

# LOCAL DEPARTMENT.

—Tuesday was the general fitting day in Millheim.

—The new landlord has taken possession of the First National Hotel.

—Mrs. Sturgis is improving slowly, but still confined to her bed.

—Mr. Wm. Miller is still confined to the house by sickness. Hope he will soon get out.

—Dr. Samuel Blair, a prominent physician of Lewisburg, died on Sunday evening last.

—Mr. Thos. E. Burd, who for some time was clerking for Musser & Smith, left for Freeport, Ill., on Monday.

—Read every word in the supplement. It contains something no doubt exactly suited to your case.

—The Building and Loan Association has its regular monthly meeting next Monday evening.

—Don't forget T. R. Stam's sale next Saturday afternoon. Some first class furniture and household goods will be sold.

—Yoney Kreamer's sale brought a great many people to town last Thursday. There were more rigs here than at any time since the holidays.

—Mr. Daniel Vonada, of Laurelton, has taken charge of the Woodward Mills. Mr. V. is a most excellent miller and a clever, obliging man besides.

FOR SALE.—Rev. C. F. Deininger offers his valuable property in Millheim at private sale. For particulars inquire of H. K. Luse, on the premises.

—If some of our former subscribers have more corn than cash, they can settle their subscriptions in corn—and it makes no difference to the printer whether it be for arrears, in advance, or for the current year.

—Winter and Spring are amusing themselves in a prize fight just now, and Winter was again the upper chap last Friday morning, covering Spring with a fine white snow of about six inches deep.

MUSIC.—Vocal and instrumental music practically and theoretically taught in the Musical College at Freeburg, Pa. A session of six weeks begins Tuesday, May 1st, 1883. Address F. C. MOYER, Musical Director.

—The publishers of the JOURNAL have purchased Mr. James E. Lenker's property, opposite cashier Walter's residence, on Penn street, and expect to erect a building during the coming summer suitable for a printing office and stationery store.

LARGE DEPOSITS.—The bank statement just published in Lewisburg papers show the following individual deposits subject to check: Lewisburg National—\$308,829.12; Union National—\$125,737.07, total \$434,566.19. Quite a clever sum to have even for two banks.

CARD.—The subscriber respectfully informs the citizens of Millheim and vicinity that he has rented Musser's Brick Mill, and so solicits a share of public patronage. Care will be taken to make the best work possible. Flour made at 40cts. per barrel and sacks found, or 25cts. per barrel exclusive of sacks. F. B. RICHARD.

—Squire Camp at Centre Hall turns out most excellent furniture at very moderate prices. No matter whether you need something fine to furnish your parlor or the more common articles for the kitchen, Mr. Camp can supply you any thing you want in his line, and at prices that cannot be undersold anywhere. Try him.

SELECT SCHOOL AT SPRING MILLS.—The undersigned will open a Select School in the Public School Building at Spring Mills. The spring term to consist of 5 weeks will open on Monday, May 7th. Tuition from \$2.50 to \$4.00. Boarding can be procured at from \$2.50 to \$3.00 per week. C. M. SMITH, A. B.

—J. A. Limbert is really one of the most accommodating and reliable fellows that ever drove a stage. Throughout the year he carries a very large amount of express goods all along the route, and delivers them in person. Everything is always right and his charges are really moderate. You can safely entrust our business to him.

—And now the first of April with its many disappointments and keen anguish is over, and christian men may take a short vacation until the agonies of garden digging, house cleaning and spring hats come. No permanent rest for the weary in this sinful world. But why did they not put mother Eve under bonds for good behaviour? That's what we want to know.

—Mr. B. F. Kister and family removed to Milton on Tuesday, where he will go into a newspaper enterprise in partnership with his brother. Both are practical printers and have the prestige of big names. Benjamin Franklin & Thomas Jefferson ought to be able to get up a first class paper, both mechanically and politically. We wish them all possible success.

—Landlord Musser is making some improvements in his hotel.

—A fine monument is now on exhibition at Deininger & Musser's Marble Works. It is the first white bronze work in the monumental line in this part of the county, and is a very beautiful and yet chaste piece of art. The emblems and ornamentations are in good taste and excellent workmanship, making altogether just such a memorial as loving friends desire to mark the last resting place of departed members of the family.

