#### THE ANSWER OF THE SOL-ID SOUTH.

Memphis Daily Appeal.

Devotion to their material interests and personal welfare, the strict maintenance of the credit of their municipalities and states, the rapid settlement of vacant lands, the extension of their railroad system, the growth of their commercial centres and the generous encouragement and enlargement of their public school system, will be the best answer the "solid South" can make to the gross libels that have won for the Republican party a fresh lease of power. For this the South is solid, and believing' still that the supremacy of Democratic principles is essential to the maintenance of the government and the happiness and prosperity of all the people of the Union, it will continue to be solid, and to vote solidly for that party so long as it exists. We say this in no sectional spirit. We are opposed to sectionalism, and deplore its existence at the North, but the lations originally made. By the way Republican party, always sectional, to the third report from South Carolina, the "solid South" is due, taking up sponse to Radical clamor, were recentthe reins of government once more in ly sent there to inquire into the earlithe repressive spirit of 1865, compels est report, shows that the population the South to look to the Democratic is greater than the official report gave party as the only channel of political it. The same is true doubtless, of all ings of honestly administered state that the population in those States is sons of the past, the South will remain other. Democratic.

South Carolina has four Democratic colored members in her state legisliture. But hew many colored members have the Republicans in the Pennsylvania Legislature, or in any northern legislative body? Not one; and yet it is by the colored vote that the Republicans carry almost every northern state. The "colled bredren" different thing altogether. Of course Carolina, has been committed to jail at rope was pulled is also being whittled Defiance, Ohio, for shooting and kill- off and carried away by relic-hunters,

## PHILADELHIA TIMES

The Times for 1881.

THE TIMES will center the, New Year with a larger circle of regular readers than it, had at any previous period of its history, and the im portant events of the next year must steadily eularge the field of independent journalism.; A new administration will be inaugurated; new political occasions will create new politi cal duties; the 'great commercial and industrial prosperity of the country must stimulate progress and thrift in all sections, and the tendency of political power will be toward corruption and despotism, as it ever is when the people are diverted from the stern criticism of

authority by peace and plenty. THE TIMES will be in the future, as it has been in the past, absolutely independent of political parties, but earnestly and fearlessly devoted to integrity and patriotism in our statesmanship and to the freedom and sanctity of the ballot. Dependent party organs will continue to babble about party men and party measures; to excuse the public jobber and the demagogue; to suppress, pervert or deny the truth when party 'intersts' demand it, and to lavish the regulation praise of the servant to the master; but the growing intelligence of the age daily multiplies the readers of the independent newspaper, and the journals which best reflect the rapidly increasing independence of the people will be the great American journals of the future.

THE TIMES aims to reach the highest standard of the independent newspaper. It fearless ly opposes corruptionists and rings in all parties, whether in city, State or nation. It opposes every form of imperial political domination, whether represented by an individual, by a faction or by a party. It opposes sectionalism North and South as the demon ol the Republic, and it demands public tranquility and the supremacy of liberty and law for every citizen of the Union.

THE TIMES will begin the New Year strengthened in all of its already exceptionally strong departments. Its Annals of the War will be continued in the WEEKLY EDITION, with specially interesting extracts therefrom in the other editions, and the contributors for 1881 to this important feature of the paper will be from the most distinguished soldiers and civilians of both North and South. Its large list of contributors in this and in foreign countries will be more than maintained; its reliable news correspondence is unsurpassed by that of any other journal of the country; its various departments essential to a complete newspaper for the home and family circle are constantly enlivened by fresh writers, and it will maintain the position it has won so:ely on its merits, as one of the most reliable and complete newspapers of the

world.
TERMS: DAILY-delivered by carriers, for twelve cents a week; mail subscription, six dolars a year, or fifty cents a month, postage free. SUNDAY EDITION-Double sheet, two dollars a year, postage free; single cop es, four cents. THE TIMES. TIMES BUILDING, Philadelphia. SENATOR WALLACE ON THE DEMOCRATIC MISSION.

From the Northamerican Review.

The mission of the Democratic party is decentralization. Its duty is to restore the government of the Republic to the intelligent rule of the masses of the people. Dominated labor must be taught its rights and its interests. President Judge-Hon. Chas. A. Mayer, Lock Capital must see its safety in the intelligence and justice of individual rule, and not in the exercise of arbitrary will. Honest performance of every governmental contract now in existence, but a change of policy by which the debt shall be managed in the interest of the people and not of the creditor; equal taxation on every form of property; through inquiry into taxation for revenue, and its readjustment upon a basis just to every interest and to all the people; no monopolies; forfeiture of the franchises of corporations and punishment of aggregated wealth or individuals, for coercion of employes or the use of money in elections, our own carrying trade made to be our own preserve, and a divorce between government and banks are thoughts which find place. The cry of a solid South is exhausted and impotent at last, It has served its purpose. Divided councils upon questions of administration have kept the Democracy a mere party of opposition and concealed the silent approaches of the enemy to strong government. It will continue to be a party in opposition,

By the latest returns received, it appears that the population of the United States in June last was something over 51,000,000. This is two millions more than was expected when the first returns -mostly from cities -were published. It is gratifying, of course, that the returns from rural regions show greater gains than were anticipated, and those from cities less. The unexpected increase in the Southern States was what disturbed the calcuwhose animosities and persecutions made just new by those who in resafety, and to rely upon it for the bless- the Southern States, for the reason governments. are good voting material but when it MURDER. Ex-Gev. Scott, the first of several feet more had been cut off. comes to enjoying office, why that is a the carpet-bag Governors of South The limb of the tree over which the

military were called out to assist in restoring order. The Philadelphia Record says that as Governor of South Carolina Scott "probably got away with more money than any of his predecessors," and that "some speculative minds will find a suggestive fatality in the misfortunes of the whole line of political spoilsmen in the South. The greater number of them have been made acquainted with grief."

