Franklin, Pa., is excited over what is called a miracle. The wife of Rev. B. Loyd has been raised from her deathbed, it is claimed, by prayer. She had been given up by the doctors, but her husband asked the various churches to pray for her recovery, and while he was praying with his flock in his church, the sick woman arose, dressed herself, and astonished the congregation by walking into their midst, though she had not been out of one single substautial purpose, either her bed for six months.
