RICE WHEAT .- Congressman Curin has secured a large lot of this excellent new variety of wheat which is being distributed to the farmers of the county at the agricultural store of Alexander & Co, near the depot, Bellefonte. We trust that the farmers of the valleys will not be slow to improve the opportunity.

-The picnic of the Juniata Valley Printers' Association at Bellefonte, last Friday was a success, at least as far as numbers are concerned. About seven hundred editors, printers, ladies, wives and daughters were present, W9 arrived too late in the day to hear Gov. CARD .- Our band boys take this opportunity to return their best thanks to the ladies and others of the town and vicinity for generous contributions in the form of cakes, ed eighteen feet. cream and cash (C C. THE BAND FESTIVAL -The festival

held by our band on Friday and Saturday last was a grand success. The doors of the hall were opened on Friday evening about 6 o'clock, and soon the people came in to partake of ice cream, cakes, and other delicacies that riety. were for sale. The array of cakse, baked by the kind ladies of our town and placed on a long table was thefinest ever displayed in this vicinity and their quality was fully equal to their appearance. The ice cream was prepared by the bandfellows themselves, from the good farmers' wives in the neighborhood. Everybody pronounced the eatables good and tasteful. There were three very large cakes which were sold and voted away by tickets. The lucky numbers for the two Prize Cakes were, 116 red, and 163 blue. Mrs. Anna Grove of Spring Mills and Mr. C. A. Sturgis of Lewisburg were the winners. The third cake was yoted to Rev. N. Shannon, who returned -The suit against B. F. Franken- his thanks in a few appropriate remarks. On Saturday evening .the Brushvalley band furnished some good music and the hall was crowded with customers and spectators to its utmost capacity. The boys were kept busy selling until a late hour and when they summoned up the proceeds they amounted to \$70.75cts. Perfect order and good feeling prevailed throughout the entire occasion.

The band has almost enough money in the treasury to buy their uniforms and with a little more help they will be able in about three or four weeks to appear on our streets in dress parade.

McMillen's New Brockerhoff House is decidedly one of the best hotels in the state. The management is simply first class in all its departments and details. Every thing in and about the spacious establishment is the very perfection of neatness, cleanliness system and order. Mr. McMillen, the proprietor, is an experienced hotelist and a thoroughbred gentleman besides and he is well flanked by Mr. Al B. Haupt and Mr. Cooper Patterson, two as efficient, obliging and gentlemanly clerks as one could meet in a year's travel. Altogether the New Brockerhoff is a grand success.

A prominent Treasury official announces that the revenues of the government will probably aggregate \$450,. 000, 000 this year, an advance of \$45, 000,000 over what they were last year. Uncle Sam's income, it will be seen, is no small sum; in fact, it is a nice litle pile to have about the house.

A Curious and Fatal Accident.

DES MOINES, August, 20.—The young son of William Proutly yesterday attempted to hoist his father from a ninety-two-deep coal mine in South Des Moines, but found himself unequal to the task. He attached a weight to the descending car to act as an equalizer on the ascending car on which his father was seated. The weight, however, was so great that his father was brought up to the top at a terrific rate of speed, and striking against the roof of the shaft shed descending again to the bottom, nearly every bone in his body being broken.

THE TRUE SOURCE OF MISERY .-Bishop Ireland, in his address before the National Roman Catholic Total Abstinence Union at St. Paul said things which stirred up the feelings of of Irishmen considerbly. The following sentence especially meets with disapprobation: "The woes of the people of Ireland are most ly brought about by intemperance, and if they could be made temperate and kept so for fifteen years they could buy the entire island with the money they would otherwise spend for strong drink,"

The newest swindle upon farmers is as follows: Sharper No. 1 goes to a farmer and makes him an offer for his farm at a high price which is usually accepted, and \$50 or so are deposited to bind the bargain. Then Mr. Sharp's friend comes along and offers \$1,000 or more in advance of the first price. Then the farmer goes to No. 1, and by paying a good round sum, say \$500, secures a release. The enterprising fellow who wanted the land so badly at the highest figure neglects to come around, and the farmer is about \$450 out, which of course, is aivided by the
