The Millheim contested election case will be argued at our court on Tuesday, March 7th.

Our friend Charles W. Miller, of Millburg, thinks of removing to Freeport, Ills., next spring.

Rev. Jacob Yutz, of Lemont, has accepted a call from the second Lutheran church of Selinsgrove, Pa. So says the Selinsgrove Times.

A special court will be held beginning on the second Monday in March. We give the list of Jurors in another column.

That capital fellow, good democrat and first class miller, Mr. Wm. A. Keelin, of Spring Mills, expects to remove to Iowa next spring. Sorry to lose such substantial citizens.

The spring election takes place next Tuesday, but that does not in the least interfere with Lewin's business. He sells all the same, election or no election.

Spring Mills expects to have a building boom next summer. Some ten new buildings among them a first class school house, are to go up. Glad that our neighbor town is so prosperous.

J. A. Lambert, the mail contractor on the route between Coburn and Woodward, is prepared to carry express packages and other goods to all points along the route at reasonable charges. All business entrusted to him will be punctually attended to.

Another young couple have made up their minds to go west in the spring. This time it is Mr. James A. Keen and wife. Sorry to lose them but will be glad to hear of them doing well. This western fever seems to be getting contagious.

The Journal Store keeps right on regardless of the weather—in the even tenor of its way, doing a good little business on a small scale—selling Bibles, School Books, Stationery of all kinds, Notions, Specialties, and very many other articles quite "too numerous to mention"—and don't you forget it.

Mr. John H. Swartz is able to be out again. When we told him that the Scientific American office had burned to the ground, he was amazed—shocked—stunned. Really, we feared for the fellow's health. But when we informed him that the enterprising publishers would resume business at once, he revived and soon was himself again.

Walker township will be thoroughly shaken up on election day. There are already six candidates for Justice of the Peace and there may be more. The candidates already in the field are Capt. J. H. Tolbert, Solomon Peck, Joseph McCaleb, John Rogers, Joseph Kessinger and William Yearick. Hopes the best man will win.

ALMOST A FIRE.—Last week Mr. Allison Miller nearly had a fire. A large hole was already burned into the roof of the house when the fire was discovered, and but for timely assistance the house would have been consumed. The fire is supposed to have originated from sparks that escaped through a disjointed stove pipe.

CONCERT.—The Penn Hall singing class will give a concert in the Town Hall of that place next Saturday evening the 18th inst., under the directions of Prof. P. H. Moyer, of Linden Hall, assisted by Lowell Meyer, the renowned comic singer. These gentlemen are well and favorably known as proficient musicians and singers, and and deserve to be largely patronized. The concert will be a rich treat. Come one, come all, and bring your sisters, cousins aunts and friends along.

MUSICAL CONVENTION.—A musical convention will be held in the Lutheran church, Hebersburg, commencing Monday evening the 20th inst., and ending with a grand concert on Saturday evening following. The matter is in the hands of a competent committee who understand just how to conduct such an affair. Prof. J. A. Weaver, of Pine Grove Mills, a gentleman of first class professional and personal reputation, has direct charge of the convention as leader and teacher. Several experienced organists will assist. Singers from a distance are cordially invited to attend and will be entertained free of charge.

—Prof. Kurzenkabe will begin a Musical convention at Mackeyville, Clinton county, on Monday the 20th inst., which promises to be a big affair. The convention will give two concerts, on Friday and Saturday evenings, the 24th and 25th inst., for which a full-sized orchestra has been engaged, in which the Professor's sons will act a leading part. The entire family have high and rare musical attainments, and meet with much success wherever they go. They will also give a musical entertainment of a high order, in Lock Haven, on Monday evening the 27th inst.

We learn that a number of our town people are going to attend these concerts:

—At the annual election of the Millheim B. & L. Association held on Monday evening the following officers were elected: President—B. O. Deininger; Vice President—Frank Knarr; Secretary—A. Walter; Treasurer—J. H. Reitsnyder; Directors—S. K. Faust, J. O. Deulinger. The directors holding over are, J. W. Snook, S. D. Musser, H. W. Kreamer and H. E. Duck

There was a boom in the stock market at this meeting and shares sold as high as 20¢ per ct. premium. The business of the Association is in a prosperous condition. New shares in Co. S will be sold until next monthly meeting.

