

LOCAL DEPARTMENT.

—Warm, balmy days, and cool, foggy nights. —Yoney Kreamer's condition is reported worse again.

—How is it about that cider? Are you going to bring the printer a barrel?

—Last week Miss Lydia Musser again moved into her house on North street.

—Our Methodist friends have placed a fine set of pulpit furniture, in their church.

—A few Tax Receipt Books are still left. Don't forget to buy one before they all go.

—Mr. John Bracht, at Elkton, was the first man in this section to start coar feeding.

—Mrs. Emma J. Tomlinson left on Monday morning for Lewisburg on a prolonged stay.

—Adam F. Harter and "Jip" Hooverman have returned from the west all safe and sound.

—The total expenses of keeping the poor of Bellefonte for the month of September was \$130.

—Musser & Smith, our enterprising hardware men have a new clerk in the person of A. Bartsge.

—Mr. J. H. Deibler, Snook's gentlemanly clerk, is here again after an absence of several weeks.

—Mrs. Jonathan Harter is visiting friends at Harrisburg and other places. Hope she may enjoy the trip.

—Dr. Starn is having auction every night this week. He wishes to sell out his goods preparatory to going west.

—Dr. P. T. Musser and Frank Knarr were to Lewisburg last week attending a law suit, or something in that line.

—Rev. J. G. W. Herald, Mr. & Mrs. F. D. Luse are off to Reading attending the meeting of the U. B. Conference.

—John Kerstetter, the boss mason from Booneville, is building the foundation walls for Andrew Stover's house at Coburn.

—Our Young friend Geo. W. Harter has been appointed teacher of the North Street School, vice Mary E. Strohm, resigned.

—The filthy, offensive ditch on Main street is still there, our worthy town council is still here—"and the villain still persists her."

—The heirs and widow of the late David Stover sold their property at the pike west of town, to George Royer, of Brush Valley, for \$1150.

—Money sold at 13 1/2 per cent. premium for permanent loan at the meeting of the Building & Loan Association on Monday evening.

—B. F. Kister is again busy and happy at the old business—making and mending boots and shoes, in Snook's corner building, Main Street, second floor.

—Smith's German Olio is not only a specific for rheumatism in all its forms, but stimulates the action of the liver and kidneys, and is a reliable blood purifier.

—The Musser Hunting Company—limited, left on Monday morning for a new supply of fresh venison.

—Col. Jacob Wolf and daughter Julia, alias Mrs. B. O. Deininger, left on Monday morning for Indiana county, Pa., to visit relatives and friends. Hope they may have a good time.

—If the JOURNAL pleases you, please hand it to your neighbor who does not take it, and very probably he will subscribe too. We express our appreciation for such kind favors in advance.

—The Phillipsburg JOURNAL has entered upon its sixteenth volume under very encouraging auspices. The JOURNAL is one of the best papers in the state and richly deserves its success.

—The Farmer's Mills Cornet Band will give a General Basket Picnic at Penn Cave next Saturday the 13th instant. All are invited.

N. W. REAM, Secretary.

—That kind christian lady who brought us something so very good for the inner man is hereby tendered our nicest thanks. We do not care to make her blush by stating the name but will say that it is not Mrs. Drake.

—The subscriber lost a money bag last Saturday afternoon between Brush valley and Aaronsburg, containing a little over \$25—a ten dollar note, a five dollar note, a ten dollar gold piece and the balance in small change. The honest finder will receive a liberal reward by returning the same to the JOURNAL office or to H. O. DUCK.

—Jas. P. Coburn, Executor, will sell at public sale on the premises, October 13th next, the large and splendid farm of the late Daniel Kreamer, of Penn township, deceased. This is one of the best and most advantageously located farms in the county. The land is of the best quality of limestone and the farm has an abundance of timber, water and good buildings. See posters, 31

—Our better half says, and she understands that matter thoroughly, that she "never had better flour in the house" than that made by neighbor Felty Breon and his assistant miller, little Bobby Miller.

—Mr. Wm. Mauck is constantly adding to his stock of furniture and his "shanty" will soon grow into a full-sized furniture store. William keeps good stock and sells very reasonably. He deserves support.

—While at Lewisburg and attending the Union county fair last week we called upon all the brethren of the press down there, and found them all—Schoch, Whitman, Focht and Cornelius—cheerful and happy.

—Among the many old friends whom we met at the fair last week none gave us heartier shakes of the hand nor warmer greetings than our late neighbor John F. Chambers and our old friend S. P. Snyder.

—Some of our exchanges are already prophesying a severe winter. All should prepare for a hard winter as well as they can, and if it prove less severe than was anticipated, so much the better both for comfort and purse.

—Some of our boys last week ruined several thousand freshly moulded brick for Mr. Snook by tramping on them. Such an act of pure malicious mischief should be deservingly punished. Will the parents of the boys attend to that little job?

—The Watchman of last week says: "The Lutheran memorial services are to be held in the Court House in this place on the 26th instant." The people of that church down this way would like to see a fuller programme of the projected Luther Jubilee.

—Business is booming at Dinges, Vonada & Co's new store, since they have their new goods. They fact is this is one of the most active, enterprising and successful firms at this end of the county and the indications are that they will do a big and increasing business.

