

Local Department.

-Building & Loan Association meets next Monday evening. If you want money just dirt cheap come along.

-Two of Lewisburg's hotel keepers, J. S. P. Weidensaul and Levi Cronly, are under prosecution for selling liquor to minors.

-The harsh aspect of the autumnal gray, which betokens the shady side of life, is easily modified by the use of Ayer's Hair Vigor.

-J. W. Snook is building a valuable addition to and otherwise improving his Penn Street property. Jake handles himself about as lively as any man we know of.

-Jacob Springer, our barber goes in for improvements. He sports a brand new, large mirror in his shop. Its a fine dressing glass, and a splendid ornament.

-Much rain and very cool weather since our last issue, but we are trying to shift along as best we can. The candidates keep matters warm notwithstanding clouds and rain.

-It will be seen that several real good clever fellows have again joined our noble army of candidates. The Democracy of Centre county never had a better set of men to select its officers from than it has this year.

-About 250,000 cabbage, tomato and pepper plants were inserted into the ground, roots Chinward, in our young city, the other Wednesday morning. Any man who dares to doubt our word about the matter is at liberty to take the census himself.

-Precious, gracious, refreshing and seasonable rains occurred last week, too late to notice in the paper, but timely enough to give vegetation a vigorous push. But are we all as grateful to kind Providence for it as should be?

-THE EXCELSIOR DYE WORKS at Lewisburg turns out first class work. Shawls, dresses and men's garments will be colored and pressed in best style. Mr. Jacob Wolf is agent for Centre county. Goods left at the Journal office will be attended to. Satisfaction guaranteed.

MUSICAL COLLEGE.—This celebrated institution for the study of vocal and instrumental music will begin a session of six weeks, on Monday, August 1st, 1881.

Address F. C. MOYER, Director Musical College, Freeburg, Pa. 4t

-In the line of the smaller articles that enter into the make-up of man's attire, Lewin has the largest, best, cheapest, assortment of hats, caps, collars, ties, suspenders, hosiery, &c., ever brought to Centre county. Don't fail to call and see for yourself whenever you go to Bellefonte.

-Brother School, of the Telegraph, dropped into our sanctum one evening last week, robbed us of just 49 seconds of precious time, left promising to call again, which he failed to do. Now that's just the way a Wolfish, republican editor can act away from home. We have a great mind to stop calling him brother, never to visit him again, and pretend that we never knew or heard of him, should we accidentally chance to meet him on the train.

-The Millheim Marble Works are having a fine run of custom. Cause and effect are here just as simple as can be. Better work and more reasonable prices can not be found in this section of the state. Besides this the Millheim Works have enjoyed the confidence of the public these many years. People know that the proprietors deal fairly and honorably with their customers. They do not impose on people with low grade stock and inferior work.

-Commencement festivities of Lewisburg University begin on Friday, June 24th, ending with corporation Dinner and President's Levee, Thursday, the 29th. Tuesday evening the 28th, Senator Mitchell will deliver the oration before the University. Wonder why "Don" didn't get that job. Hope he don't feel slighted and mad about it. For our part we don't care much who makes the speeches, but feel very curious to know what a "corporation dinner" really is. Could not our editorial brethren down there shape us a ticket? We promise in advance to do full justice to the subject.

The revised New Testament has been given to the world by the committee, who for ten years have been laboring upon it. There is nothing startling in the revised edition that did not appear in the old one. The changes, though many, are mostly in the wording of sentences. It will be accepted by many and rejected by many. In after years it will doubtless come into general use. As a monument of work the translation deserves praise. To the pious men who did the work let all praise be given. As an accepted, uncontradicted Bible it has hardly been a success. Old-fashioned Christian people will turn over new pages with a critical, friendly interest. They will find many things to note and admire. But these pages will never take the place of the Bible consecrated to the Protestant faith by centuries of affection, consolation and reverence.—Ez.

-The Millheim School Board makes a good showing in its annual statement. All debts paid and \$208.98 in the treasury. (See posters.)

The young ladies of the State of Maine have recently formed themselves into a society for mutual improvement and protection. Among the resolutions adopted at a regular meeting, we find the following:

"That we will receive the attention of no self-styled young gentleman, who has not learned some business or engaged in some steady employment, for it is apprehended that after the bird is caught it may starve in the cage. That we will promise marriage to no young man who is in the habit of tipping, for we are assured that his wife will come to want and his children go barefooted. That we will marry no young man who is not a true patron of his neighborhood paper, for it is not only a strong evidence of his want of intelligence, but that he will prove too stingy to provide for his family, to educate his children, or encourage institutions of learning in his community.

It would indeed be a blessing if Pennsylvania young ladies were as level-headed on this important matter as those of Maine. Here any good-for-nothing, lazy bummer and loafer can get a wife easy enough. Very many of our girls seem to have only marriage on the brain. The holy state is entered into with scarcely a thought about its duties and responsibilities—in utter disregard of character, habits, means of support or proper age. The results are apparent on every hand. Young and hasty marriages, a stormy honeymoon, a scandal, a separation as thoughtless as was the marriage. The evil is a great and growing one. But what is the matter—where the fault—what the remedy? If there is no spontaneous improvement in this important matter the good of society will soon require some rigid laws on the subject. Let our young ladies take the matter in hand themselves and follow the good example of their fair sisters in Maine.