The monument was ordered by John C. Motz, Esq., and sisters, and will be erected at the graves of their parents, St. Paul's Church, Haines township.

DISTRESSING ACCIDENT.—Mrs. Adolph Miller received a letter from her nephew, Mr. F. O. Metzger, now at Philadelphia, but well known here, which states that his younger brother Henry had the misfortune to have both his limbs cut off while on duty as a brakeman on a western railroad. Amputation was of course necessary, but there is hope that he may recover. Henry will be remembered by our people as a little boy, and will have much sympathy among his former friends in his great distress.

—In speaking of the reading of newspapers in public schools the Lock Haven Democrat very fittingly says:

In some of the public schools of the State newspapers are used as readers. In view of this fact it has been inquired what effect the publication of Duke's letters is likely to have on the minds of the young. The question is a very natural one. The letters, though totally unfit for publication, and which can only have a debasing effect on the mind, have been spread out before the readers of many journals which claim to be conservators of the highest morality. THE DEMOCRAT did not print them because they were regarded as too obscene for publication.

—Our borough council had their first regular meeting on Monday evening and made a good start in business. All the members were present. The following committees and other appointments were made: Finance—S. G. Gutelius, J. H. Maize, Thos. Hockman; Streets & Alleys—A. A. Frank, W. J. Springer, Thos. Hockman; Nuisance—S. G. Gutelius, J. H. Maize, W. J. Springer; E. Bartholomew, Street Commissioner; Jonathan Harter, Treasurer; D. F. Portney, Attorney.

The High Constable was instructed to assess dogs the first week in April. Council meets regularly on first Monday evening of each month.

## AROUND SPRING MILLS.

The Methodist congregation will shortly organize a Sunday School. Commendable.

Mr. David McCool moved to near Hartleton. Best wishes, Davy.

Mr. Geo. A. Runk is at Washington City, visiting.

Mr. Samuel Harter and Mr. F. F. Jamison are off to "Old Virginia" to visit friends and see the country.

The new firm of Peeler & Long have launched into business. Hope there is millions in it.

Not only our Methodist friends but the community generally are most pleased that Rev. Furman Adams has been returned to this charge.

Spring Mills is forward to a big building and business boom the coming summer. Let it come.

LOOK TO THE CELLARS.—The Patriot in speaking of malaria so prevalent in Harrisburg traces the prime cause to badly ventilated cellars. What the Patriot says of Harrisburg cellars deserves no doubt a much wider application. Cellars as now kept or rather neglected, are a fruitful source of disease and death, whether people are aware of the fact or not. But with good ventilation and an occasional little flame fire the danger will be much lessened if not entirely neutralized. The Patriot says:

The noble and beautiful Susquehanna river is unjustly accused of being the cause of much sickness in Harrisburg. All of the so-called malarial diseases that it is alleged prevail here are attributed to the influence of the river on the atmosphere.

Perhaps, if Harrisburg is such an unhealthy place, which is to be doubted, some other and more potent causes may be discovered. It may be just possible that the people themselves are to be blamed for a good deal of the sickness that prevails. Let people look to their cellars. Very few houses in Harrisburg are built over ventilated cellars. Fewer still have paved basements. The cellars are damp and in many cases improperly drained. In these places are stored quantities of vegetable matter in the shape of potatoes, cabbage, onions, apples and other fruit. This matter is subjected for days, weeks and perhaps months at a time to the decaying influences of impure air.

Vegetable decomposition is sure to breed disease. The foul and dangerous air that accumulates in cellars, having no other means of escape goes through all compartments of the house above. Diphtheria, pneumonia and the malarial affections that are so generally complained of are sure to follow. Yet people assign as a cause for them all the pure, health-giving atmosphere of this vicinity, while they give no thought to the pest breeding places beneath their homes.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WINSLOW'S SORREL SYRUP FOR CHILDREN TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WINSLOW'S SORREL SYRUP FOR CHILDREN TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

## Miscellaneous.

The new Board of Pardons have thus far, we believe, refused to grant a single pardon. Not much hope for criminals before this board.

