

Local Department.

A good town property at private sale. Inquire at this office.

The latest crop reports are that chestnuts will be plenty.

Rev. E. H. Dornblaser and lady, or, to state the matter more exactly—"Cammie Bright" and her husband, of Wheeling W. Va., visited their relatives and friends in these parts last week.

Yesterday we were shown the first complete Keystone Cultivator built by S. K. Sankey & Co. Aside from its utility it is a very neat and substantial implement and will pass inspection at any county, state or world's fair. Others will now follow in rapid succession.

\$10 REWARD.—I will pay a reward of ten dollars to the person, to whom I gave two new fly nets, to deliver to W. L. Musser, and who will certify that he did deliver the same to said W. L. Musser. R. V. SHAFER. Late of Howard Pa.

TAX NOTICE.—All persons owing state and county taxes on my duplicate are hereby requested to pay the same without delay, otherwise costs will ensue.

WM. KERSTETTER, Collector for 1882.

The Millheim Telegraph is happy over the assured prospect of a little narrow gauge rail road from that town to a large tract of timber land in Hartley and Lewis townships, some five miles distant. A Williamsport firm has the enterprise in hand and will begin active operations next spring.

Al Walters is getting to be an even hand, almost beyond endurance. He paints his remodelled house the daintiest, flashiest, reddest and greenest-brightest and gayest of any in town or out of town. It is positively and absolutely too utterly utter—too intensely intense for anything.

Our friend Jacob Gobbie, of Nittany, writes us that he has grown a good, Republican tinted head nearly 19 inches long—say 9 1/2 to exact about it. Now if it is a good Republican head it must of course be of the Stewart breed. Cameron timothy could never attain such a size and perfection. That's settled.

Ex-Gov. Curtin will be present at the soldiers' reunion at Rebersburg, on Friday the 22nd inst. The people of the valleys will be happy to see their distinguished congressman in their midst, for in no part of the district has Gov. Curtin warmer personal or political friends than among the sturdy yeomanry of Penns and Brush valleys.

VALUABLE PROPERTY TO BE SOLD.—The real estate of the late Adian Fisher, deceased, known as Farmers' Mills, in Gregg township, about two miles north of Spring Mills, will be sold by the executors on Saturday, Sept. 9th. The premises consist of an excellent flouring mill, saw mill, dwelling house and store stand, and some forty acres of land. It is one of the most desirable properties in Centre county for an enterprising business man. See bills.

Inventors and Patentees.—should send for instructions, reasonable terms, references, &c., to Edson Brothers, Solicitors of Patents, Washington, D. C. who furnish the same without charge. Edson Brothers is a well known and successful firm of large experience, having been established in 1836.

Read, Mark and Learn!

That a fine, enclosed Picnic Ground, with every convenience, Swings, Croquet Ground, Quoits, Pavilion, and a Fine Spring of pure water with plenty of shade, has now been completed at Spring Mills. Societies, Clubs, Lodges and all respectable parties will be accommodated on reasonable terms. Carriages and tickets to the celebrated Penn Caves at moderate rates. Address GEO. B. NASH, Spring Mills House.

HAINES TOWNSHIP ITEMS.—Mr. N. W. Eby has started up a Picture Gallery at Woodward and is taking instructions from a gentleman from Chicago. Noah is one of our energetic young men and no doubt will in course of time make a splendid artist.

Mr. Emanuel Wetzel had the misfortune to lose one of his best horses some time ago. Lock jaw was the cause of his death.

Miss Lizzie Stahlnecker, who has been staying with Mr. Michael S. Fiedler's since last March has returned to Middleburg, Snyder Co., where she intends spending the rest of the Summer. Miss S. has many friends in this community who will be glad to see her back again.

Mr. John D. Bower left here on Wednesday to attend the fall term at the New Berlin Seminary. CAPT JACK.

The sale of the personal effects of George Harter, deceased, Saturday, Aug. 26th next.

We direct the attention of our farmers to the advertisement of S. K. Sankey & Co., manufacturers of the celebrated Keystone Cultivator, in another column. This enterprising firm now has every arrangement and facility completed to turn out this useful implement in large numbers and at the lowest possible price. Farmers will benefit themselves most by buying a Keystone.

ADVICE GRATIS.—The candidates just nominated for congressman, senator, assemblymen, jury commissioner and coroner had better go to Lewin in a body and have their sizes taken for campaign suits. "Don't you forget it" gentlemen. We want you to have the best possible appearance when you come around to solicit our votes, or make speeches, and Lewin is just the chap to rig you out in first class style. Don't risk defeat by appearing in patched unmentionables and general souchiness.

