## The Nation's Patient.

'The President took a sudden relapse on Saturday last, caused by the cessation of the discharge of pus from the wound, which made a surgical operation necessary to relieve the patient. The operation was performed and the president 'afterward rested well and showed signs of improvement. Since useless to conceal the fact that he is in a critical condit ion notwithstanding the high hopes that had been entertained of his speedy recovery. His case is not hopeless, although he is subject to sudden and dangerous changes. Under Providence and the most skillful medical treatment his life may be spared, but this leope must be based more on faith than on sight. The latest official news as to the President's precise condition is given in the following telegram by Secretary Blaine:

WASHINGTON, July 26.—Secretary Blaine sent the following telegram at 11 o, clock p. m., "Lowell, Minister, London: At 11 o'clock p. m., the president's physicians report temperature and respiration normal and pulse 96, best report at the same hour for five nights. The entire day has been most encouraging and a feeling of confidence is rapidly returning.

His Name is Lapham. The long and disgraceful struggle at Albany has at last ended in the election of Judge Lapham for U.S. Senator in place of Roscoe Conkling, resigned. The final ballot was taken last Thursday at 4 o'clock, P. M., and stood for Lapham, 92, Potter, 40. Like Miller, his colleague, Mr. Lapham hardly comes up to the medium size, intellectually. Both are notoriously unfit to represent the great state of New York in the Senate of the United States. Lapham has served three terms in congress but has not made himself conspicuous in any way. It We are authorized to announce that FRANK E. BIBLE, of Spring township, is a cardidate for the office of Recorder, subject to cares very little these later years whether their senators have talent, ability,

A Chance for a Free Scholarship in the State College.

STATE COLLEGE, CENTRE Co., PA., July 11, 1881. TO HON. CYRUS T. ALEXANDER,

Bellefonte, Pa. Dear sir: The Executive Committee of the Board of Trustees of the Pennsylvania State College have determined to establish fifty (50) free scholarships in the institution-one for each senatorial district in the State. All tuition, in the College i already free. These scholarships, in addition to the tuition, will entitle th holders thereof to exemption for the payment of other college charges, for incidentals, room, rent, fuel, and us of furniture.

It is believed that this can be done without adding materially to the expenses of the Institution, whilst it benefits will be enlarged to the exten of these scholarships.

The conditions are, that the scholar, after a competitive examination of the studies required for admission, receive the appointment from the Senator of his district, and that said scholar be at least fifteen (15) years of age, of good character, and fully prepared for admission to the Freshman class. The student so appointed shall be entitled to the benefits of his scholarship for the four years of his college course, provided that his conduct and classstanding be satisfactory to the Faculty. So soon as a vacancy occurs, from any cause, the Senator of the district shall have authority to fill the scholarship by a new appointment, under similar conditions.

In view of these facts, you will arrange for an examination for the year 1881-82 are, for all applicants, the Common English branches, Physical Geography, Higher Algebra to (Quadratics), Geometry (4 books), and U.S. History. The special requirements of applicants for admission to the Scientific course will be the elements of Natural Philosophy; the special requirements made of Classical students are Cæsar (3 books), Cicero's Orations [3], and Xenophon's Anabasis. A student whose qualifications fall, in some respects, below the standard, but are in others so much above that standard as to give a reasonable hope that he will make up his deficiencies, may be admitted on probation. Should no one present himself who is entitled to enter as a Freshman, a well qualified applicant for higher class standing may

As soon as the appointment shall have been made in your district, you will please notify the college authorities of the fact, giving the name and address of the appointee.

Although our standard of admission to the college classes will be higher after the coming session, and special course in Civil Engineering, Chemistry meet at the regular place of holding the gener- and Physic, a nd Natural Science have been added to the courses recognized in the present catalogue, I forward a copy of that catalogue as giving, on pages 18 and 36, a correct idea of the preparation required of those who would now enter as Freshmen. We shall be glad to furnish any further information concerning this or other matters relating to the College.

Requesting your early and hearty cooperation in securing, for your "scholarship," the best student availa-

> I remain, yours respectfully, JAS. A. MCKEE, Acting Pres't.

In compliance with the request contained in above letter I give notice that I have selected an impartial committee of examiners, which committee will meet in the Court House at Bellefonte, on Friday, 19th of August next, to examine all such applicants as may appear before them. The person whom the committee recommends will receive the appointment. Applicants will please notify me of their intention to be present before the day of examin-Respectfully,

C. T. ALEXANDER.

## WASHINGTON LETTER.

Washington, D. C., July 23rd, 1881. The quarrel among New York Republicans so far as the choise of a Senator in place of Mr Conkling could end it, is ended and most of us of all parties, are ready to say as the President did, "Tha nk God." No political contest of our then he is getting along as well as times has developed so much corruption among could possibly be expected, but it is rival politicians, and the exposures of the several rival factions, were finally stopped only by the imperious necessity of selfpreservation. It is impossible to tell just how much damage has been done to Mr. Conkling by his defeat, but the State has been disgraced and the Republican party so demoralized that there is no reasonable hope of harmony hereafter. The Democrats ougut to carry the State this fall by a good majority. In fact, in the three great States of New York, Virginia and Ohio, in which events important in their bearing on the next election have occured, the Democratic prospects are excellent.

A private despatch from a member of Justice Nathan Clifford's family says the henored jurist cannot possibly live more than a few days. Heit the last of the Democratic appointments to the Supreme bench, having been appointed by President Bucha nan in 1858. Of the Justices selected by Republican Presidents many have subsequently acted with the Democrats, notably Chief Justice Chase, David Davis, and Stephen J. Field. Justice Clifford is most highly respected in all walks of life. There has been prepared at the Treasury Department a history of Civil Services reform under the act of 1871. All will remember the gorgeous promises and the shriveled performance of our Repuplican friends on this subject, The very Committee appointed to prepare a scheme of reform drew pay for services never rendered. From 1872, the year reform was born, to the present time, the country has seen all sorts of corruption in its civil service. Each political campaign has turned the employes of the 'government into workers for party instead of for the United States, and the whisky rings and other countless trauds have gone unpunished. An accurate history of all this would be accurate reading, but I suppose the Treasury will give us only a statement of

the formal action taken by the committee of 1871, with notices of such fragmentary efforts as have been made by a few officials to benefit the service, by compliance with rules then laid down. down. The President is slowly, but, the physicians We are authorized to announce that John Myers, of Harris township, is a candidate for the office of Recorder, subject to Democratic rules.

Carroll Schools like the table, ability, ab versation increases his fever greatly. The

> Improvements September, 1878. Notwithstanding the VICTOR has long been the peer of any Sewing Machine in the market—a fact supported by a host of volunteer witnesses—we now confidently claim for it greater simplicity, a wonderful reduction of friction and a rare combination of desirable qualities. Its shut-tle is a beautiful specimen of mechanism and takes rank with the highest achievements
