

LOCAL DEPARTMENT. ANNOUNCEMENTS. We are authorized to announce that Dr. J. R. ...

THE READY REFERENCE TAX RECEIPT BOOK. A handy little book for every tax payer.

Mr. John Reichard, of Millheim, was seen on our streets last week.

The Atmosphere was remarkably cool for August, on Friday and Saturday.

Mr. John Reichard, of Millheim, was seen on our streets last week.

Mr. Jacob Gobble, of Saydertown, paid our sanction a visit on Saturday.

Ex-Sheriff Musser brought a pig to vine to our office that measures six feet six inches in length.

Mr. J. R. Wolf, of Rebersburg, was one of our substantial callers on Saturday.

Mr. Jacob Sanders donated a very good and much needed table for the Lutheran Sunday School.

Mr. Jonathan Kreamer is still confined to his room, with no present prospect of improvement.

Ex-Gov. Curtin is hereby tendered the thanks of the Journal for a copy of the Compendium of the Tenth Census of the United States.

Gen. Beaver and two sons are traveling over a great part of the state in a carriage.

Mr. John Kerstetter, of Booneville, one of the best masons that ever swung a hammer, and a very good jolly fellow besides, is again here building four divisions.

Our good looking Chief Burgess, Jas. C. Smith, was the first man to buy our handy and practical Ready Reference Tax Receipt Book.

J. R. Smith & Co., the wide-awake house furnishing firm of Milton, last week donated a very fine secretary's desk, worth \$12, to the Lutheran Sunday School of Millheim.

STRAYED OR STOLEN, from the residence of the subscriber in Aaronsburg, on the 31st of May last, a dark red cow, with a little white along the belly and from rump to tail, medium size, heavy set and short legged, and heavy with calf at the time.

The grasshoppers around Centre Hall are fond of twine. They consumed the twine bands wherewith the sheaves of a 16 acre wheat field, on the farm of John T. Ross, were bound—all but about 400 sheaves. This is about the meanest trick yet heard of grasshoppers.

The grading and leveling of the Bell-fonte and Buffalo Run R. R. is completed and it is thought that the ties and track will be laid and trains run by about middle of September.

The members of the Millheim Cornet Band hereby tender their best thanks to the ladies of the town and neighborhood for their liberal donations of cakes, milk and cream for their festival and to the community at large for their generous patronage.

J. W. Saok has just completed a storkish iron fence around his premises and is now building a substantial plank walk. Jake is a tip-top fellow for improvements, and we will name about a dozen fellows who we wish would follow his example—but it won't do to you know—for an editor to be personal.

Albright showed us a number of very fine buggies the other day. They appear to be very solidly built and are as well finished as anything we have seen in the buggy line this long time.

We regret much that we can not publish the RULES governing the democratic delegate elections, this week. Sherriff's sales and local matter have so crowded the JOURNAL that it is scarcely possible. And it makes no real difference as our democrats are well booked in these matters and most of them know these rules "by heart."

Sheriff Dankle sends us a rather lengthy communication for publication this week. It is somewhat monotonous and dry reading for dog days—especially to those not concerned, while these that are concerned the meaning is pointed out enough. These Sheriff's are real ugly when they get mad at a fellow, for which reason we are doing our level best to keep on good terms with Tommy.

The administrator's sale of the estate of John D. Foote comes off to-morrow, (Friday) Eight properties, amounting to five dwelling houses in Millheim will be sold.

The trustee's sale of the estate of John Keen, deceased, will be the following Friday, Aug. 17th. Two properties in Millheim, ten acres of out lots near town and a farm two miles west of town, will be sold.

The stone, lumber and other material for the new JOURNAL building are coming in, but the dollars are not coming quite as "thick and fast" as the energetic demands. Please don't be so bashful about the matter friends. An average of about five trade dollars a day on old subscription with about two new cash subscribers and as many Bland dollars, daily, would just move us along swimmingly. Fact.

Mr. T. G. Erhard made himself quite useful while out in Kansas for nearly three months. He owns two adjoining farms in Sumner county—one of 81, the other of 160 acres. On the latter he built a good house and stable, and talks seriously of emigrating out there for good. Don't do that, Tommy. We don't like to give you up, and beside it is so much farther a way from home than Strasburg.

Prof. Wolf gives notice in this week's JOURNAL of the regular annual teachers' examinations. He fixes Monday Sept. 10th for Millheim and Penn. Now just one word to teachers, actual and prospective. Brush up your rusty ideas—if you have any to brush up—for the occasion, especially in Geography and Grammar. Don't locate Afghanistan and Beloghotstan on our Pacific coast. Don't murder the King's English in the first degree when you parse. Please don't.

What has become of Sam Patch? (Gone "where the woodbine twineeth.")

Miss Clara Gaise, Mr. H. B. Harrington and Mr. Duncan Runkle are going to Illinois to spy out the land. (Glueckliche Reise.—E.L.)

J. F. Glass & Co., have the boss separator. Their work gives satisfaction. I. J. Grenoble received fifty car loads of coal last week—the largest single lot ever brought to Spring Mills.

Mr. J. H. Bibb, the gentlemanly landlord of the Spring Mills House does a thriving trade. A number of tourists are here who are well pleased with the accommodations, the people and the place.

The Centre county Sabbath School Convention will meet here on the 23rd instant. We anticipate a full attendance and profitable time. Rev. Farman Adams will conduct a service of song in the M. E. Church next Sunday morning. It will be very interesting and the public is respectfully invited to attend. The JOURNAL is a welcome weekly visitor and is getting popular. (Happy to hear it. B.L.)

Communicated. Penn Hall, Pa., Aug. 6, 1883. Editors Journal:— Please allow me a little space to say that Messrs. J. F. Glass & Co. have thrashed a part of my crop and that the work done by them deserves much praise, especially because it turns out the wheat cleaner than any Separator I ever saw. They know exactly how to handle and run their machine so as to produce the best results.

FATAL RAIL ROAD ACCIDENT.—We learn from the Lewisburg papers that Mr. John Bower, residing near that town, lost his life while crossing the L. & T. Rail Road, at Fifth street in a buggy, by being run into by a train, last Wednesday. The usual warning signals were given; but it appears that Mr. B. whose hearing is somewhat impaired, failed to hear them, and drove upon the track. His horse, furthermore, became d. z. d. and seemed unable to leave the spot. The train could not be stopped in time to save Mr. B. and he was caught, thrown some distance and badly hurt about the head and knees. He was unconscious until death followed.

As the introduction of christianity into the world by our divine Saviour is the greatest blessing that a merciful God could confer upon man, it is his privilege to avail ourselves of the blessings and benefits it offers, and in view of the fact that the majority of our fellow men for whom Christ died, live destitute of its soul-saving influence, and even our respective congregations have fallen into a state of meaninglessness for a lack of the baptism of the Holy Spirit and of fire and therefore need the spirit of quickening into newness of life in a great measure, so that instead of exhibiting a spirit of sectarianism and exclusiveness, they be baptized into one spirit, loving each other as Christ loves us. Believing as I do, in the "communion of saints," I would hereby extend a friendly invitation to the christian ministers and people of whatever denomination, to unite with us at our approaching compacting, to attend and participate in the various religious services and exhibit, as the people of God, a united front to the unsaved portion of our fellow men, that they may thereby be led to Christ, instead of becoming hardened in their sins by the petty jealousies and unfriendliness of professed christians. In the spirit of brotherly love I subscribe myself your fellow laborer in the vineyard of our common, divine Master.
