

Local Department.

The new Presbyterian church in Millburg is nearly completed.

Harrisburg has twenty mutual assessment insurance companies. That town ought to be happy.

Marble door steps of the best Sutherland Falls marble, made at the Millheim Marble Works at a moderate price.

A splendid, strong 2 horse spring wagon for sale. None better in the valley. Price moderate. Inquire at the Journal office.

The farm of Jonathan Philips, deceased, near Millheim, is now offered at private sale by the executors. Read the advertisement.

WANTED.—About 3000 first class 1 1/2 inch yellow pine flooring in the rough. Need not be fully dry. Inquire at the Journal office.

The encampments of the Pennsylvania militia cost the state half a million dollars this year. The question arises, of what benefit have they been?

Two Bucks county farmers shipped 5,523 bushels of plums to Philadelphia the other week. That beats Pine Grove all hollow.

Speculators are buying up all the corn they can get in different sections of the state, in anticipation of a rise in price. Hope they will get severely bitten.

Ayer's Pills contain no croton oil, calomel or mineral. They are compounded of pure vegetable extracts, which have positive virtues and always cure, where cures are possible.

Mr. Law, the superintendent of Bellefonte Car Works, last week discharged Frank Marks, one of the workmen, for leaving his work to attend his mother-in-law's funeral. That man should be attended to at once.

J. A. LIMBERT, the new mail contractor, has procured a fine new wagon and is prepared to carry express packages and other goods from Coburn to Woodward and all intermediate points at reasonable charges.

If you have any legal business the new law firm of Peale & McKee can attend to it to your utter satisfaction. Mr. Peale is an old experienced lawyer, while Mr. McKee is a young, active and promising disciple of Blackstone.

Capt. Breese, of the U. S. Navy, and a son-in-law to Gov. Curtin, died at Newport on Tuesday the 18th inst. He was an officer of high standing, respected and beloved by all who knew him, and his early death is universally mourned.

Venor, the weather prophet is played out. He don't know a bit more about the coming weather than a common country editor. The other week he had predicted cold and rain, and it was hotter and drier than ever. Guess the almanac man can still make as good weather as anybody.

On Thursday morning while Mr. Miles Williams, and his brother were hauling tobacco from Mr. Jacob Gephart's patch, the ladder of the wagon broke while Miles was on it. He fell to the ground backwards, bruising himself severely, though we are glad to hear, not dangerously.

Rev. Barnitz, of Millburg, don't like it a bit more than other people to have his chickens stolen. But it would not suit his standing and dignity as a preacher to sit watching with his gun in hand for the thieves; and so his son takes that job in hand and gives notice in the Telegraph that he is ready for them.

CORNER STONE LAYING.—The corner stone for the new Evangelical Lutheran Church at Millheim will be laid, D. V., on Sunday October 16th, proximo. Divine services begin on Saturday evening previous. Several visiting ministers will be present. The usual collections will be taken up. The christian public is cordially invited to attend.

JOHN TOMLINSON, Pastor. (Centre and Clinton county papers please copy.)

The other Saturday morning Thompson's Mill, at Potter's Bank, with all its contents was burned to the ground. Mr. Wm. J. Thompson, the owner, estimates his loss over \$8000, and that of Mr. W. R. From, the Miller, at about \$125. We learn that Mr. Thompson had carried an insurance on his mill for many years, but failed to renew his policy last spring when it had expired. It is suspected that the fire was the work of an incendiary.

Dear, christian reader, do you wish to see a pleased woman, namely that particular woman whom above all others it is your privilege and duty to please? Then do as we did. Go to Alexander & Co's Implement Store, Bellefonte, and buy her a Walker Wash-er. Why, our wife, just after using the institution a single time, is ready to recommend it very highly to all the ladies in christendom, without regard to their politics or church relation. She calls Col. Shortridge blessed, "a gentleman and a scholar" for having persuaded us to buy the machine. That's what she does.

—Millheim Lodge, I. O. O. F., will hold its semi-annual election of officers next Saturday evening. Good attendance of the members is expected.

—Neighbor Sturgis and lady are on a visit to the old folks at Lancaster. Hope they will enjoy themselves. Mr. P. H. Musser runs the Jewelry Store during their absence.

—WANTED, at the Journal office, on subscription or other accounts, 10 bushels of potatoes, 25 bushels of corn, several gallons of good apple butter. If you have any of these articles to spare and owe us, bring them along.

—Mr. Jacob Wolf left here on Tuesday morning for Kansas and other parts of the west. He expects to stay some months, mostly with his sons Alfred and Foster, in Kansas. We wish him good health, much enjoyment and a safe return.

—It is indeed a rare happening in the history of a country pastor to preach three funeral sermons in one day, as pastor Tomlinson did on Tuesday. The subjects were Mother Stover, in Haines township, Miss Emma Alter, in Millheim, and our murdered President Garfield.