—Charley Sturgis does business on a rush. He goes to Lewisburg, buys out that first class Watch and Jewelry Store of Capt. J. P. Brooke, returns and moves his family down—all within the short space of a few days. We feel very sorry to lose Charley, but such are the ways of business.

Charley will continue to carry on the Watch and Jewelry business in Millheim as heretofore. Mr. P. H. Musser will have charge of the shop. All work entrusted to him will be guaranteed. The continued patronage of the public is respectfully solicited.

—A fine line of Family Bibles, Presentation Bibles, Photograph Albums, Velvet Frames, French Vases, Beautiful Scrap Pictures, Paper Boxes, and a great variety of Fancy Goods generally splendid S. School, Day School and all other Cards—all very cheap, at the Journal Store.

—Gust Deininger soon expects to enter the lecture field. His subject will be Snyder County; its climate, soil, natural resources, habits of the natives, advantages for immigrants, and so forth. Gust was down there last week on a fishing expedition. He didn't bring any fish—says the rascals wouldn't bite, but that his geographical, historical and general knowledge of the country and its people were vastly improved—and intends that mankind shall share the benefits of that knowledge.

—If you can suit yourself at home you should never go away to buy your supplies. If your own business men and mechanics offer to sell you goods and wares as good and as cheap as you can buy elsewhere, you are in duty bound to support them. On this principal Mr. W. R. Camp, of Centre Hall, is fully entitled to your patronage. He is a square man and makes good, neat work. You need not go out of your own valley for furniture. Camp can furnish you as well and as cheaply as anybody. Try him.

—Had two Jacks in town last week at one and the same time. Not your common kind of Jacks, either, but real sleek, nice looking animals. They answer to the names respectively, of Jack Love and Jack Spangler. The opinion of our people regarding these chaps, as far as the returns are in, is that they are good-looking fellows who washed and shaven, that they can eat as heartily and do as good a day's work—if they have any weakness in that direction—as the next two Jacks. They may call again.

—In these days when disease seems to be afloat in the very air, people should take most scrupulous care of their health. Good wholesome food, moderate work, regular habits, absolute cleanliness, proper ventilation of houses, a good conscience, pleasant and even temper, and last but not least—good, warm clothing, such as Lewin, of the Philadelphia Branch, is so cheaply, are about the best preventives we know of. If you give strict attention to all these sanitary regulations and yet take sick, you will have the comfort to know it was providential and not the result of your own carelessness or neglect.

—Next Tuesday the local election will be held for township and borough officers, and it is the duty of every citizen to see to it that good competent men are chosen to transact our public business. Our local taxes amount to much more in the aggregate than our state and county taxes, and we need men in office who will use the public's money to the best possible advantage for the public good. A town council that will enact wise ordinances and enforce them, constables and burgesses who will do their duty to maintain order. School directors who have the well being of our children and schools at heart, and who will direct. Overseers that will oversee, election officers that will elect, auditors that will audit. In short, good, practical men, who will do their duties.

In saying our say on the matter we have not the slightest wish to reflect on any of our present officers, but have in view solely the welfare, improvement, good order and general prosperity of the community.

SPRING MILLS ITEMS.

"Uncle Tom" is still alive and doing well.

Mr. J. H. Hasel and family, from Altoona, are here visiting friends.

Mr. W. B. Krape bought a lot near the depot and expects to build a house and occupy it by April 1st.

Mr. I. J. Grenoble, the man of big enterprises, will have the big hotel completed by April. A western man is to occupy it.

Some eight or ten new buildings will go up next summer.

Typhoid fever prevails around the head of Penns Creek. Some are in a critical condition.

On the 22nd inst. the Sunday school of this place will have a festival or something in that line. Presents will be dishied out to the scholars and a joyous time is expected.

UNCLE TOM.

A Big Law Suit With a Small Result.