There are indications that the forthcoming peach crop from the Delaware peninsula will be one of the finest and most satisfactory in many years.

Wm. H. Vanderbilt says that he and his sons may possibly expend between \$20,000,000 and \$30,000,000 in developing the coal resources of Clearfield county.

Miss Tillie Zellers of West Buffalo, aged 12 years, reports that she has just finished a quilt, in which are 1431 patches. She commenced making it when 7 years of age.

From the Williamsport Bulletin: "A new corps of engineers have just commenced surveying the route for the Gould line of railway between Bellefonte and Lewisburg, by way of Nittany, Brush and White deer valleys."

A man stopping his paper wrote: "I think folks often to spend their money for payers, and daddy dident and everybody sed he was the intelligent man in the country and had the smartest family of boiz that ever was."

In fourteen different cells in the Alleghany county jail are incarcerated fourteen men who are charged with murder. Of this number, five have been given a fair and impartial trial and are under sentence of death.

A fourteen-year old boy and a large wild-cat engaged in a desperate fight near Port Alleghany a few days ago. After receiving several dangerous scratches and bites the boy succeeded in killing the wild-cat with a club.

Frederick Boone, a nephew of Daniel Boone, the pioneer of Kentucky, was placed in the poorhouse in Greene County a few days ago. He is ninety-three years of age. During his earlier years he was a great favorite with his uncle.

Marriott Brosius, who ran for Congress on the Republican ticket, has just found out that he is one of the heirs to \$38,000,000, left by a relative in Germany. Some of the reformers out this way who helped to defeat him, and now would like to borrow money, are kicking themselves down stairs every chance they get.—Philadelphia News.

Albert Culp, a car inspector at Sunbury was working under some cars, on the night of the 16th inst., when a train backed on him. His death was a frightful one, the cars crushing him horribly. He was literally decapitated. Death was instantaneous. Culp was a middle aged man, and leaves a wife and five children.

The Latest News About Eliza Pinkston.

From the Canton Picket.

Eliza Pinkston, notorious for the part she played in the Tilden-Hayes election, is a prisoner in this county for law-breaking. Recently she gave birth to twins, one of whom is called Ruthford B. Hayes and the other Stanley Matthews.

The Coming Republican Platform.

From the Chicago Press.

The chance of Robert Lincoln for the republican nomination for the presidency are gradually improving, at least this is the opinion of shrewd observers at Washington. The platform on which he will run in case he secures the nomination will be, "He is the son of his father."

A MANUFACTURING COMPANY in Berwick, Columbia county, has bought all the liquor licenses within several miles of its factories in the hope that the employees will lead quiet, temperate lives. A good example like this one is worthy of widespread imitation.

Delaware Senate Votes for Local Option.

DOVER, March 29.—The Senate passed the local option bill, to the surprise of every one, this afternoon by a majority of only one. The bill was prepared by the Delaware State Temperance Alliance and was not expected to pass the Senate. The chances for its passing the House are about even.

AT THE FUNERAL of an old miser in Bell township, Westmoreland county, recently, the minister made several severe remarks of the miser's love of money and general meanness. When the miser's will was read it was found that \$1,000 had been bequeathed to the minister's church. In this case it would seem that the miser was the better preacher.

An Editor Horsewhipped.

ST. LOUIS, Mo., March 23.—J. N. Peers, editor of the Collinsville (Illinois) Herald, was horsewhipped in that town yesterday by Mrs. Henry Marshall, the wife of a business man there, for the publication of an article which reflected upon herself, her husband and her mother. Peers was badly marked about the face and neck by the rawhide vigorously applied by the indignant lady.

A Tramp's Crime.

EASTON, March 29.—A tramp this morning cut his wife's throat at Hecktown, and then with two other tramps led across the fields. The woman was found on the roadside, and physicians say her injuries will prove fatal. A party of men has started in pursuit of the tramps. The woman was taken to the almshouse. She says Charles Thighman is the name of the man who assaulted her. They were walking along the road at the time talking on different subjects when he suddenly seized her by the throat, threw her on the ground and cut her throat. It is thought she cannot live till to-morrow.

General Andrew Jackson's Indian Cook.

