Democratic County Committee.

- The following persons have been named as members of the Democratic County Committee for 1881. Bellefonte, W. W. Nicholas Redding.

In the United States Senate the other Saturday when the name of Wayne McVeagh was reached in the reading of names of the new cabinet, Donk Ameron broke out in language more forcible than polite.

The most popular man in Pennsylvania just now seems to be Mr. Geo. Skinner, the newly elected colored school director of Bellefonte; and since the new President has entirely ignored the "colored" persuasion in the formation of his cabinet, we suggest that brother Tuten keep Mr. Skinner prominently before the public and in training for the first vacancy that may happen in Garfield's family of constitutional advisers.

Members of the Delaware Legislature now receive \$3 a day or \$21 a week, the speakers getting \$4. A bill that has passed second reading in the Senate provides that the members shall receive \$5 a day, the compensation to apply only to the time of actual session.

WASHINGTON LETTER.

Washington, D. C., March 12, '81. An unsuccessful attempt was made to reorganize the Senate Committee yesterday by the Democrats, and a further attempt will be made on Monday.

If President Garfield has his own way there will be no extra session of Congress this summer, but if he permits the "machine" to bully him there will be one. The President's Inaugural showed that he had "policy," and it was not in all respects such a policy as the "machine" had endorsed or was ever likely to endorse.

There has been but one selection of Foreign Ministers, so far, for reasons mentioned in above reference to reorganization of Senate Committee, and that one of course, was of a man strongly friendly to Senator Conkling, viz: Hon. Levi P. Morton as Minister to France.

Secretary Windom decides that National Banks cannot recall the legal tenders sent to the Treasury by them during the late financial excitement for the purpose of withdrawing circulation.

The rumor that Chief Clerk Lockwood, of the Interior Department, must "go," is possibly premature. There will probably be no immediate changes in that vicinity.

Some days ago it was reported that President Garfield had assured Gen. Grant he could name the Minister to Mexico, and that the general had suggested John Russell Young.

CARROLL.

AN EMPEROR'S END.

THE CZAR OF RUSSIA AT LAST ASSASSINATED.

LONDON, March 13.—Reuter's dispatch from St. Petersburg says: As the emperor was returning from a parade in the Michel menage with the Grand Duke Michel, about two o'clock Sunday afternoon, in a closed carriage, escorted by eight Cossacks, the carriage was attacked opposite the imperial stables. The first bomb fell near the carriage destroying the back part of it. The czar and his brother alighted uninjured. The assassin on being seized by a colonel of police drew a revolver but was prevented from firing it. The second bomb was then thrown by another person and fell close to the czar's feet. Its explosion shattering both his legs. The czar fell, crying for help. Colonel Dorjibky, though himself much injured, raised the emperor, who was conveyed to the winter palace, in Colonel Dorjibky's sleigh, where he died this afternoon.

He Takes the Sacrament Before He Dies.

ST. PETERSBURG, March 13.—An official messenger makes the following announcement: God's will has been done. At 3.25 o'clock this (Sunday) afternoon the Almighty called the emperor to Himself. A few minutes before his death the emperor received the sacrament.

An old man rapidly acquired \$30,000 worth of property at McGregor, Iowa. Feeling that he would soon die, he wrote letters to his relatives in the East, soliciting aid to carry him through a hard winter. The only response was from a niece, who sent him \$50 out of her earnings as a school teacher, and to her he has left his entire estate.

Life insurance business in Pennsylvania has become such a rage and the imposition and fraud practiced upon the public by many of the agents of these institutions have become so great that more stringent legislation upon the subject has become necessary in order to protect the people as well as those companies who are striving to do a legitimate and honest business.

The salient section of the new bill now before the legislature provides that charters cannot be procured until at least 100 persons have been insured, and policies amounting to \$500,000 have been issued, and two per cent. of the sum paid in. Before issuing a new policy after its organization every company is required to have sufficient money on hand to cover the amount for which the person may be insured.