-It don't make the least bit of difference how many candidates come out for the different county offices, Lewin, of the Philadelphia Branch Clothing Store, Bellefonte, is entirely prepared to suit them all with clothing suitable for warm weather and a hot campaign. All candidates should avail themselves of the bargains Lewin offers in campaign suits.

News Miscellany.

An old farmer in Jackson township this county, has for several years already been suspected of having a large sum of money stowed away in his house somewhere—believed to be about \$2,000. A few weeks ago he came to town and deposited his money in the First National Bank. He had become uneasy, and said he wanted everybody to know that he no longer kept his money about his premises. But instead of \$2,000, he had over \$4,000; and instead of having had his money stowed away in the house, he had it for a long time already concealed in his hog pen where the nice got at it and nibbled some of it. The fact that the nice got at it and the danger of keeping so much money about, finally induced him to put it in bank.—Selinsgrove Times.

West Branch Campmeeting. The thirteenth annual session of the West Branch Campmeeting will commence on the 9th of August, and close on the 19th of the same month. The grounds will be open for occupancy on July 1. Persons desiring tents can be accommodated by addressing the secretary, J. B. G. Kinloch, Lock Haven. Excursion tickets over the Pennsylvania, Philadelphia and Erie, Northern Central and Bald Eagle Valley railroads will be issued as heretofore.

The Old Musket was Loaded. BALTIMORE, May 30.—This afternoon Jacob H. Freeburger, aged nine years, was fatally shot by Charles Derling, aged twelve years. The gun used was an old musket, and Derling was ignorant of its being loaded. Several boys were playing soldiers in an old cellar of a neighbor's house, and Freeburger was looking through the window. Derling pointed the musket at him, and pulling the trigger, to his amazement and horror, the weapon was discharged and young Freeburger fell dead. The entire right side of his head was blown off.

Drinking a Quart of Liquor Without Stopping. CHICAGO, May 27.—At one o'clock this morning a young German named Henry Graft entered a saloon in the northwestern part of the city, and calling for a pint of whiskey, swallowed it. He then bet five dollars with the saloon-keeper that he could drink a quart of the same liquor without stopping. He did so, but before he could turn around he dropped to the floor and in a few moments was dead. The saloon-keeper was held this morning for the action of the grand jury.

Arrested for Insulting Women. JERSEY CITY, May 20.—Chief of Police Murphy, of this city, having received numerous complaints lately of young men who stand on the street corners and insult ladies as they pass last evening detailed fifty officers in citizen's dress to arrest all such persons. They arrested forty and the prisoners were fined by Judge Peloubet \$10 each.

The man who is curious to know how the world would get along without him can find out by sticking a cambric needle in a mill pond and then withdrawing it and looking at the hole.

Do Monopolies Endanger the Republic?

Hon. Jeremiah S. Black, ex-Judge of the Supreme Court and ex-Attorney-General of the United States, recently stated:

"All public men must take their side on this question. There can be no neutrals. He that is not for us is against us. We must have legal protection against these abuses. This agitation once begun, and the magnitude of the grievance being understood, it will force our rulers to give us a remedy against it. The monopolies will resist with all their arts and influence, but fifty millions of people, in process of time, will learn the important fact that they are fifty millions strong."

Governor Gray, of Indiana, in a message to the Legislature of that State in January last, said:

"In my judgment the republic cannot live long in the atmosphere which now surrounds the ballot-box. Moneyed corporations, to secure favorable legislation for themselves, are taking an active part in elections, by furnishing large sums of money to corrupt the voter and purchase special privileges from the Government. If money can control the decision at the ballot-box it will not be long until it can control its existence."

This is in entire accordance with the views of Daniel Webster, who said: "The freest government cannot long endure, where the tendency of the law is to create a rapid accumulation of property in the hands of few, and to render the masses of the people poor and dependent."

The Press, with the exception of that portion which is owned or subsidized, are with the people in this fight. The New York Times (Rep.), under date of May 19, in an article regarding the encroachments of corporate power, says:

"It is not only absorbing to itself the fruits of labor and the gains of trade and piling up wealth in the hands of the few, but it is controlling legislation and endeavoring to sway the decisions of courts in its own interest. We are now at a stage in the contest where the people may vindicate their authority and place these corporations under the regulation of law."

A blacksnake measuring sixteen feet was recently killed near Carrolltown, Cambria county. It had long been the terror of the neighborhood.

Various Causes.—Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them incline it to shed prematurely. Ayer's Hair Vigor will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on ladies' weak, or sticky hair, in which a few applications will produce a gloss and freshness of youth. Harmless and in its operation, it is incomparable as a restorative, and is especially valued for its restorative and richness of tone it imparts. It can be used either on the face and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous. For sale by all Dealers.