LARGE YIELD.—Abs. Harter has long been the boss auctioneer in this section, that's conceded on all hands; but he now threatens to become the boss farmer too. The other day he threshed 480 bushels of oats from 6 acres of land—an average yield of 80 bushels to the acre.

—Improvements are steadily progressing at Coburn. Jacob Kerstetter is just putting the finishing touches to his fine mansion. The church is painted on the outside and presents a very neat appearance. The school house, just beside the church where it ought to be, is well under way. Andrew Stover expects to put up his dwelling house this fall.

—While at Lewisburg last week we of course visited Harris' Millinery & Fancy Goods Store, as we always do when there. It is without question the most extensive and best establishment of its kind in this part of the state. Mr. Harris showed us through the entire concern, down stairs, up stairs and all over, and oh the pretty things we saw! The indescribable hats, the delicate flowers, the beautiful feathers, the rich, costly coats! But why are all these nice fineries just made exclusively for ladies to wear? It is enough to turn the stoutest man's heart green with envy. Patience, ye meek and lowly sons of Adam. The time may come when it will be all the go for men to wear flowers and feathers, and then we will all buy our fine fixings of Harris, sure. See advertisement elsewhere.

—The Union County Agricultural Fair held near Lewisburg last week was very successful in all essential features. It was remarked on all sides that the exhibits were more numerous and better than for some years. The live stock, particularly the cattle, were very fine. Our Buffalo Valley neighbors excel on this line and there are perhaps few counties in the state that can compete with Union for good cattle. Implements and machinery were well represented and of the best manufactured. The mercantile mechanical and art departments were no less creditable. Of vegetables and fruit, as well as corn and wheat we never saw a better, although often a larger display. Grapes and peaches alone were almost entirely missing. The collection of fancy needlework, embroidery, elaborate quilts, mats, rugs etc., as well as the fine bread, rich cakes, delicious jellies and preserves, gave ample proof that the ladies of Union county understand the mysteries and arts of modern, advanced housekeeping to perfection.

Horse racing, the inevitable side show, refreshment booths and the various institutions to draw money out of the purses of the yerdant, were all on hand to make up the general aggregate of a full-grown agricultural fair. The "Fair Daily," by that wide awake and enterprising printer and editor, G. W. Schoch, Esq., of the Millburg Telegraph, deserves special mention. Every one of the four days the fair was kept up the spicy, readable little sheet was printed on the ground and sold to thousands. It was a new but very practical feature and we trust brother Schoch was amply remunerated for his labor and expense.

The weather was favorable until Saturday, when the success of the fair was somewhat marred by rain. The attendance was very good and the order excellent. The JOURNAL is especially pleased that our valleys furnished a good contingent of visitors to the fair. Eighty-one excursion tickets were sold at Coburn and twenty-four at Spring Mills.

—On Thursday evening the house located nearly opposite the station at Millburg, occupied by Mrs. John Sarkey and owned by Mr. Pontius, was destroyed by fire. Some of the occupant's furniture and articles of small value were destroyed. The fire is supposed to have originated in a small building that stood in close proximity with the house, in which Mr. S. manu factured shoe grease. Services were being held in one of the churches when the alarm was sounded, and the auditors being fearful that the church was on fire, became frantic to gain egress, and at one time a panic seemed inevitable.—Lewisburg News.

Continued Evidences of a Great Country.

Drought in New England, floods in Texas, frost in Minnesota and fire in New Jersey. So we go. It is a great country.

The trustees of the Tressler Orphan Home, at Loysville, Perry county, have awarded the contract to build a piece to the home next spring, to Joshua Sweger, of Newport, for the sum of \$8,000.

The whistle of a locomotive is heard 3,900 yards, the noise of a train 2,800 yards, the report of a musket and the bark of a dog 1,800, the roll of a drum 1,600 yards, the croak of a frog 900 yards and a cricket's chirp 800 yards.

There were 1,133,280 acres of land planted in corn this year in Pennsylvania, and the condition is fair. The condition of the tobacco crop is good, with 23,150 acres planted, as is also the Irish potato crop, with 175,000 acres planted.

The widow and daughters of Bayard Taylor have declined a purse of \$50,000 subscribed by the ladies of New York. They support themselves. This is the right kind of independence. A country with such women could do almost anything.

Henry Struble, of Hempfield township, Westmoreland county, was shot through the right lung and liver at the battle of Antietam. He recently visited the battle-field and found a grave-stone bearing his name. He had been reported killed and an unknown body was mistaken for his.

The Ready Reference Tax Receipt Book, with Summary Index Arranged for Ten Years. By a Country Editor.

THE READY REFERENCE TAX RECEIPT BOOK will commend itself to practical business men at sight. Its forms are so concise and plain that all may readily understand and use them. The Summary Index will show at a glance the increase or decrease of assessed valuation and taxes from year to year for a period of ten years.

Every taxable citizen, and especially every voter, should make it a rule to take receipts for all taxes paid. This is not only prudent on business principles, but actually necessary in order to enjoy the continued right to vote. It is also a matter of no small consideration to have all tax receipts for a series of years together in convenient form for reference and comparison.
