### The Disgraceful Bargain.

Bellefonte, Pa., Feb 1.

P. GRAY MEEK.

The bargain by which the control of the United States senate is given to the republican party is one of the most corrupt and disgraceful in the history of American politics. In order that the senate might be politically tied so as to give the republican vice president the casting vote, Mr. Mahone, the repudiation senator from Virginia had to be secured by the republican managers. They accordingly offered him the federal patronage in Virginia and he accepted the degrading bribe. The charge was openly made in the senate on Monday that conferences had been held at the White House looking to the consummation of the vile bargain and Mahone's conduct in the senate, his votes given on motions relating to the organization of the body, and especially his exhibition of temper when taken to task by Mr. Hill, furnish the most convincing evidence; that the corrupt convincing evidence that the corrupt making only an occasional application necessary. It is recommended and used by eminent medical men, and officially endorsed by the ident. Meanwhile Messrs. Jergensen state Assayer of Massachusetts. The popularity of Hall's Hair Renewer has increased with the test of many years, both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world.

The Mahone is to control the distribution of March 16th 1831, drawn by us in favor of Jacob and used in all the civilized countries of the world.

tionof the federal patronage in Vir-The fillheim Journal. ginia they will cast their votes in favor of a democratic organization of the next house of representatives. They hold the balance of power in the house as Mahone holds it in the senate. It has been predicted in these columns that any stroke the republicans might undertake in a bargain with Mahone would recoil upon them with disastrous effect. The declarations of the Virginia republican congressmen are proof that the prediction is already in process of fulfillment. In our opinion the democratic party is not only well rid of Mahone, but the republican party will be irreparably damaged by its adoption of that notorious representative of dishonest finance and thimblerigging politics .- Patriot.

> President Garfiel 's civil service reform ideas have now taken definite form and all concerned or not concerned can take a look at them. He says he will make appointments to office to suit the wishes of members of congress. This is the lowest possible grade of civil service without even the slightest attempt at the much promised "reform." It will of course suit congressmen to keep things in the old ruts, but whether the people will be suited or benefitted does not seem to enter into the calculation of the new administration.

Who would have thought that the classic Garfield would so soon shock the good sense of the country by playing second fiddle to the defunct fraudulent Hayes ad.ninistration? That's just what he did in sending to the senate the name of the immaculate Stanley Matthews for supreme judge.

#### WASHINGTON LETTER.

Washington, D. C., Marca 3, '81.

It would not be pleasant to see Senator Mahone dancing on the prostrate bodies of thirteen States. However great his objection may be to those Virginians who control their States in its local affairs, or to his old associates in other States who have succeeded in getting control of their section into inteiligent hands, I submit that it would not be pleasant to see him enabled to gratify his spite by reversing the present order of things there and putting ignorance above intelligence and social anarchy above well organized society. In short, he ought not to be permitted to so strengthen the Radical part of the Republican party as to give it power in the South. If he shall persist in the course he seems to have marked out for himself I trust that President Garfield, by refusing to call an extra session of Congress,; and by a patriotic course in his Southern appointments and in his other official acts, will he kinder to the South than this Senator, and will protect Mahone's constituents from Mahone. The Senator voted with the Republicans yesterday in the organization of the Senate Committees, thus doing all he could to secure Republican legislature for six years. Unless there shall be an extra session of Congress, howeve, and the order of thiugs ten years a o restored by the sending of packed committees of Representatives South, there is little danger. The mere fact of Mahone's treachery will ensure a conservative House of Representative two years

All the Cabinet officers have been busy most of the time since the fourth in disposing of office seekers. They are now settling down to work. Secretary Lincoln is the only one of them who resolutely refuses to see applicants for cffice. The present Cabinet is a better one, socially, than that of Mr. Hayes. So President Garfield is a better man, in that respect, than his predecessor. He took extraordinary pains to make it understood that his first reception, held on Thursday night, was as much for Democrats as for Republicans. It seems odd that any effort of the kind should be necessary. but during the last twelve years Demociate have only been at the White House when compelled to go there. All that will be changed under the present administration.

