

Local Department.

WANTED.—A blacksmith at R. B. Hartman's foundry.

—The penalty for disturbing a religious meeting is \$5 fine and three months' imprisonment, or both.

—Millheim has made and sold between four and five hundred sleighs this season. That looks like business.

—Don't miss the sale of the Phillips' lots on Saturday. There may not be another such chance to buy good land near town in a long time.

—Rev. W. R. Wieand, of Rebersburg, will offer his fine homestead in Adamsburg, Snyder county, at public sale, on Saturday, Jan. 22nd.

—James D. Boyer, of Boalsburg, is very sick of typhoid fever. Hope Providence may spare his life to his afflicted wife and friends.

—Union county is out of debt and has a cash balance of nearly \$5000 in the treasury. Good management, that.

A shooting match for a big Durham bull is to come off at the Great Western Hotel three miles east of Millheim, Tuesday the 25th inst.

—The Evangelicals of Aaronsburg are taking subscriptions to build a church in that place. We understand that they have secured a site on Second street near Mr. John Beaver's.

—WANTED IMMEDIATELY, about ten to fifteen bushels potatoes and about five to eight bushels of apples. If it suits you to pay off your subscription in that way bring them along at once.

—Our friend W. H. Corman, Esq., purchased the Junction property near Nittany Hall, from the heirs of Thomas H. Hutton, dec'd. What does it mean? Don't know, can't tell. Guess he could give all necessary information.

—Jacob & Elias Snook, Administrators of Levi Snook, deceased, will offer a valuable farm situated in the east end of Nittany Valley, at public sale on the premises, Jan. 27th next. See bills.

—Our editor couldn't give much attention to the paper this week, and if the Journal is just a trifle better than usual don't blame him. He is busy as a beaver soliciting subscriptions for the projected new Lutheran church.

—The Forks House, one of the best hotel stands in this section of the country, situated at Coburn Station on the Lewisburg & Tyrone road, is for sale. For particulars apply to G. W. Stover.

—SAMMY K. FAUST has made and sold twenty-seven sleighs this season and is getting rich fast—hennyho rich enough to be able to make us a present of a good, nice sleigh. Wish somebody would just remind him of it before the snow is all gone.

—The Selinsgrove Times very fitly says: Gov. Hoyt don't say a word in his message about the abuse of the pardoning power. That was a subject he might have dwelt upon as he knows all about it from experience.

GENEROUS DEED.—J. H. Reifsnider, Esq., J. W. Snook, John H. Musser, of Aaronsburg and another little bit of a man whose name modesty forbids us to mention, have donated a fine building lot, corner of Penn and Mill streets, to the Lutheran congregation of Millheim, for a church site.

OUR SICK.—Our old friend A. Alexander is still confined to his room. R. B. Hartman is improving and may be out again in a few days. Mrs. Geo. W. Shank's recovery seems to be assured as far as human judgment goes. Otherwise good health prevails in town and neighborhood as far as we know.

—J. R. VanOrmer, the accomplished, brilliant ex-editor of the Teachers' Journal, paid us a pop visit last Saturday. Reese knows just how to manage to retain a snug warm place in the hearts of his friends here. The principal reason why we like him is because we can't help it.

VICK'S FLORAL GUIDE.—This work is before us, and those who send 10 cents to JAMES VICK, Rochester, N. Y., for it will be disappointed. Instead of getting a cheap thing, as the price would seem to indicate, they will receive a very handsome work of 112 pages, and perhaps 500 illustrations—not cheap, but elegant illustrations, on the very best of colored paper, and as a set off to the whole, a beautiful Colored Plate that is worth twice the price of the book.

—The United States with upwards of 51,000,000 inhabitants occupy the fourth place among the nations of the earth. China has over 300,000,000, British India 190,000,000, and Russia 86,000,000. In territory Russia exceeds the United States by 8,000,000 square miles, while China, Canada and Brazil have about the same extent of territory, 3,500,000 square miles. The population of the United States to the square mile is 14, that of France 182, Germany 214, England 253, the Netherlands 282, and Belgium 469.

—Read of F. McLaughlin & Co.'s card in another column, and if you want any cards printed give them a chance.

The anxiety that Mr. Garfield has over the selection of a cabinet and other officers does not in the least interfere with the immense business done at Lewin's Philadelphia Branch Clothing Store, Bellefonte, Pa.

