were of a high order. Both show that care and practice are exercised to a very proficient degree by this school. We were also much pleased with the manner in which the Farmers' Store Cornet Band acted its part. This band has made great progress truly, during the short time they are organized, and we predict that the boys will yet make their mark as a band of the first grade. The band was under the leadership of Mr. Linn, of Milton, their efficient teacher.

Addresses were delivered by Rev. John Tomlinson, Rev. Samuel Smith, B. O. Deininger and Wm. H. Stoyer. They were well received and we trust that impressions for good have been made. Last on the programme came the dinner. This important and interesting subject was dispensed of in a manner that did credit to all concerned. We will not attempt a description in detail of this point. We do not know just whose table had the most and best, but we do know that all had enough and lots to spare. We don't care ever to stand at a better furnished table in the woods than that of our friend M. S. Fiedler—to whom and family we hereby tender all our warmest thanks, for their kindness to us and ours.

The afternoon was spent in amusements by the younger, in social conversation by the older part of the assemblage, and in smoking by a majority. Upon inquiry we learned that the St. Pauls S. S. is well attended and flourishing. But we heard one thing too, that is not praiseworthy—namely that this large and flourishing school does nothing for the missionary cause. Men and brethren this ought not to be. You can easily raise twenty to thirty dollars a year, and thus discharge a duty you owe to the church and the world.

Among agents and families, the great demand now is for the new light running Combination Sewing Machine, because it has stood the test, and is better made, with more improvement, will last longer, and is much lower in price, (only \$20) than other machines, and having attained a merited popularity among the people for reliability, it is welcomed wherever it makes its appearance. It is built for strength and constant hard work, has interchangeable working parts, manufactured of the polished steel, and will run for years without repairs; is simple to learn, easy to manage, understood perfectly in an hour, and always ready to do every description of heavy or fine family work at less cost, more easily, smoothly, and faster, and with less labor or trouble than any other machine of any price, ever did, or ever will do. Turners, quilters, milliners, binders, &c., free with each machine. No ad- vanced payments. Machines shipped to all K. K. stations for examination before payment of bill. Agents make money rapidly, supplying the great demand for this the Cheapest Machine in the world. Territory free. THE CENTRE COUNTY FAIR.—We copy brother Meek's article on the coming county fair, in last week's Watchman, entire, because we feel entirely satisfied that he knows exactly whereof he speaks, while we would be obliged to write pretty much at random. It seems though, from the interest manifested and the extensive preparations made that this year's fair will eclipse all former fairs ever held in the county, and we hope that the valleys may be well represented, both in agricultural and manufactured products and visitors.

THE CENTRE COUNTY FAIR.—The premium list for the Centre County Fair was distributed last week, and has no doubt given satisfaction, as the amounts to be given are more liberal than usual. The Fair will open on the 4th of October, and from that we have been able to learn, will be an entire success. Much interest seems to have been awakened in all parts of the county, which presupposes a large number of entries and an entering and beautiful display. The ladies, we understand, intend to be fully represented by all the useful and beautiful articles that ladies manufacture, while the farmers, the stock-raisers, the mechanics, machinists, etc., etc., propose to contest for the premiums in the liveliest manner. The Fair will continue for three days, and Thursday, the 7th, will be usual the "big day" of the fair. Entries will be received until noon on the first day, and we hope every man, every woman, every boy and every girl who has anything interesting to show will put it on exhibition. Whoever has the best, the biggest, the prettiest, the cleanest, no matter what of—of the most useful and ingenious, will get prizes and whoever gets a premium will get of course have a proud feather in his or her cap. So let all make up their minds to contribute something to make the Fair generally attractive and interesting.

In the line of amusements there will be many entertaining and laughable performances and a variety of games to be had. In fact it is the intention this year to make the amusement department if possible better than ever, and no doubt full particulars will be published of all that is going to transpire in that line prior to the beginning of the Fair. Let everybody come to the Fair. It is the great holiday time of the year, and is excellent recreation for everybody, and particularly for country people who have worked hard for months. Bring your wives and children; your brothers and sisters; your uncles and aunts; your grandfathers and grandmothers; your sweethearts and all the various girls that you have a hand to get on and hear. In fact it is the use of living if we can't live to more serious matters of life. Come then, to the Fair, one and all.

On last Thursday evening the Democrats of Gregg township celebrated the Maine victory by a torchlight parade; but now the Republicans claim the victory and had their frolicfication by a parade with flying banners, &c. Don't be too sure until you are certain. Somebody must go up Salt River yet that celebrated victories.