It was stated yesterday by a friend of Secretary Kirkwood that the intention of all the Cabinet officers whose subordinates are civilians, was to make complete changes in the heads of the Bureaus during the year, but that probably few changes would be made this spring. Hundreds of useless people are provided for in these departmente and the only way to get rid of them seems to be to substitute new for old occupants of Bureau position. Some of these worthless public servants are legacies from the administrations of Lincoln, Johnson, Grant and Hayes. Sime of them were worthless when appointed, and have drawn money they never had a right to. This administration, it is believed, will rid the service of most of them.

CARROLL.

HALL'S VEGETABLE SICILIAN HAIR RENEWER is a scientific combination of some of the most powerful restorative agents in the vegetable Ringdom. It restores gray hair to its original color. It makes the scalp white and clean. It cures dandruff and humors, and falling-out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, so t and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time,

Rev. Eluathan E. Higbee, a prominent minister of the R for n ed church, was apprinted and confirmed Superintendent of Public Instruction of Pennsylvania, vice Hon. J. P. Wickersham | st. who had filled the important position for many years with great credit and usefulness but because he could not go the full length of republican machine politics he fell in disfavor with the bosses and his removal was determined upon. It must be conceded however that Dr. Highee is a first class man and well qualified for the place.

### A MAJOR CENERAL COMMITS SUICIDE.

SAN FRANCISCO, March 15 .- Brevet Major General Emory Upton, U. S. A., was found dead in his bed at Presidio this morning, having shot himself through the head some time during ! the night. General Upton retired at about his usual hour last night, having spent the evening in social converse. The first intimation of the tragedy was obtained this morning between 8 and 9 o'clock, when his orderly went to call the General. Receiving no answer to his knock the orderly opened the door and found the officer dead in bed. The alarm was instantly given, and several officers of the regiment having hastened to the room it was discovered that the General had committed suicide. A revolver was still grasped in his hand. A bullet wound through his mouth into the brain told the history of his death plainly. The body was cold and stiff, and life had evidently been extinct several hours, probably since midnight. Neither the body nor effects in his room have been touched, awaiting the arrival of the Coroner. The general impression seems to be the grief at the loss of his wife prompt-

GENERAL GARFIELD justifles the severest imputations that have been made against him as a man of moral backbone in affronting the moral sense of the country by reviving the discreditable nomination of Stanley Matthews for a place on the Supreme Bench. Nor can he be said to sin without light. He has had anample opportunity to learn the sentiment of the country as to this particular person. There is hardly a reputable journal of his own party that has not resented 'the mention of Mr. Matthews for the beach. His marked and peculiar unfitness the Senate committee last session emphasized by refusing to consider his name. No developments have been made since the virtual rejection of Matthews' name to excuse Garfield's revival of it. On the coutrary, there are sinister signs in the recent and icious declarations of his railroad friends and the corporations generally to make the danger of his going to the bench more threatening and more vivid than it was when Haves first made such an unbecoming exhibition of his blood ties and other not so reputable relations to the man .- Times.

A VIRGINIA newspaper describing the scene in the senate on Tuesday says Ben Rill shook Mahone as a terrier shakes a Norway rat.

#### Indiana's Constitutional mendment Election.

IINDIANAPOLIS, March 15 .- The vote on the constitutional amendments yesterday was very light. Enough returns were received to-day from the state to assure the adoption of all the amendments by over a two thirds vote.

### Blaine's Successor Elected.

AUGUSTA, March 15 .- At noon the Senate ballotted for United States Senator, with the following result: Wm. P. Frye, of Lawiston, had 23 votes; Richard A. Frye, of Bethel, 5. At the same hour, in the House, the result of the vote was as follows: Wm. P. Frye, of Lewiston, 82; Richard A. Frye, of Bethel, 59. Both branches will meet in convention to-morrow to declare the result.

### ATTEMPTS TO KILL THE NEW CZAR.

ST. PETERSBURG, March 16 .- The authorities were informed that a mine had been laid in a small street which enters the Neusky Prospect, nearly op posite the Anaitchkoff palace, the residence of the new emperor. A de: achment of sappers accordingly began an exploration from a small shop, the owner of which disappeared three days ago. The street was barricaded at both ends to prevent the public from approaching it. The sappers on opening up the ground and searching the cellars discovered a mine in the above mentioned shop. The mouth of the mine was in the shopkeepers dwelling room concealed under an ottoman. The mine passes under the street leading to the riding school through which the czar passed while returning to his home on Sunday. Eight more arrests have been made and a quantity of ex- Graeff Professor of the English Language an plosions have been discovered.