—A sad result from shooting off the old year occurred in New Berlin. A boy named Clinton Whitmer, about 16 years of age, received a charge of powder in one of his hands by accident, on said occasion, producing lockjaw, from the effects of which he died on last Saturday.

SAMUEL GREININGER.

—Mormonism is spreading so rapidly in Idaho that the Governor of the territory has deemed it his duty to call the attention of the Legislature to the subject. What to do with the Mormons is getting to be quite a difficult problem.

ALL IN ONE DAY.—With the fine sleighing which we now have, you can start from home in the morning, drive to Bellefonte, buy one of Lewin's superb suits—cheaper than the cheapest—and return home in time for supper.

—Christian K. Ross, the father of Charley Ross, passed through Altoona the other day, and to a reporter of the Call he said: "The only tidings I have ever received of Charley since he was stolen was the demand for a ransom of \$20,000. If I had paid that I would have had him long before this. As it is I have spent \$60,000 and have not got him. I am still engaged and have detectives employed, and hope in time to find him. I have examined over three hundred lost children in the search some of whom had been stolen, but none of them was Charley. I would not pay the ransom. I wanted to protect the community and secure the thieves. As it is, I have lost all my fortune and my boy."

—It appears that after all the warnings that the newspapers contain there are still some people in the rural districts who allow themselves to be swindled. A short time ago a patent right man sold Wm. P. Tressler, of Jackson township, and Henry Lehr, of Lower Mahoning, a device to hold bags while being filled. He then persuaded them to take some of the machines to sell on commission. He asked them to give their names to him in writing, which they did. In a few days after another man appeared with notes against each of them for over a hundred dollars. They did not know they were signing a note. Next?—Northumberland Co. Democrat.

Christ's Reformed Church at Madisonburg, was dedicated to the Triune God on Sunday Jan. 24th. Large concourse of people had gathered to take part in the services—services well attended during the week previous. People much interested and profited.

The church is a brick structure, cruciform in shape, and gothic in style. Audience seats with a capacity for Sunday school 21x12, and a lofty spire in front of church in which is placed a fine bell, weighing 825 pounds. The windows have stained glass, and walls and ceiling are frescoed. A beautiful 99 dollar chandelier, pulpit and chancel chairs—nice carpet and a new Burdette organ grace the audience chamber. After the church was completed all furniture secured for it, there was a deficit of 750 dollars to be liquidated. This amount was raised during the week of services and on the day of dedication without any trouble. Thus this congregation of 55 communicant members have built a beautiful church costing about 450 dollars and paid for it, except about 100 dollars which was secured on the day of dedication from neighboring friends. The bell is a present from George & Sarah Slater. The chandelier from George Shafer, and a nice communion set a present from Mrs. Benj. Roush, and a pulpit and chancel chairs a gift from Mrs. Joe. Roush.

—Report of Millheim Grammar School for the week ending Jan. 14th, 1881.

No. of pupils, males—23, females—22, total—45. No. attending, males—20, females—17, total—37. No. tardy, males—20, females—16, total—36. No. present every day, males—16, females—10, total—26. Average attendance, males—21, females—13, total—34. Per cent. of attendance, males—81, females—76, total—79. No. of visitors—2.

By the above it will be seen that several pupils have not been in school at all during the week. Others have been there 1 day out of 5, while some were present 2 days. Some attend on Monday, Wednesday and Friday missing every other day. Those attending only by chance are, not making any marked progress. I trust the attendance in the future will be more regular.

D. L. ZERRY, Teacher.

Various Causes—

Advancing years, care, sickness, disappointment and dispondition—all operate to turn the hair gray, and either of them incline it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brassy, weak, or aching hair, on which a few applications will produce a gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft, lustrous and rich color it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous.

—The Job work done in the Journal Office will compare well with any work done elsewhere and the prices are remarkably low. Give us a call.

—There is not the slightest excuse for a man to appear among his fellow men in clothing "all tattered and torn," when Lewin will sell him a good suit or almost nothing. Surely not.

—Forty years experience has stamped public approval on Ayer's Cherry Pectoral, as the most reliable of all remedies for Throat or Chest diseases. Its continued and increasing popularity is conclusive evidence of its superior curative qualities.

—At an adjourned congregational meeting of the St. John's Lutheran congregation of Millheim held on Wednesday evening, the 19th, inst., it was voted to proceed with the building of a church next summer. The subscriptions having reached a point that promises final success, Jonathan Harter, J. W. Snook and H. E. Duck were appointed a building committee.