"Is this the Post Office?" "Is the barber about?" "Where are the hardware fellows?" What has become of Filp Musser?" "Did you see anything of Al Wolders?" These are some of the questions which we are asked daily—some of them quite a number of times the same day. Now, we know quite a variety of things—at least so we fancy—but how can we know where Al Walters, Jim Smith, Jacob Springer, Philip Musser or anybody else is when not at their regular places of business, unless they first tell us where they are going, what their business is there and how soon they expect to return? This they all should do, so that we may be enabled to better serve the public, or else they ought to hangulate on the outside of the outside door, a la Dr. VanValzah at Spring Mills, and on them write their probable or possible whereabouts, whenever they leave.

News Miscellany.

A Berks county man has in his possession a clock one hundred and seven years old, and still in running order. The Eleventh Congressional district of Texas is larger than the States of Alabama and Mississippi. John Emig, of Helam township, York county, this year raised 1,068 bushels of wheat on forty acres of ground. The second annual reunion of the Soldier's Orphan Sixteeners of Pennsylvania will be held at Harrisburg on 16th, 17th and 18th inst.

At Ashland a nineteen-year-old girl kindled a fire with coal oil. The can exploded, the girl's clothes took fire, and she was literally roasted to death.

One hundred and fifty deaths from lockjaw have rewarded the statistical researches of a Chicago physician into the Fourth of July toy pistol habit.

The Lehigh Valley is said to be overrun by Hungarians, Poles, Russians and Italians. Recently a number of Turks appeared in that section.

The landlord of the hotel at Weaversville Northampton—David Heller—has a tract of land in cultivation in which there are planted 60,000 heads of cabbage.

The contractors of the Sunbury, Shamokin and Lewisburg railroad, have been notified by President Gowen that the road must be completed by the first of next January.

The school directors of Monongahela City require every lady teacher employed to sign a contract not to marry during the school year. The "marms" will contest.

James Miller residing on Little Pine Creek, Lycoming county, killed a black bear on Saturday a week ago that weighed 400 pounds. This makes the thirty-eighth bear that Mr. Miller has killed.

The people of Salona, Clinton county held an indignation meeting and denounced the action of the county commissioners in triplicating the money valuations made by assessors upon property. A similar meeting was held at Renovo recently.

Two Indiana farmers went to law about a wrench, worth, possibly, a dollar and a half. The expenses, thus far, have been nearly \$1700, both litigants have mortgaged their farms, and the case is still in action. There is a moral to this case however it may be decided.

Five years ago Sol Smith, living near Feliciano, La., without provocation wounded Levi Carr so that he became partially paralyzed. Yesterday Carr was placed on a horse, gun in hand, and rode to a field in which Smith was at work, where he shot him through the heart.

C. S. Kauffman, of Lancaster Co. reports a field of wheat of over nine acres, which he has threshed out, of an average yield of 42 bushels per acre. He also says that one of his neighbors, a few years ago, had a field of the same variety of wheat—the Foltz—which yielded 50 bushels per acre.

On the bank of the Shamokin creek, near Sunbury, there is a camp of clowns, with monkeys, performing bears and begging women and children. The Sunbury Daily describes them as "a dirty, diseased, thieving set, with long uncombed hair, swarthy complexion and wicked eyes." Pleasant neighbors.

A brute named Hall who made an indecent assault upon a little five-year old girl at Tarbot, Bradford county, was taken from the lockup by forty masked men who stripped the scoundrel rolled him in a pool of tar, covered him with feathers and ordered him to leave. He took to a swamp and has not since been seen.

George Alfred Townsend, a bitter Republican partisan, in writing of Patton, says:

"He obtained the very responsible place of comptroller, or watch-dog, of the city treasury, and there it was astonishing how one man, educated in honor and the fear of God, could be distinguished in a speculating and thieving age. He positively did not know how to steal, though he had been always poor. This made him eminent in Philadelphia politics, and very unfashionable, but it pleased the taxpayers, who hardly knew what was theirs unless they sat on it. And finally at the age of thirty-two, this little boy, born at the old town of Snow Hill, which is older than Annapolis, verifies the text I once heard his father preach a sermon from: 'Thou hast been faithful over a few things; lo, I will make thee ruler over many.'

Terrible Steamboat Accident

CAIRO, Ill., August 7.—The steamer Goldust blew up and burnt to the water's edge and sunk near Hickman to-night. Seventeen persons were killed so far as known, and forty wounded. The captain was wounded slightly. A tug with physicians left here at 8 p. m. for the scene of the disaster.

HICKMAN, Ky., August 8.—The exact number of killed and wounded by the explosion of the boiler of the steamer Goldust last evening is not known but is estimated at twenty-four killed and forty-eight wounded.

CAIRO, Ill., August 8.—The steamer City of Alton arrived here to-day from Hickman, Ky., with the wounded persons on the steamer Goldust. Up to the time of leaving Hickman thirteen persons had died. Five lady passengers were on the Goldust and all of them were saved only one, Mrs. Thornton, having been slightly scalded. Twelve wounded persons were left at Hickman, as they could not be removed at present. All on board are doing well. Ten of the dead were buried at Hickman. While the undertaker was bringing the body of Clerk Ingram to the Alton at Hickman his team ran away and he was fatally injured.