Little suits at law, in which 'quires and Perkelstcher largely figure, are rather a common occurrence in Millheim; but last week we had the rare luxury of a fullgrown lawsuit. The elements of this suit were: 1st, three men who had a difference of opinion regarding the cutting and hauling of some lumber. 2nd, two full-pledged lawyers from Bellefonte. 3rd, three arbitrators. 4th, some twenty to twenty-four witnesses. The parties had a day of it in Bellefonte some time ago, and two days in Millheim. The costs exclusive of lawyers' fees, amount to \$150, probably more. Now what do you think, reader, all this expense, labor and agony brought forth? Judgment for defendant for \$244! Who wouldn't have a law suit?

—An organ is a fine and delicate piece of furniture, in a house, school or church. But it wants to be handled carefully, even tenderly, else it may not only get out of tune itself, but may cause discord in an entire congregation and community. This is the sad experience of the Presbyterian congregation at Pine Glen, in the upper end of Centre county, and it is by no means the only congregation whose peace and harmony was seriously disturbed by the inevitable organ. It requires much skill, patience and grace to manage the congregational organ successfully, and that's what's the matter—sometimes.

—We are glad to announce that the Scientific American came out of the late fire in New York, like the fabled Phoenix, with renewed life. The subscription lists, account books, patent records, patent drawings, and correspondence were preserved in massive fire-proof safes. The printing of the Scientific American and Supplement was done in another building; consequently the type, plates, presses, papers, etc., were unharmed, and no interruption of business was occasioned.

The new Scientific American offices are located at 261 Broadway, corner of Warren Street, a very central and excellent situation. The offices are admirably chosen for active business. Here, in addition to the issuing of their interesting publications, Messrs. Munn & Co., aided by trained examiners and draughtsmen, prepare specifications and drawings for American Foreign patents. If any of our readers should happen to make a new discovery (we hope every one of them may do so, and gain a fortune), they have only to drop a line to Munn & Co., 261 Broadway, New York, who will reply at once, without charge, stating whether the invention is probably novel and patentable. A handbook of instructions with full particulars, will also be sent free. Messrs. Munn & Co., have had over thirty-five years experience in the business.

DESTITUTION IN ILLINOIS.—Great privation is reported in the southern counties of Illinois, owing to the failures of last year's crops, and starvation is threatened in many localities, unless more relief is afforded. The counties suffering most are Crawford, Franklin, Gallatin, Hamilton, Jefferson, Lawrence, Marion, Perry, Saine, Union, Wabash and Wayne.

DIED.

On the 20th ult., in Gregg township, Samuel McClellan, aged 43 years, 9 months and 25 days.

On the 4th inst., in Centre Hall, James B. Lee, aged 27 years.

On the 20th ult., at his home near Seville, Medina Co., Ohio, Mr. William Shook, aged 60 years, 1 month and 19 days.

He was buried in the cemetery at the Lutheran Church in Guilford township, on Wednesday, Feb. 1st, when Rev. J. H. Smith delivered an appropriate and impressive sermon to a large audience of mourning relatives, friends and neighbors.

Mr. Shook was born in Centre Co., Pa., Dec. 11th, 1819. In February 1844 he was united in marriage to Miss Julia Campbell, of the same place, who survives him to mourn his departure.

In April of the same year he moved to Guilford township, Medina Co., Ohio, where he has lived for 38 successive years. The deceased was one of a family of 10 children—7 sons and 3 daughters. Two brothers and two sisters have preceded him to that haven of rest from whence no one ever returns.

Mr. John Shook, father of deceased, came to Ohio five or six different times between the years of 1828 and 1845, to purchase land for his sons. He made two trips on horseback and three or four on foot or by stage coach. He purchased in all 750 acres of land paying from \$1.00 to \$15.00 an acre.

In the deceased, Mr. William Shook Guilford township has lost one of its estimable citizens, the neighborhood a kind and obliging man, the wife a true and faithful husband. We believe we are justified in saying that the deceased had not an enemy in the county.

"Sweet may thy rest be evermore, From pain and sorrow free. You are not lost—just gone before, And we must follow thee."

On the 20th ult., in Penn township, Alice B. Bracht, daughter of William Bracht, deceased, aged 12 years, 7 months and 18 days.

On the 28th ult., in Georges Valley, Mrs. Polly Breon, wife of Daniel Breon, aged 74 years, 4 months and 15 days.