—Fall house cleaning will soon be upon us, and with it the time that people get their supplies of winter carpet. J. R. Smith & Co., of Milton make a specialty in carpets and there is hardly a place in the state that has a fuller supply or lower prices. Those of our readers who need carpets would do well to give them a call.

—At last we have the long-desired rain. It commenced coming down in soft, gentle spray on Thursday evening and rained considerably during the night as well as on Friday. Although not as copious as desirable it was enough to settle the awful dust, refresh the parched earth and break the burning heat. Thank Providence for the rain.

—Last week we had occasion to visit the Recorder's office in Bellefonte and there found our candidate for Recorder already at work assisting "Toby." We examined Mr. Bible's work and found to our pleasure that he is a most excellent penman. He will keep the records of his office in first class style, when elected, as of course he will be.

—The Millheim Pottery is now complete and it is expected that in about ten days the first kiln of ware will be turned and ready for sale. The proprietors have succeeded in securing an excellent article of clay and it is their purpose to make none than first class ware. They have erected an establishment that reflects credit on their enterprise and we hope they will be abundantly patronized.

—On Tuesday evening memorial services on the death of President Garfield were held in the United Brethren church at this place. The church was well filled. Revs. Tomlinson, Weidemyer, Dick and Gephart, were present. Interesting and instructive addresses were delivered by R vs IT milson and Weidemyer. The audience seemed to be deeply impressed with the importance and solemnity of the sad occasion.

—Will some of our farmer patrons just try the following and let us know the result next spring? The Scientific American gives the following recipe for getting rid of stumps: "In the autumn or early winter bore a hole or two inches in diameter, according to the girth of the stump, and about eighteen inches deep. Put into it one or two ounces of saltpetre, fill the hole with water, and plug it close. In the ensuing spring take out the plug and ignite it. The stump will moulder away, without blazing, to the very extremity of the roots, leaving nothing but the ashes."

—LITON's enterprising firm, J. R. Smith & Co., have made a delivery of furniture here amounting to over \$400, consisting of fine parlor suits, chamber suits, spring beds, chairs &c., and they are just beginning to build up trade in our valleys. The firm is in every way reliable and purchasers can feel assured that they get full value for their money. Much of the large and progressive success of this firm is due to liberal and judicious advertising. They understand the business, and "that's what's the matter."

—Can not something be done here in Millheim for the poor sufferers in Michigan? Read the heart-rending accounts of the great disaster—think of the fifteen thousand poor, destitute, homeless and penniless fellow mortals, many of whom are still in great agony, half blind and half roasted—and then look at your own comfortable and plentiful surroundings. Then ask yourself the question, "What is my duty towards these suffering people?" The answer is so plain that "he who runneth may read." It is our duty to help and give; and if we fail to do so we neglect and evade one of the primary obligations of our professed religion or of a common humanity.

No; let us not do ourselves the great injustice and injury to stand idly by, surrounded with plenty, and see our poor fellow beings starve almost before our very eyes. Let our Chief Burgess, or Town Council, or a committee of citizens, call a public meeting and make an effort to give practical form to our suggestions. Who will take the initiative?

News Miscellany.

There are about 60 lawyers in Williamsport. Ten of them are well off and lay up something; another ten manage to make a living. The rest of the crowd simply hang on and wish to be gracious they had learned to run a saw mill.—Banner.

The Pennsylvania Railroad Company has stopped the sale of refreshments, literature and newspapers on the trains of the road.

In an effort to enforce in St. Louis a law against carrying concealed weapons fines as high as \$100 for a pistol and \$200 for a slingshot are being imposed. This movement is made because, out of twenty-five homicides in the St. Louis jail all but three became criminals through the habit of going armed.

THE COMING BONNET.—The new fall bonnet is just too sweet for anything. It is made out of some kind of stuff, sort of delicate in texture and of a rather lightish color, kind of cut away on the sides and shoked back on the top, and scooped out underneath, and trimmed with a sort of ribbon stuff that looks nice, and some kind of other sort of material that is quite becoming and it is all fixed on it in that kind of a way which looks so much like something we cannot remember, and the whole effect is just exquisite, reminding us of a most beautiful something or other whose name we cannot call to mind.—Ez.

RUSSIA'S GREAT WHEAT CROP.—A report of the condition of the wheat crop in Russia has been sent to the State department by Minister Foster. He says that from correspondents in various parts of the Empire he has received reports which show that the yield of this cereal for the present year will be immense. The yield in the country tributary to Odessa on the Black Sea, it is estimated, will be so large that the people will need no more for four years. There is the best crop along the river Don that has been harvested since 1874. Reports from Moscow also show that in southern Russia the crop is very large. It is not so heavy in central Russia, but the yield will still be abundant, and through all the districts tributary to Moscow the wheat products will be larger than for twenty years before.