The following resolutions were also passed: Resolved, That the St. John's Evangelical Lutheran congregation of Millheim hereby tenders its heartfelt thanks to Messrs. J. H. Reifsnider, J. W. Snook, John H. Musser, and B. O. Benninger for their truly generous gift of a building lot.

Resolved, That these resolutions be published in the MILLHEIM JOURNAL and that the secretary send a copy to each of the donors.

News Miscellany.

The temperance movement in Erie promises to be very active during the winter.

Many of the farmers throughout Chester county are obliged to melt snow in order to supply their stock with water.

It is proposed in Allegheny to elect one woman in each ward as school director.

PARIS IS A MOUNTAINSIDE village in Clarke county, Va. For several weeks the cold at that point in the Blue Ridge has been intense. During the storms of the holiday week nearly every house in the village, owing to its peculiar situation, was buried to the roofs in mammoth snow drifts, compelling residents to cut tunnels, in many instances fifteen or twenty feet long, to make exits. So completely was the country overwhelmed with snow that it was impossible to make any headway in it with the most powerful horses. Mrs. Kate Whitman, a widow, and her two children on Christmas Day were found frozen to death. While trying to break the road to Berryville on Tuesday, December 23, three men perished in the snow. At a meeting of the men of the village it was resolved to appoint a committee of fifteen to take charge of all the wood and provisions in town. This was accordingly done, not without some opposition, and a radical change in affairs was soon effected. The committee ruled the inhabitants with a strong hand, compelling them to crowd in about twenty houses, where fires were kept going night and day. This was in order to economize fuel. Each man, woman and child was given a supply of provisions twice a day, while every morning a party of men was sent out to battle the terrible snow and search for fuel and birds, the latter being frozen to death by thousands. On Tuesday of last week Roger L. Cooper, a resident of the village, succeeded in making his way to Berryville, from which place sleighs containing medicines and food were at once dispatched to Paris. It is said that when Cooper left Paris no less than 75 of the 500 villagers were sick in bed.

Robbers Arrested.

READING, January 15.—The Lancaster county officials yesterday succeeded in capturing two of the five notorious Buzzard brothers, who for years past have been the terror of the country districts of eastern Pennsylvania. Their names are Abe and Joseph Buzzard, the remaining three being still at large. Two of the other members of the gang, Diller, Clark and Henry Hower, were also captured. The Buzzard brothers are recognized as the leading members of the notorious "Welsh Mountain gang," one of the most relentless bands of plunderers ever known in the state. All five of the Buzzard brothers live in small cabins in the mountain fastness and their comrades live in the forests adjacent. The gang numbers some thirty, and they operate between Reading Lancaster and Philadelphia, running off cattle, stealing horses, robbing railroad stations, freight depots and farm houses. Their boldness this winter has become alarming. Horses have been stolen to transport plunder, and, after having been driven all night, abandoned, more dead than alive, at daylight. School houses and churches have not been spared, and cross road stores have been rifled of their contents. A month ago ten of the band were captured. Seven were sent to the eastern penitentiary and the remainder were acquitted. The arrests yesterday were regarded as very important, and it is believed that the deathblow to this robbing gang is to be dealt very soon. One of the Buzzards, who at one time was reported to be the leader of the band, is now reported to be aiding the detectives. The prisoners taken were sent to the Lancaster jail.

A recent dog-fight at Big Lick, Virginia, led to a fight between thirty friends, resulting in many black eyes and fines to the amount of several hundred dollars.

Death in a Coal Oil Lamp.

READING, January 11.—The dwelling house of Wellington B. Moser, No. 2827 Centre avenue, this city, was burned to the ground this evening and two persons were burned to death and two others so badly injured that the death of both of them is expected. The accident occurred through the bursting of a coal-oil lamp, which threw the burning oil over the dining-room, in which were Mr. Moser's four children, his wife, step-sister, Sallie Rothenberger, aged 14 years, and David Moser, a boarder. Maurer blew into the lamp chimney for the purpose of extinguishing the light in order that the lamp might be filled, when the explosion occurred. Two of the children, both boys, were carried out of the room safely by their mother. The oldest child, Mary Moser, aged 3 years, was taken from the building by her uncle. Frank Moser, after she had been shockingly burned, no hopes being entertained of her recovery. Sallie Rothenberger and the youngest child, an infant aged 8 months, perished in the flames. The boarder, Maurer, had his hands, arms and face terribly burned.
