HE WANTED GOLD.

An Ohio Gentleman Who Knew What He Was After.

WASHINGTON, October 20.4-An old gentleman from the interior of Ohio, burg will give a free course of lectures arrived here a few days ago with \$17 .-000 in United States six per cent. bonds which he purchased in 1861, and which were called in July last. He first visited the loan division, where he said he came to obtain gold for his bonds, as he has paid gold for them. When told that a draft on the United States treasury was as good as gold, he insisted upon the gold, and would not listen to any explanations regarding an equivalent in another form. To-day, a little before noon, he appeared with a large leather valise, in which he carried off the full amount of his claim in \$20 gold pieces, weighing in all about seventy-five pounds. He became very much provoked with Treasurer Gilfillin when that officer endeavored to persuade him to accept drafts and hope not a few may take the opportu- have them cashed when he reached -The steamer Leipzig last week nity to improve. A room was assigned to field, Ill., about 10 o'clock of the night him for the purpose. After the entire amount had been carefully counted and found to be correct the old gentleman was persuaded to express the coin to his home. During the time he was engaged in counting the money a city detective who had been summoned remained near him and would have kept watch over him had he insisted upon carrying the money away. Run- Graeff Professor of the English Language and York has 17,000 inhabitants, if the ners were sent out to warn the people stock and household effects. The dis-

aster occurring at this time is much greater than ever before, as large crops of winter wheat have been sowed. Corn and other crops have not been

cured. Horses and other live stock are in the valley in great numbers. Both levees are expected to break if the rise continues twenty-four hours longer. The water is several inches higher than at the spring rise. At Hannibal the water is across the railroad track and up to the door of the National Hotel. The Keokuk and St. Louis Railroad track is under water from Keokuk to Hannibal, and the rails at several points below Hannibal and St. Louis will have to be abandoned. Moreover, north of Quincy several farms are overflowed by the eack-water from Quincy, and farmers are gathering their corn in skiffs .-Philadelphia Times.
