

Local Department.

Mrs. John W. Toner and Mrs. J. L. Nagle, are visiting their father, Sheriff Musser and other friends.

Notice.—Persons indebted to the executors of the estate of Jonathan Phillips on note are requested to make payment without further delay.

The Lewisburg Chronicle man "growls" at the tobacco stores of that town for keeping open shop on Sundays. Growl again, brother Cornelius.

Persons in need of a first class sewing machine can be accommodated as well as cheaply—if not a trifle more so, at the Journal Store than anywhere else. Try it.

We announce two more candidates for Commissioner this week, and they are both first class timber—good panel stuff. Their names are H. E. Duck and John Wolf.

We regret to learn that Mrs. Jerome Spigelmeyer is confined to her bed by sickness. Her mother is attending to her comforts. The afflicted family has our sympathies.

Have't heard of a single Sunday School or other picnic to come off in these parts up to this writing. It is now about time that somebody take the floor?

AYER'S Pills are a general favorite, because of their powerful yet gentle operation. Medical men prefer them for nervous or delicate constitutions.

One of the neatest and best finished buggies we have seen in a long time was shown as the other day at Albright's. It is the work mostly of Charley.

About everything imaginable in the tin ware line, both plain and fancy, as well as toys, is kept by D. I. Brown. He makes spouting a specialty. Paroizah him.

The Millheim Hotel is doing a splendid business, of course we speak on general grounds—for we don't know of our own personal knowledge how the drinking department flourishes. Several families from distant places are here as boarders and more are coming.

The Journal Store always keeps a complete line of stationery in all its branches. Blank and memoranda books in great variety, paper of every grade and price, pens and penholders of every description. Staffords celebrated writing fluid a specialty.

If anybody knows, has heard, or can tell, whether the grand glorious old "4th of July" is coping round to this section, please let the Journal know by return mail. Where is the "Spirit of '76"? Are the other spirits crowding it out of existence?

The next time we see Snook's front crowded with candidates as it was on an afternoon of last week we'll go for them with our church subscription book. If that don't disperse them so that people can pass without squeezing through we'll get our High Constable to read the riot act to them.

The citizens of Lewisburg have decided that gardens, yards and shade trees have rights too that even cows are bound to respect. The other Saturday an election was held as to whether a socky should be permitted to run at large or not. A majority of 116 says she must stay at home.

The EXCELLENT DYE WORKS at Lewisburg turns out first class work. Shawls, dresses and men's garments will be colored and pressed in best style. Mr. Jacob Wolf is agent for Centre county. Goods left at the Journal office will be attended to. Satisfaction guaranteed.

MUSICAL COLLEGE.—This celebrated institution for the study of vocal and instrumental music will begin a session of six weeks, on Monday, August 1st, 1881.

F. C. MOYER, Director Musical College, Freeburg, Pa. 4t

Charley Sturgis, our gentlemanly Jeweler, has re-arranged and brushed up his entire stock. The whole business now appears bright and clean like a new Blind Fold, and what is better he has a full line of clocks, watches and Jewelry which he sells so low that you can not buy them cheaper anywhere. Just try Charley.

John W. Lose is one of the g'schichted fellows you ever saw. He makes his hand at almost any kind of work no matter what it is. He has recently turned artistic painter, under instructions of "Dutch Bill," and in a few weeks attained a degree of proficiency that is highly creditable. The work he did at Mr. Adolph Miller's last week, shows it.

A GREAT CONVENIENCE.—Landlord W. S. Musser has again rigged up his bus in best style and it is now fit for a Governor to ride in. He runs it to the depot regularly to meet every train, which is indeed a great accommodation to the traveling public. Hitherto passengers had to take their chances to go and come to Coburn as best they could and were frequently obliged to take it on footback.

The Grand Master and Grand Secretary of the Grand Lodge of Pennsylvania, I. O. O. F., will visit Millheim Lodge next Saturday. The Grand Secretary, Mr. James B. Nicholson, is no stranger here. He was present several years ago and officiated at the dedication of the new Hall. He also delivered a very interesting and instructive address on Odd Fellowship, in the Methodist church, and is favorably remembered by the fraternity and people here.

Among the new laws passed by our legislature during its recent session there is one to protect fruit, gardens, fruit or ornamental trees, shrubbery or growing crops. The penalty for mutilating or destroying any of these is from five to fifty dollars.

Another law that was passed compels school boards to pay teachers their wages while attending county institutes.

