

Local Department.

—Rev. W. W. Criley, of Lewisburg, has accepted a call to Altoona.

—The weather for a few days last week reminded a fellow somewhat of summer. Old Sol meant business.

—The Juniata Valley Printers Association will have their next annual picnic in Bellefonte.

—Master A. A. D. Deininger, of New Berlin, is here spending vacation with friends and companions.

—Dr. Stam's have moved and are now nicely fixed in their fine-looking, bright new house.

—Jonathan Kreamer, one of our landlords is getting his hotel building painted which improves it remarkably.

—Uncle Johnny is building a substantial stone pavement along the entire front of Keen's Row. Bravo, old boy.

—Pastor Tomlinson and lady are off to Gettysburg this week, to attend the Semi-Centennial Celebration of Pennsylvania College.

—The Womans' Missionary Society, of Aaronsburg, will meet in the basement of the Lutheran church, Saturday afternoon.

—Prof Kurzenknebe suddenly dropped in on us on Monday, gave us a pleasant chat and left in a big hurry. Said he would call again, soon.

—A man named Whittle was shot and dangerously wounded at East Lewisburg last week, while trying to escape from the constable who had a warrant to arrest him.

—The administrators of Adam Zerby, deceased, will offer some valuable property at public sale on Saturday Aug 5th. See notice in an other column and sale bills.

—The "Dutch Bill" was stored away into the lock-up one day last week by constable Bartholomew. He was intoxicated and altogether too boisterous and when in that condition it is the best place for him.

—Take a look at Whitecomb's changed advertisement. He is the Mammoth Clothier of Lock Haven, and if you can't get suited there, it is no use trying anywhere else. He keeps everything in the clothing line and sells at bottom prices.

—Col. Coburn and lady have returned from their western tour. The colonel speaks of the great grand west and its wide-awake enterprising people with delight, and yet, strange to say—he has concluded to stay a while longer in rugged old Pennsylvania.

LARGE WHEAT STALK.—A wheat stalk can be seen in the JOURNAL office that measures exactly six feet in length. It is of the celebrated Washington Glass variety and was grown on J. H. Reifsnnyder's Sheep Hill. Who can beat it?

—Mrs. D. A. Musser sent two monster strawberries to our sanctum, measuring 9 1/2 inches in circumference and weighing two ounces. The flavor was fully equal to the size, but the name we don't remember—but what's in a name? 'Bliged.

—J. A. Limbert, the mail contractor on the route between Coburn and Woodward, is prepared to carry express packages and other goods to all points along the route at reasonable charges. All business entrusted to him will be punctually attended to.

—Mr. B. F. Hunter, of Denner township, gave us a call last week. Mr. Hunter is one of our most progressive and intelligent farmers in the county, a pleasant and sociable gentleman, and good democrat. He is a candidate for member of the legislature, and thinks his prospects are very promising.

—Down in Snyder county they propose to carry on the picnic business on an extravagant scale this season. Lemonade is to be made extra rich by using one entire lemon to about four barrels of water. The Middleburg Post says so, but then that's a Republican paper, and what these say is not always scrupulously true.

—We understand that a project is on foot to build a new entrance gate to the Millheim Cemetery. Seems to us that if the whole town and surrounding neighborhood would "stick together" enough funds could be raised to make the project a reality. The gate now there is neither ornamental nor useful. Otherwise the cemetery does not seem to need any attention.

LAWIN.—of the Philadelphia Branch Clothing Store, is one of the most accommodating merchants one can meet. He will cheerfully show his goods, even if you do not buy. But you will almost surely return and buy at the Branch, after having priced goods elsewhere. Clothing, hats and caps and gents' furnishing goods of every grade and price cheaper than the cheapest.

—Mr. D. A. Musser, Hon. W. K. Alexander and Esquire Reifsnnyder were to Harrisburg yesterday to attend the Democratic convention.

—The Ladies' Mite Society of the St. John's Lutheran Church will meet at Mr. John H. B. Hartman's next Monday evening. A general attendance is requested as business of importance is to be transacted.

—Miss Mary Strohm takes this opportunity to inform the citizens of Millheim and vicinity that she will again open a school on Tuesday, July 25th, next, and kindly solicits the continued patronage of the public.

—By reference to another column it will be seen that our elongated friend, Prof. C. L. Gramley, will again open a select school at Lebersburg, on the 2-1/2 proximo. Cepth is just the chap to do it. Big enough to teach any school in these parts, or anywhere else for that matter.

—President Jacob Cuff Alter is one of the usefulest men around about town Besides being a good faithful president, he handles the hatchet and saw, the shovel and the hoe about as dexterously as any man in this neck o'woods. The sidewalk he built for Johnny Keen is fully fit for a king to walk over.