From the Mobile Register.  
An Indian woman 120 years of age lives near Fitzpatrick, in Bullock county. She was on General Andrew Jackson's staff as a cook when the worthy cut a road through the country to Florida, and has some pots and kettles in which she used to cook the hero's frugal food.

The new postal draft that the government has adopted for the transmission of small sums of money is likely to fill the want that has long been felt. It will have the advantage of cheapness, costing only three cents above the amount of the draft, and of simplicity, being substantially only a check or draft drawn by the postmaster at one station upon the postmaster at another. It will require little time or trouble to procure or to get it cashed. It will be a great accommodation to the working class and others who desire to forward remittances in the way of business or to their friends.

Possibility of a Murderer's Respite.

PITTSBURG, March 23.—There is a strong probability that Silas Gray, of Westmoreland county, whose death warrant was signed by the Governor on Wednesday last, will be respited. Since the statement made by Hiram Bowermaster that Gray did not commit the murder, renewed efforts are being made in behalf of the condemned man. Governor Latta, who was interviewed today on the subject, said that if Bowermaster's statement can be corroborated, there is scarcely any doubt but that the Governor will take some action. The testimony of Johnson Dickson, the principal witness against Gray, has been discredited since the trial, and the probabilities are that if another hearing is granted it will be torn to shreds. The execution is fixed for May 24.

THE CZAR'S CORONATION.—In May the present Czar is to be formally crowned at Moscow. The ceremony is expected to exceed in lavish extravagance and splendor any similar event in ancient or modern times. The table for the general feast will be eleven miles long. It will be a most extraordinary pageant. There is, however, a general expectation that the Nihilists will make their power felt on that supreme occasion. Should they succeed in killing the Czar in the midst of this extraordinary spectacle it would be one of the most dramatic events in all history. It is not at all likely, however, that any occurrence of a tragic character will mar the festivities. The most extraordinary precautions will be taken. Powerful and daring as have been the Nihilists they will have to wait till their blows till their victim is off his guard.

GIRLS, BE CAUTIOUS.—Girls, beware of transient young men. Never suffer the address of strangers. Recollect one good, steady farmer's boy or industrious mechanic is worth more than all the floating trash in the world. The allurements of a dandy Jack, with a gold chain about his neck, a walking stick in his paw, and a brainless though fancy skull, can never make up the loss of a kind father's home, a mother's counsel and the society of brothers and sisters. These affections last while that of such a man is lost at the wane of the honeymoon. Girls, beware! Take heed lest ye fall into the "snare of the fowler." Too many have been already taken from a kind father's home and a good mother's counsel, and made the victims of poverty and crime, brought to shame and disgrace, and then thrown upon their own resources, to spend their few remaining days in grief and sorrow, while the brainless skill is making its circuit around the world, to ruin other victims by his deceitful snares and artful villainy. Girls, beware.

Wheat Prospects in the West.

ST. LOUIS, March 29.—The Post-Dispatch has reports of the winter wheat crop from over two hundred counties in those parts of Illinois, Indiana, Kentucky, Tennessee, Kansas, Missouri and Texas where winter wheat is grown. In Missouri and Kansas the condition is good, the acreage fully equal to last year, and the damage no greater than usual at this time of year. Tennessee and Illinois give fair reports, but Kentucky and Indiana, especially the latter, show considerable damage. From Texas reports are meagre, but those received are good. It is learned from other sources that the condition is generally good with a fair prospect for a full crop. The reports also show that a very large amount of last year's corn crop still remains in the above named States. A dispatch from Topeka, Kansas, where the Kansas State Millers' Association is now in session, says: "The millers present express the opinion that the wheat prospect in that State is very favorable and predict that with good weather the yield will be from thirty to forty million bushels."

THIS PAPER may be found on NEWSPAPER ADVERTISING BUREAU (10 Spruce Street), where advertisements are placed and contracts made for it in NEW YORK.

WE continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had thirty-five years' experience. Patents obtained through us are noticed in the SCIENTIFIC AMERICAN. This large and splendid illustrated weekly paper, \$3.00 a year, shows the progress of Science, is very interesting, and has an enormous circulation. Address MUNN & CO., Patent Solicitors, 110 N. 3rd St., New York. Send for our Circular.