The following is the result of the Republican primary elections of Union county held on Saturday the 11th inst. For President Judge Mr. Llan also carried Snyder county and his nomination by the district is assured: President Judge—J. Merrill Linn; Associate Judge—James Lepley; Treasurer—Wieder Roland; Register—Reuben Kline; Commissioners—Joseph Musser, Jacob Maclmer; Auditors—Thomas Strawbridge, William Finnybrock.

The Millheim Marble Works are having a fine run of custom. Cause and effect are here just as simple as can be. Better work and more reasonable prices can not be found in this section of the state. Besides this the Millheim Works have enjoyed the confidence of the public these many years. People do not know that the proprietors deal fairly and honorably with their customers. They do not impose on people with low grade stock and inferior work.

The next annual meeting of the Pennsylvania Miller's State Association will be held in Pittsburg during the time of the State Fair in September. The State Agricultural Society will allot a space of 50 feet by 170 feet with line shafting and motive power. FREE for the display of machinery and mill supplies. This is the first time in this State that an opportunity has been offered to millers to witness such a display of milling machinery in motion, and it is expected that there will be a large number of millers present from this and other States.

Another candidate for Treasurer adds his name to the Journal list this week—Mr. Geo. W. Spangler, of Potter township. George is a real good fellow and as competent for and deserving of the office as any of them. He is not in the "Freundschaft" with Sheriff Spangler, aside from the fact that a certain Mr. Adam, who many years ago was ejected from a most beautiful garden because he couldn't behave properly—was the common father of all the Spanglers.

It affords us satisfaction to see that ourboro officers have at last discovered that some use may occasionally be made of the lock-up. When men so far degrade themselves as to become beastly drunk, use profane and vulgar language to every one they meet, they should for the time being be separated from civilized people. It is good for their health and morals. And the rule should be as unshakably and rigidly enforced against our own men who thus behave themselves as against strangers. Theirs our sentiments on the subject.

Our band boys are so well pleased with their trip to the Clintondale S. S. Picnic that it will require but an invitation to come there over there again. The beautiful, balmy day, the romantic scenery along the route, the brilliant and instructive speeches, the delicious cakes, the kind, social people, and last but not least—the quite respectable amount of Spondoolies the boys received—all conspired to put them in a happy frame of mind—in the best possible tooting condition. And they played too—you bet they did—Ah it was simply delicious! The vast crowd of people were as fully pleased with the boys as the boys were with the people.

SPRING MILLS ITEMS.

Rev. J. M. Dick, of the Evangelical Association, preached in Grenoble's Hall on Sunday evening to a large congregation.

G. A. Runk's barn was raised on Saturday and it was a perfect fit. That old boss carpenter, Mr. Michael Nofsker, did it.

A little 6 year old boy of Mr. Benj. Breen was gored by a cross cow the other day, and but for the timely assistance of his mother, would probably have been killed. He got off with some painful bruises.

Last Saturday the dwelling house of Mr. George Long at Penn Cave was burned to the ground, with nearly all its contents. It is supposed that the fire was caused by sparks from the chimney. Jessa Long the tenant, also lived in the house, and his effects were all consumed. The loss comes all the heavier because there was no insurance.

Prof. D. Bany of Madisonburg, will give one of his Panoramic Shows in Grenoble's Hall, on Thursday evening.

Death has again entered our midst and claimed for his victim, not the aged and decrepit—but one of our most useful and respected citizens in the very prime of life. Our friend and neighbor John W. Krumme departed this life on Friday evening, aged 34 years. He leaves a sorrowing wife and five children to mourn the loss of a husband and father, but we fondly hope that their loss is his eternal gain.

UNCLE TOM.

Gov. Hoyt has appointed John D. Foote a Notary Public.

The Union S. S. Picnic at Clintondale on last Saturday was a remarkable success in every respect. The weather was as fine as could be desired with a clear, azure sky and a cool breeze blowing all day. The grounds were crowded with people, old and young, large and small, all wearing countenances beaming with pleasure.

At about 10 o'clock the Millheim Cornet Band arrived at the grove and gave the signal for commencement by beautiful and thrilling strains of music. The audience having gathered around the speakers stand the exercises were opened with prayer and an address by Rev. Irvin, followed by AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, proves them to be the best and most effectual purgative pill that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order and maintain in healthy action the whole machinery of life, preventing and effecting. They are especially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure. If freely taken, they are the best and safest physic to employ for children and weakened constitutions, where a mild and effectual cathartic is required.
