## Stealing Congress.

The Legislatures of Michigan and I wa have just completed the gerrymandering of those States and adjourned. Under the new apportionment they are each entitled to eleven members of the House, and the counties have been so twisted and placed and displaced and jumbled together, made so strongly Republican that a

The Republican vote of Iowa last fall was 184,000 and the Democratic and Greenback vote 137,000; so that while the State will have one Republican representative for every 16,000 Republican voters. 138,000 opposition voters (100,-000 Democrats and 32,000 Greenbackers) are deprived of any representation

In Michigan, the situation is about the same; if anything worse, as the Republicans have a representative for every 16,700 Republican yotes while the 168,000 opposition voters (132,000 Democrats and 36,000 Greenbackers) are denied any representation whatever .- Altoona Sun.

## A Sound Opinion.

Judge Allison's ruling in regard to polltax receipts is important. He holds that if an elector has not personally paid his poll tax, or authorized another person to do it for him, he is not entitled to vote upon the tax receipt. This does not accord with the ruling of Judge Pearson in a Dauphin county case decided not long after the passage of the Election law of 1874, but we believe it to be sound law and sound sense. If the decision stands it will put an end to the evil practice of purchasing great blocks of tax receipts in his right to vote. In this city the re- deck of the vessel.

sult of elections has been made to turn Punishment for Wife Beaters. on the ability to raise money to buy poll-tax receipts for unscrupulous and impecunious voters. Judge Allison may cut down the revenue from polltax by his construction of the law, but he makes a decided contribution to the purity of elections .- Philadelphia Re-

#### How Things Work in Washington.

From the Washington Republican.

A few days ago a Georgia politician came here in search of an office. Deceived by the flattering promises held out to him, he telegraphed home: "Things are working; will be home in a few days." Not long afterward he again telegraphed home. This time the dispatch read as follows: "Things have worked; send me \$25 to get home."

SINCE 1850 the accumulation of property in our Union is said to have been sufficient to buy out the whole personal and real property of the vast German empire. During the last ten years we have accumulated enough of personal and real property of productive values to buy out either Spain or Italy, This but gives a slight illustration of the tremendous onward march of our people.

#### WASHINGTON LETTER.

WASHINGTON, April-, 1882 The merbid curiosity of Americans regarding the assassin of Garfield, which has been shown by the numberless requests received for his autographs, photographs, locks of his hair, and other coveted mementoes, is in a fair way to be satisfied. Yesterday the manager of Coup's New United Monster Shows visited the jail and concluded negotiations which have been pending since March 20, by which in payment of \$350 to Guiteau. Mr. Mc. Cartney secured from him the suit of cloths worn by him on the fatal 2nd of July, and the suit he wore during his

The bill of exceptions in the Guiteau case was signed this afternoon by Judge Cox. The exceptions taken are to the non-admission of certain evidence, and the rulings of the judge on points of law. A RIVER DISASTER

The Packet Golden City Burned at Memphis.

The Golden City left New Orleans last Saturday, on the way to Cincinnati She had on board fifty cabin passengers, fifteen of whom were ladies and nine were children. Her cargo consisted of 300 tons, among which was a lot of jute. The fire is said to have originated in this combustible material.

THIRTY-FIVE LIVES LOST. It is estimated that thirty-five lives were lost by the disaster, but at present no additional names can be learned. Robert Kelley, second engineer, and three roustabouts are the only members of the boat's crew that are known to be lost. Huntingdon Reformatory Commission.

The plans submitted by Thorn & Wilon, which provide for a radiating wings, were approved. The estimated cost of the work is \$700,000. It is the intention to have convicts for the first felonious offenses sent to this institution from all over the state.

-It's about time to think of garden making and planting your early onions and potatoes -if you have any to plant. They are mighty scarce and dear articles this spring.

-The Harrisburg Daily Patriot of yesterday came to us in an improved condition. A new heading and new type make it look fresh and clean and the collection of news it contains certainly makes it one of the most readable dailies in the state. We hope the Patriot will meet with still larger success since it donned a new dress for the benefit of its many patrons.

-On Tuesday we had quite a little exodus from here. Four fa milies left us for the West. John Bame and James A. Keen, went to Michigan, while Henry N. Kreamer and John Zarker, go to Illinois. They are all substantial men and good citizens and carry with them the best wishes of their old friends and neighbors. We hope they may all do well in their new western

THE CONTESTED ELECTION CASE. -From the Watchman of last week we learn that the Justice contested election case of Millheim, has at last been deciced in favor of J. H. Reifsyder, and the county to pay all costs. The case was argued before Judge Elwill, of was he who decided the contest.

Since the above had been put in type we were informed that Judge Elwill has changed his decision as far as the costs of the case are concerned by puting them on the borough, instead on

-About four weeks ago the Messrs. Lose, our enterprising Planing Mill men and Undertakers, improved their shops on Penn Street by a new and powerful engine of about 110 horsepower. Their establishment is now so well rigged out with machinery of eve ry kind, that they are able to execute all work with promptness and satisfaction. The lower floor of their building is occupied as the workshop, while the upper floor is fixed up as a storero m where they keep the finest selection of Caskets, Coffins, Shrouds and trimmings to be found in this or neighboring valleys. These gentlemen are bound to make things boom and to see them at work will almost convince you that they will succeed in their laudable efforts.
