### AGRICULTURE.

MUTTON. -- Mutton is better adapted for a food for persons hving in the country than systematic housekeeping when not carried beef. Most farmers are situated so far to excess. It is very foolish to do work from a market that they can not obtain when you are not able, because it is the fresh meat to eat during the summer, when regular day for it. When a person is not the hard labor in the fields demands well, it is best to do as you can, not as you an excellent diet. They cannot profit- would like. I am never very well, but they have an ice-house, One-quarter is my washing in one day, let me tell you as large a quantity as even a large family how I manage. I commence in the aftercan consume before danger of spoiling noon. (I know plenty of people will occurs. It is difficult to cure beet in the laugh, but never mind.) I clean all up in summer so it will be certain to keep, even the morping, as carefully as though I were if one has a supply of ice. The like is true going to sewing instand f way, I wash all meat from hogs during the summer. It is the white clothes and have them ready to summer; and besides pork is not well the night to rest m. Let some poor tired very warm weather. The home supply of than doing all in one day, and be then sick fresh meat in summer, however, can read- two or three days aft rward. ily be obtained if a farmer keeps a flock of

sheep. Mutton can be kept much longer in a fresh state than either beef or pork. Besides even the largest varieties of sheep are so much smaller than steers or hogs that their carcasses can be disposed of in a much shorter time. If a family is too small to consume all the meat furnished by a sheep a part can be salted. The meat is so thin, as compared with beef or pork, that every portion of it will absorb a sufficient amount of salt and sugar even when the weather is very warm. Many persons know nothing of the ments of corn beef. It has never occured to some farmers that mutton could other ingredients; let the whole just boil, be cured for future use. They corn and dry beef, salt and smoke pork, but if necessary eat mutton, if indeed they eat

it all, when it is fresh. Now, any part of a sheep furnishes excellent eating when that some of our sweetest and most deliit is salted and boiled. In many respects | cately scented flowers are of no value for it is superior to corned beef. It is more pertumery. For example, no process has highly flavored and is better relished when yet been discovered by which the fragrance eaten with potatoes and garden vegetables; stewed with sweet herbs it is a rare delicacy. ed and preserved, but a good imitation is The hams and shoulders of mutton are ex- produced by a compound of neroli oil, with cellent when salted and smoked. The alcoholic extracts of rose pomade and ot tongues of sheep are superior to those of orange flowers. Laly of the valley, which cattle and pigs. Mutton is more easily digested than most kinds of meat, and in welt imitated by a combination of vanilla. dehcacy ranks next to the flesh of chickens | extract of tuberose, jasmine and otto of aland small game fowls.

sphere."

point."

NERVOUSNESS, and all derangements of the nervous system, are usually connected with a diseased condition of the blood. Debility is a frequent accompaniment. The first thing to be done is to improve the condition of the blood. This is accomplished by taking VEGETINE. It is a nerve-medicine, and possesses a controlling power over the nervous system.

### The Reason Why.

The tonic effect of Kidney-Wort is produced by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky, ropy urine from disordered kidneys, it cures without fail. Constipation and piles readily yield to its cathartic and healing power. Put up in dry vegetable form or liquid (very concentrated), either act prompt and sure .- TROY BUDGET

and my calamity laid in the balance! Ye are forgers of lies; ye are all physicians of no value." For an absolutely safe, reliable and certain cure for Piles, the most exasperating, painful of all diseases, has been found by Dr. Silsbee. Half a million of sufferers with piles testify to the virtues of Anakesis. Physicians of all schools endorse it and prescribe it; 500,000 persons have used it in all stages and varieties of piles, and none without benefit. It has been pronounced the "happiest medi-cal discovery of the age," and Dr. Silsbee, an experienced and scientific M. D. of 40 years' actico, "a hanefactor to his race." No remedy so simple and yet so infallible as Anakesis for Piles has been discovered. It is a happy combination of the soothing poultice of the English, the instrument of the French, and the curative medication of the American surgeons. t affords immediate relief from the most excruciating pain, holds up the painful tumors, and ultimately cures the worst cases of Piles. Samples of "ANAKESIS" are sent free to all sufferers on application to the sole manufac-turers, Messrs. P. Neustaedter & Co., Box 3946 New York. Also, sold by druggists everywhere. Price \$1.00 per box.

### CAUTION:

All remedial agents capable of destroying life by an overdose should be avoided. Morphine, opium, strychnine, arnica, hyosciamus, and other powerful remedies, does at certain times, in very small doses, relieve the patient during their action in the system. But perhaps the second dose, if repeated, may aggravate at din-crease the suffering, and another dose cause death. There is no necessity for using these uncertain agents when a positive remedy like Radway's Ready Relief will stop the most ex-cruciating pain quicker, without entailing the cruciating pain quicker, without entail least difficulty in either infant or adult. entailing the

THE TRUE RELIEF.

RADWAY'S READY RELIEF is the only remedial agent in vogue that will instantly stop pain.