—The other day Charley Albright showed us one of the neatest and best-finished buggies we have seen in a long while. It is of the Buck Board style and nearly all Charley's own work. The painting is especially fine and the striping and other ornamenting very exact, beautiful and chaste. Charley understands how to do it.

—On a trip to Brushyvalley the other week we had occasion to do some shopping in Lebersburg, and were surprised to find Frank & Sou's store so well stocked with a fine selection of Dry Goods, Boots & Shoes, Groceries, &c. Those gentlemen know how to please their customers by their good taste and obliging dispositions.

—As far as we know, the fourth of July will be a very dull day in this town. Most of our young men expect to be at work in the hay fields by that time, and the older folks have forgotten how to celebrate the Fourth. So if we want to see something like a celebration we will have to go to other places. say Lock Haven.

—Neighbor D. A. Musser has thoroughly repaired—that is to say entirely rebuilt the inside of the old Musser mill. New improved machinery and water wheels supplant the old, and our friend Philip Meyer is now prepared to make as good flour as any man that walks the face of the earth. That's a mackerel fact.

—Farmers are looking around for workmen for haying and harvest. Both crops we are glad to say, will be heavy. It is getting to be pretty well understood that we are getting too clumsy for that kind of work, and so our friends by common consent have agreed not to hurt our feelings by asking us to help, which is very considerate and kind.

—Miss Strohm's school picnic on Saturday was a success. The children enjoyed themselves to their heart's content and returned home in gleeful spirits just before the rain. And it was ever so nice and considerate in Miss Strohm to send us such a fine and varied collection of cakes. If we just knew, who informed her of our weakness for cakes, we'd treat him, her, or them to a glass of lemonade sure. Many thanks.

—Some business men think it does not pay to advertise, while others think it does. Among the latter is the extensive and popular Bee Hive Dry Goods house of Lock Haven. The JOURNAL has advertised the Bee Hive regularly for the last six years, and the enterprising proprietors feel satisfied that it pays them well for every dollar thus expended. There is no store in Lock Haven that is so well known to the people of the valleys as the Bee Hive—none that does so large and regular a trade to this part of Centre county.

—Boys, we feel ourself moved to give you a few words of kind advice. If you attend a picnic or other gathering again, please remember that it is not absolutely necessary that you should swear so profusely and loudly. There may be others about who are not used to such profanity, and to them it is simply shocking. If you must swear do it for your own satisfaction when you are alone. Go out into the fields all by yourself and there swear until you are fully satisfied—but remember that even there One hears you who will make a record of your blasphemies. Had you not vulgar and better make up your minds to quit the wicked habit altogether? Try it.

A SNAKE CHASES A BOY.—Last Thursday Mr. Christ Woodling was cultivating corn in Mr. Jordan's field, south of Aaronsburg. He had a young boy with him to set up the bent and broken stalks. The boy was some rods in the rear of Mr. Woodling, when suddenly he screamed "A snake, a snake," running towards Woodling as hard as possible, closely pursued by a large blacksnake, of the racer kind. Woodling luckily found a club close at hand, with which he dispatched the snake in best style. It measured over six feet in length. The boy was fearfully frightened, but had received no other harm.

—Doctor Squire Orndorf and Mr. Jonathan Hess, two of Pine Grove's most solid men, cheered our sanctum with their social conversation one day last week.

—Lock Haven is going to have a grand 4th of July celebration, which no doubt many of our people in the valleys will attend. No fears need be had by any that they can not be accommodated as ample provisions have been made by a competent committee.

Miss Laura Keller, the celebrated elocutionist, will read the Declaration of Independence. Rev. P. A. Heilman has been selected as the orator of the day. All the bells on public buildings will be rung and all the whistles of the factories blown, at 4 o'clock in the morning—for thirteen minutes—one minute for each of the original states.

The following named companies have accepted invitations to be present and take part in the public parade: Milton Steam Fire Engine Co., with 50 men; Paxton Steam Fire Engine Co., of Harrisburg, 75 men; Sunbury Steam Fire Engine Co., 50 men; Washington Steam Fire Engine Co., of Sunbury, 43 men; and band of 18 members; Good Intent Hook and Ladder Co., of Sunbury, 50 men; Logan Hose Co., of Bellefonte, 50 men. Besides these the Watsontown fire department will be represented by a committee and several other bands will be present.