The minister believes that the great crop this year will have a beneficial influence upon the political agitation of the country, because well fed men are less quarrelsome than hungry ones.—Ez.

WARNING TO LIQUOR DEALERS.—Judge Junkin, of the Perry county court, recently gave caution to hotel keepers about the practice of selling liquor by the bottle. He said the landlord was bound to know who was to use the liquor, and that no man had a right to sell a bottle of liquor to a sober man who transferred it to those who were in the habit of becoming intoxicated, or to minors. It was always suspicious when a sober man bought a bottle of whisky; he generally was employed to buy it for those to whom innkeepers would not or dare not sell it. Proof of its transfer and use by drunkards or minors was sufficient cause for revoking the innkeepers' license.

Hurried Into Eternity. At Patoka, Ill., a horrible and fatal accident occurred Friday on the farm of Mr. Mames. The owner of the property had, among a number of other new inventions and labor saving machines, a steam threshing machine; while this was in operation Friday morning and surrounded by a large number of farm hands the boiler exploded. The pieces of the boiler flew in all directions and the steam poured forth in dense volumes. Six men and one woman were hurled into eternity. Several of them were horribly mangled. Several others were seriously injured, being scalded by the escaping steam.

If five thousand Americans died every month of starvation, the entire nation would work energetically to stop the famine, although these five thousand starved ones would be far better off than if they had died drunkards. And yet, though there are five thousand rum murders in our country every month, and these five thousand just ones fill drunkards graves, yet our people are not only willing that this brigade shall continue to tramp, tramp, tramp, to a drunkard's eternity, but they actually legalize the business which causes this terrible loss, and take a revenue from it.—Lock Haven Republican.

Killed by a Bull. CEDAR RAPIDS, IOWA, September 3.—The mutilated body of a Bohemian farmer in Putnam township was found in a field this morning. He had been attacked by a Jersey bull, which almost literally tore his body into shreds. His head was entirely severed from the body. His entrails were strewn about the field, and one of his legs was hanging to the brute's horns. The animal had to be shot six times before he fell.

HALL'S VEGETABLE SICILIAN HAIR RESTORER is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its original color. It makes the scalp white and clean. It cures dandruff and humors, and falling-out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended and used by eminent medical men, and is especially endorsed by the State Assayer of Massachusetts. The popularity of Hall's Hair Restorer has increased with the test of many years, both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world. FOR SALE BY ALL DEALERS.

PETERSON'S MAGAZINE for October is unusually good, even for that incomparable lady's book, The Steel Engraving, "Don't Be Seared," is one of the exceptional beauties, and so is the colorist, steel fashion plate, with its five charming-looking, exquisitely-dressed ladies. There are two colored patterns, with designs for fans, a line of decoration that is now all the rage. The historical novel, "The News From Yorktown," which has attracted so much attention, is appropriately included in this number. In time for the "Yorktown Centennial." All the stories and novelets, however, are good; in fact, in "Peterson," only the very best are given. We cannot too often refer to this magazine as altogether the cheapest and best of its kind. Where only one is taken, "Peterson" should be the one, for it fills more wants than any other. The terms are but two dollars a year. Great reductions are made to clubs, and handsome premiums are given to persons for getting up clubs, among them a beautifully bound photograph album; in short, the inducements of every kind are unprecedented. Specimens will be sent, gratis, to persons wishing to get up clubs. Address for this purpose, or for subscribing, CHAS. J. PETERSON, 395 Chestnut Street, Philadelphia, Pa.

TO ADVERTISERS. GEO. P. ROWELL & CO'S SELECT LIST OF LOCAL ADVERTISERS. An advertiser who spends upwards of \$5.00 a year, and who inserts less than \$200 of print in this list, writes: "You select Local List give me better list every THAN ALL THE OTHER ADVERTISING LISTS." IF IT IS NOT A CO-OPERATIVE LIST IT IS NOT A GREAT LIST. IF IT IS NOT AN HONEST LIST. The catalogue states plainly what the papers are. When the name of a paper is printed in FULL FACT TYPE it is in every instance the BEST. When printed in CAPITALS it is the ONLY paper in the place. The list gives the population of every town and the circulation of every paper. The rates charged for advertising are barely one-fifth the publishers' schedule. The price for single insertions is \$2.00 per line. The price for one regular month in the entire list is \$22. The regular rates of the papers for the same space and time are \$100.00. The list includes 62 newspapers of which 15 are issued DAILY and 75 WEEKLY. They are located in 78 counties and towns, of which 25 are State Capitals, 363 places of over 5,000 population, and 488 County Seats. For copy of List and other information address GEO. P.