#### Ex-Governor Scott's Victim:

NAPOLEON, Ohio, Dec. 27,-It has been learned that Walter G. Drury, the clerk, who was shot and killed by Ex-Governor Scott on Saturday morn ing, was to have gone to Pittsburg in a few days to marry Miss Luckey, daughter of Prof. Luckey, Superintendent of Public Schools of that city. She is a teacher in the High School. When informed of her lover's violent death she swooned away, and is said to have remained insensible for several hours. Drury was a Mason, and after the postmortem examination that fraternity took charge of the body, arrayed it in the suit which was to have been his wedding dress and sent him to Elmore. Ohio, his former home, where he will be buried on Tuesday.

Henry W. Oliver, a wealthy iron manufacturer of Pittsburg, is now the chosen Cameron ring-machine candidate for U. S. Senator, vice Mr. Wallace, whose term expires on the 4th of March next. It is not claimed that Mr. Oliver has any special fitness for the high office, excepting his richess but that of course is a primary qualification for position in the Republican party as matters now run. Another reason why Mr. Oliver has been selected is because Don don't want a colleague smarter than himself. He has felt humiliated all along at the side of

the able and brilliant Wallace. If the Republican party in the state had a say in the matter Ex-Speaker Grow would be triumphantly elected, and he would at least be a creditable successor to Senator Wallace. But Don runs the machine and appoints whom he pleases, without the slightest regard to the wishes of the party or people. That's just the size of it.

### Lynched for Murder.

ALLENTOWN, Pa., December 27 .-Jacob Gogel and his wife Anna, an aged couple, residing at Santee's mill four miles from Bethlehem. Pennsylvania, were found dead in their bed this morning. Their heads were nearly severed from their bodies, and a blood; axe was found in the apartment. The walls were splashed with blood, and altogether the room presented a shock-

Joseph Snyder, who boarded with the Gogel's, \*as believed to be the murderer. He was caught by an infuriated mob of neighbors soon after the discovery of the crime and hanged to the nearest tree. Gogel was a day laborer, about forty years of age, and leaves three children. The motive of the double murder is unknown.

### A Later Dispatch.

ALLENTOWN, Pa., December 27 .-Joseph Snyder, aged twenty four years. the murderer of Jacob and Anna; Gogel, near Bethlehem, was found in a neighboring barn under the straw at 9 o'clock this morning. He was immediately taken back to the house of his victims and questioned as to the murder. He was interrogated by Rev. Brendle, of Bethlehem, and at once confessed having committed the crime, telling the story with great deliberation. He was in leve with the eldest daughter of Gogle aged sixteen, but was opposed by her parents. He believed by killing them all the opposition would be removed to his suit. He had scarcely confessed before a rope taken from one of the beds was placed around his neck and he was dragged outside of the house and hung to a large chestnut tree. After being suspended twenty minutes the body was cut down by the poor house authorities and taken to that place where it was found that death was caused by strangulation. The officers of the law made vain endeavors to restrain the fury of the mob. Detective Yohe, of Bethlehem, firing at one of the ring leaders without effect. Several thous. and people visited the scene of the tragedy during the day and the excitement is intense.

### After the Lynching.

EASTON, December, 28.—Country people for miles around visited the scene of the double crime to-day, and pieces of the bed-cord by which Snyder was hanged are in great demand. A piece of the rope two or three inches long will sell readily for a dollar, and those persons who secured a few feet of the cord when the body was cut down have made considerable money by retailing bits of it to the visitors. The rope was originally about forty feet long, but an hour after the hanging its length was reduced to twenty feet. AN Ex-GOVERNOR COMMITS A and when the inquest was concluded

Great excitement fol- ative powers in cases of chronic dislowed the commission of the act and eases. A sister of the murdered man Scott narrowly escaped lynching. The has charge of the house lately occupied by the Gogels, but the furniture will be removed in a day or so, and, if possible, homes will be found in the neighborhood for the four orphan children. George Desh, George Baer, Dr. Deitweiler, John Mack, Christian Mischweiler, John Myers, Joseph Marks and Peter Olmstead are said to be the leading spirits in the lynching, and it is supposed that if the guilty parties are arrested those named will be among the first to suffer. Desh is the man who told Snyder to say his prayers, and was one of the first to grasp the rope, Deitweiler adjusted the noose properly around Snyder's neck and Mack is the man who passed the rope over the limb and then decended to assist in hauling the doomed man up.