—The cupola of the mammoth new Spring Mills House affords as fine and varied a landscape view as any devotee of nature could possibly desire. The thriving village below with its stately mansions and cozy cottage homes; old historic Penn's Creek, quietly and gently meandering through the charming, hill bound plain; beautiful Penn Hall farther on, hugging its own dear hills so affectionately; the hills themselves, with their waving grain fields, and the grand old mountain in the back ground little Egg Hill in the immediate rear, the Path Valley range to the south, the majestic Nittany to the north—all combine to render it a panorama of most surpassing beauty and loveliness. It is indeed one of the finest, softest, best-blended and most enchanting views we ever had the pleasure to behold. It is a sight that will amply repay the expense and fatigue of a long journey.

Mine host Nash, the enterprising manager of the popular new resort is busily engaged in improving and beautifying the ground, adding new attractions every day.

REBERSBURG SELECT SCHOOL.—The next session of this school will open on Tuesday, July 25th, 1882 and continue ten weeks. Every effort will be made to render satisfaction to both students and parents.

The principal object of the school is to prepare teachers professionally by a course of study relating to the science of teaching, but the common branches will receive due attention as a thorough knowledge of these is the first essential of a teacher's qualifications. Persons engaged in the profession or expecting to enter it, will find special advantages in this school.

Classes will also be formed in Latin, Etymology, Natural Philosophy, Rhetoric, Algebra, Vocal Music, Letter Writing, Geometry, &c. Books to be used may be had at Rebersburg. Most of the text books will be the same as those adopted throughout the county.

Tuition from \$2.50 to 6.50, one half in advance and remainder during term. Boarding at reasonable rates.

Students from a distance should make arrangements for boarding places through the teacher. For further information apply to C. L. GRAMLEY, Teacher.

CATCHING A TARTAR.

How Sound and White Teeth are Preserved.

How pretty lips are obtained—Why Alkaline should be used by every person who admires a handsome set of Pearly White Teeth.

Because Alkaline entirely overcomes the action of the Stomach upon the teeth and thereby aids nature to keep the teeth in their Natural Purity and Beauty.

Alkaline is the only liquid Dentifrice free from all gritty substances and perfectly harmless when swallowed.

Alkaline neutralizes every element of impurity that effects the health of the mouth or the soundness of the teeth. By its constant use the acidity of the stomach is overcome and the teeth made to retain their Natural Efficiency and Beauty to the extreme duration of life. Druggists sell it.

—We call the attention of our readers to the large, new advertisement of the Bee Hive Dry Goods Store at Lock Haven, J. F. Everett & Co., proprietors. This is one of the largest, best-known and most successful business houses in this part of the state. The Bee Hive does an immense business, extending throughout Clinton county and into large portions of Centre, Cameron and Elk. The elements which insure such large results are—strict business integrity; a thorough knowledge of the trade; the widest possible range in grade and price of goods and the fullest assortment at all seasons; the lowest, uniform prices to all; competent and obliging salesmen and judicious and liberal advertising. This is a combination of points that can not be surpassed anywhere.

No PAPER NEXT WEEK.—Next week is the time for the printer's short summer vacation, and no JOURNAL will be issued from this office, according to the general, time honored custom. We also kindly ask to be excused from doing any job work. Just how we will spend the time we can not yet say, not having made out a programme. But if our subscribers don't keep us too busy filling up receipts, we will find something else to do to keep us out of mischief.

On Monday morning the engine to Conductor Stoughton's train struck Mr. John Wolf while he was standing on the track at the corner of First street, this place. Mr. Wolf is hard of hearing, which accounts for his not noticing the coming of the train. He is a resident of Wilkes Barre, but was stopping with Jacob Slifer, a relative, in this place. He was rolled over several times by the engine and thrown to one side. When picked up he said he was not injured but soon discovered his mistake. His collar bone is broken, and he has a number of bruises. It was a narrow escape from instant death.—Lewisburg Journal.

SPRING MILLS ITEMS.

Ice cream at four different places on Saturday evening, when? Opposition is the life of trade.

Daye McCool is about the happiest man in town. Sam Paten congratulates you, Daye.

The Spring is beginning to make a fine appearance already. Sam'l Letzler, the contractor, is doing the work well. When completed it will make a grand affair.

Henry Krumrlae and J. D. Horner's houses are nearing completion.

Candidates are just beginning to make their appearance. Gentlemen, you are slow. The later bugs have the start of you by much (Yes, but they must gulp down lots of Paris Green for their forwardness.—Ed.)

Our Veteran Club will picnic at Paddy Mountain Tunnel on the "4th" taking the morning train and returning in the evening. The boys expect to have a good time. The evening will be made lively here by fire-works, music, &c.

J. J. Grenoble shipped 5000 bushels of wheat last week. Straws show which way the wind blows. SAM PATEN.

James Shaller, aged 15, of Berkeley Station, Berks county, was seized with cramp while bathing in Maiden Creek, and was drowned.

Millheim Market.

Corrected every Wednesday by Gephart & Musser.

Wheat 1.10  
Corn .90