LYNCHED FOR NO CAUSE.

A Maryland Man Hanged in Colorado in Place of a Thief Who Escaped.

BALTIMORE, March 3.—Westminster, Maryland, special last evening gives particulars of the lynching of Frank J. Wright, son of a prominent citizen of that place, in the mountains of Colorado recently by a band of vigilantes. The murder was a horrible one and wholly unprovoked. Private advices to his family state that after removing to Colorado he hired a servant and purchased some mules for traveling purposes from a party who, it is said, had stolen them. Mr. Wright being ignorant of the fact. He was, however, pursued by a gang of desperadoes and hanged, with his servant, before he could make an explanation.

The Wrong Chap in a Drug Store.

A serious and almost fatal accident occurred in this place on Monday evening. Geo. C. Wagonseller, druggist and express agent, had gone to Sunbury at which place he has an interest in a mutual life insurance company. During his absence he left his drug Store in charge of a young boy, son of Elias Emerick of this place, who has been in the drug store only a few weeks and has had very little experience in the dealing out of medicine. F. J. Schoch sent to the store for a dose of salts, and by mistake the boy gave him a dose of potash which Mr. Schoch took. The result was deadly sickness and a very narrow escape from death.—Scinegrove Times.

The Way it is Done.

The Lancaster Intelligencer says: We hear of a big six-footer who is loafing around Harrisburg, borne on the pay rolls of the House as a page at \$2 per day, employing a little boy at 50 cents per diem to do his work and pocketing the \$1.50 daily profits of the fraud upon the State. His case is not much worse, however, than the pasters and folders who gets \$6 a day for 150 days and never go near Harrisburg except to sign the pay rolls and settle with the fellow whom they employ to do their work for \$100 a session.—Scinegrove Times.

INSENSIBLE TO PAIN.

Lying for Weeks in a Stupor Without Regards to His Surroundings.

ALLENTOWN, March 9.—The Poorhouse officials and the medical fraternity generally in this section are much puzzled over the singular condition of a stranger, whose name is John Gumshere, a native of Australia. On Feb. 11, this man applied at a hotel in Fogelsville for lodgings, and soon after arriving there fell into a stupor, from which no one could rouse him. He was permitted to remain at the hotel several days, when, manifesting no signs of rallying, he was given over to the care of the Poorhouse authorities, and there he has remained ever since in a perfectly unconscious condition, insensible to pain of any kind, breathing regularly and totally oblivious to all surroundings. He has not uttered a word since his reception four weeks ago. Medical men in large numbers have attended him and used every means of restoring consciousness, yet he does not give the slightest evidence of feeling any pain or of knowing what is being done to him. He takes nourishment regularly, it being poured down his throat by attendants, who wait on him constantly. He apparently relishes milk and boiled eggs.

From the report of the Pennsylvania State Board of Agriculture, we learn that the farm fences of the State cost \$179,834,404, and the annual repairs \$9,583,018. To this must be added the interests upon the cost, and the value of the land occupied, and we have the yearly outlay of \$25,000,000.

Joshua Joyues, "the Eastern Shore glutton," at dinner near Onancock recently ate fifteen pounds of pork, twelve links of bologna sausage, some from one large hog, one large goose, which the gourmandizer had been fattening for a month, one full-grown chicken, one dozen large biscuits, one peck of sweet potatoes, one large mince pie and drank six cups of strong coffee. Joyues sat down to his repast at 1 o'clock, and at 2.30 he had disposed of every article named, picked the bones of the fowls and swallowed a glass of egg-nog. He then smoked a pipe, jumped on a horse and rode five miles through the frosty air. Joyues weighs 250 pounds and is a good-humored old fellow of 60.

Various Causes—

Advancing years, care, sickness, disappointment, and hereditary predisposition—operate to turn the hair gray, and either of them will restore faded gray hair to red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brassy, weak, or sticky hair, in which a few applications will produce a gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the softness and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous.
