"Landslide from the Cash Store Store."

We can sell you goods 20 per cent cheaper than you can buy them in Penns Valley. "Overdrawn?" No sir, not up to truth by oceans. In every day-life you find shipwrecks, how, if they have to fight the battle over again, would fight and conquer under that excelsior banner which shows those silken folds were printed in ineffable letters of gold, "that, silent, solid, omnipotent, monosyllable, "Cash," the secret of our low prices. We submit our prices below, and all we ask is a comparison with old time prices."

We do not imitate in prices but ad prices to beat solid facts."

Ayer's Ague Cure is an infallible cure for Fever and Ague in all its forms. The proprietors warrant it, and their word is as good as a U. S. bond. Try it.

If you have any business in Bellefonte by all means call at Lewin's Philadelphia Branch Store for a suit of clothing, and if you even have no business it will pay you to go anyhow. Lewin has the best clothing store in the county.

Mr. Hayes has issued the usual Thanksgiving proclamation and appointed Thursday, Nov. 25th as the day. HOLD ON AND LISTEN!—J. Willis Musser is on the road again buying up Calves and Poultry, for which he pays the very highest market price and the solid cash. This is an announcement worth your attention.

We defy any man or boy either to name a single article in the line of clothing or belonging to a gentleman's outfit that Lewin's Philadelphia Branch Store does not keep, and sell as low as can be bought within a radius of fifty miles.

It is admitted on all hands that the work turned out by Deininger & Musser is second to none made in the central part of the state. While the quality of the stock they use is a superior grade their prices are reasonable and uniform. It is their constant effort to continue to merit the confidence and liberal patronage of the public.

CHURCH DEDICATION.—On Nov. 21st, 1880, the newly erected church east of Logansville, Sugar Valley, will be dedicated to the service of the true God. Bishop T. Bowman, has been engaged and will conduct the services. Preachers and the public are cordially invited to be present on the occasion.

A REMEDY FOR EPITZOOTY.—William P. Hazzard, Esq., an intelligent farmer living near West Chester, writes to the Philadelphia Public Ledger a short letter, in which he recommends sliced apples added to horses' food, as a preventive or remedy for the cure of the distemper. He states that at its former appearance he knew of whole teams which escaped by the use of apples alone. As the fruit is plentiful it would not be difficult to try it.

There are some scholars attending school who are not studying all the necessary branches. Parents, supply your children with the necessary books, and urge them to study them likewise. There is still room for improvement in every department, and especially so, with regard to scholars being at home in the evening and studying their lessons. Parents remember there is little time for study in school.

D. L. Zerby,

WOODWARD CHIPS.

The people of this quiet village accepted the result of the election with true christian fortitude. Not a roar from rampant republicans, not a howl from defeated democrats nor a groan from dying greenbackers disturbed the stillness of the air. Everybody feels that this is a republic, and that the majority rules, but the minorities need not give up their principles. The campaign is open for '84, Hurrah for—"next."

Mr. G. R. Spigelmeyer, the enterprising merchant and greenback champion of this place has just returned from the city, with a full and choice assortment of general merchandise which he is selling at "bottom prices." He runs his store on the cash system, cash or produce. He is a greenbacker, yet it seems but justice to his magnanimous soul to remark that he will accept specie just to please customers.

A protracted meeting has been in progress in the Evangelical church for more than a week. Owing to various circumstances it has not yet come up to the average meeting of that class, neither in point of interest nor result. Without undue reflection upon any one I venture to say that a real, live, solid preacher, just at this juncture would do more to arouse the people and secure the success of the meeting than any other element.

Henry Snyder is ahead in the coon catching business having captured fourteen during the past three weeks. Snyder is a republican of the hardshell variety, and anticipated a trip up Salt river. In view of this event he was getting the coon skins made into a robe to use during the voyage. But since this proposed voyage and picnic up salt river has failed I hope the gentleman may be able to bear up against the disappointment, and do himself no mortal injury.

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use by physicians in their practice, and by all civilized nations, proves them the best and most effective purgative. They are adapted to the needs of the digestive apparatus, derangements of which they prevent and cure. If timely taken they are the best and safest pills to employ for children and weakened constitutions, who are unable to take other cathartics is required.

A DREADFUL DEED.

A Seventeen Year Old Girl Murdered by Tramps.

SHRODSBURG, Pa., Nov. 1.—The township of Hamilton was thrown into a wild state of excitement this morning on finding that the seventeen year old daughter of Samuel Bittender had been murdered, her head being pounded to a jelly. The girl left her home yesterday afternoon to go to Jacob Marsh's to do house work. Her little sisters while on their way to school this morning discovered her by the roadside with her brains scattered over the fence and stones where she lay. There were several tramps in the vicinity early this morning and it is supposed they committed the crime.

ABRUTAL BARTENDER.

He Shoots a Wife who is Looking for Her Husband.

PHILADELPHIA, November 1.—At 2 o'clock this morning Mrs. Sarah M'Manus entered a low drinking saloon at Seventh and Barker streets to look for her husband. Frank Carroll denied that the husband was there, but as Mrs. M'Manus was persistent Carroll drew a pistol and deliberately shot her in the abdomen and the doctors say she cannot live.

EALLING FROM A BALLOON.

A Gymnast's Plunge from a Trapeze a Thousand Yards from the Ground.

NEW YORK, November 1.—A dispatch from Paris to the Evening Telegram says a frightful and probably unprecedented balloon accident occurred last evening at Carbevoise, near Paris. A large crowd had assembled to witness the novel and perilous ascent of a gymnast called Auguste Navarre, who, with inexplicable foolhardiness had volunteered to perform a number of athletic feats on a trapeze suspended from a Montgolfiere balloon named the Vidouillaise. Rejected the advice of bystanders, Navarre refused to allow himself to be tied to the trapeze. There was no car attached to the balloon. At about five o'clock the Vidouillaise was let loose from its moorings and rose majestically in the air. Navarre, hanging on to the trapeze, appeared quite confident and repeatedly saluted the spectators.

When, however, the balloon had reached a height of nearly one thousand yards the crowd was horrified to see him suddenly let go the bar and fall. The tragic descent was watched in breathless excitement. At last the body reached the ground, striking with such force that it made a hole in the earth two feet deep and rebounded four yards. It was crushed and mangled almost beyond recognition. Meanwhile the balloon, freed from its human ballast, shot up with lightning speed and soon disappeared from sight. Late in the evening it burst and fell at Menilmontant, much to the consternation of the inhabitants of that busy Parisian quarter.

AMERICAN NEWSPAPER DIRECTORY.

Whether regarded as a list of the newspapers of America, as the result of one of the most systematic business enterprises in the United States—that of the Advertising Bureau which publishes it—or as a business and industrial gazetteer of our country, this volume is alike a curiosity. Three hundred and ninety-six pages are given to a list of the newspapers of the United States, arranged alphabetically by States, and by cities and towns in each State each presenting the exact location of the city or town, its population, leading industries, and the papers there published—the list comprising 9,753 distinct Journals. Following this list are nine classified lists of special publications and journals, designed especially for the benefit of advertisers; this being succeeded by nearly five hundred pages of advertisements, thoroughly indexed. When it is remembered that fifteen years ago no such thing as a newspaper directory existed, and that now to accurately give the statistics of the press of our country, demand by advertisers, requires a volume of over 1,000 pages, it shows the gigantic proportions of the business, and the system to which it has been brought by the enterprising firm publishing this Directory.—Samuel L. Bowler, Esq., in the New England Historical and Genealogical Register for October, 1880, Boston, Mass.
