The Ohio Election.

Later returns have fully verified the first good election news from O-1.io, Judge Hoadley's majority will run up to 12,000 and both branches of the Legislature are decidedly Democratic. It was a fair and square fight between the two great parties for political supremacy and the Democrats achieved a decisive, clean cut victory on a full vote. Again does our Buckeye neighbor resame her normal position in the grand galaxy of Democratic states, and if the Democrats of Ohio but use their newly acquired power wisely, she will remain there for years to come.

The effect of the victory in Ohio upon other states will be important and immediate. It will give Butler a boom in Massachusetts, Mahoneisin a stab in Virginia, and help to elect the Democratic ticket in Pennsylvania. Besides all this it goes far to settle the coming Presidential election in favor of the Democrats. The lessons of the Ohio election are national in their tendency and ef-

Prohibition Will Not Down.

a moral revolution sooner or later.

Sherman Elected in Iowa by 30,

CHICAGO. October 11 .- A special to the Journal from Des Moines, Iowa, says: Sherman's plurality will reach 80,000. Complete returns from fiftynine counties, which include heavy Democratic districts, give 13,800, and partial returns from the remaining counties give him 27,000. His majority will not be less than 12,000. The lower House is close. Republicans now have 54 and the Opposition 41 Of the remain ing 5 the Republicans will get 3. The senate now stands : Repub licans. 37 : Opposition, 8; in doubt, 5. Judge Cook is elected to Congress in the Sixth district by a small majority.

"ALTHOUGH the people may not all be aware of it," says a reliable exchange, "the surplus funds in the State Treasury, amounting to some \$2 :-000,000, is still loaned out to favorite Cameron banks. The law passed at the late session of the Legislature, requiring the investment of the surplus sinking fund in State or United Sars securities, commonly known as the Humes act, is at present a dead letter on the statutebook. The Auditor General and State Treasurer constitute the majority of the board of Sinking Fund commissioners. They are both Republicans and opposed to the exacution of the law in its full import and intent. They have devised a plan by witch the enforcement of the law will be delayed until the meeting of the next Legislature when the Republican politicians and the banks will make a concerted and determined effort to have the law repealed or modified so as to render it inoperative."

Where Powell Was Born.

Chairman Tem Cooper says Powell s an Englishman.

As to Powell's place of nativity, it is, of course, a matter of little importance, except perhaps to Cooper, who last year maintained that nobody was qualified for a state office unless he had been born in Pennsylvania. | Cooper himself was born in Chio. | But, as a matter of fect, Mr. Powell's great grandfather came to this country in 1742. His grandfather was a soldier in the Revolution. Mr. Powell's father was an old resident of Bradford county, Pa., and he himself was born and always lived there.

Let it Not Be Forgotten.

From the Connelsville Coartier That if the republican legislature of 1881 had done its duty and passed apportionment bills, the present legislature would not have been charged with

That if the republican leaders in the present legislatura had not deliberately and with malice aforethought killed apportionment at the regular session no special session would have been neces-

That if the republican senate had not refused to pass the republican Stewart bill or the republican Lowry bill, both of which were passed by the democratic house, and had not set up its infamous ultimatum, the special session would have ended long ago;

That the republican party is therefore responsible for the present session and for the expenditure of the people's money which it has involved.

Taken from the Record.

From the Carlisle Volunteer.

It has been announced by Chairman Cooper, of the Niles-Livsey-Stewart-Cameron-Magee Quay combination circus, that the democratic administration at Harrisburg has only effected a saving of \$20,000, and that this amount has been taken from the charities of the state. Cooper knows that he deliberately falsfies in making this statement. The Committee of One Hundred, every member of which is a republican, in their official statement declare that the democrats in this winter's legislation have saved to the peoof Philadelphia alone \$325,000. The Humes law, a purely democratic measure, if properly enforced, will save \$100,000 annually to the state. The abolition of sealer of wheights and measures will save to the people of the state outside of Philadelphia \$50,000 a year. The ordinary expenses of the house have been cut down \$50,000 durhouse have been cut down \$50,000 during the regular session of the legislature. This is not the statement of a polititian begging for votes, but the facts 0

as taken from the record.

The Prohibitionists in Ohio.

From the Lancaster Intelligencer, Dem. It is apparent that the strength of the temperance advocates is growing. The rumpus they have raised in Ohio is significant enough of this. They are going to be heard and heeded. There is plenty of room to listen to them and to make concession with profit to their views. The laws regulating the liquor traffic are not what they should be. There are too many irresponsible people in the business. A high license law would limit their number and increase their responsibility, and this at least should be conceded to the growing temperance sentiment.

When the Ultimatum Had Birth.

From the Erie Herald. The machine ultimatum of "no apportionment" was agreed upon during the last contest for United States senator. It was decided then that the infamous gerrymander which gives 38,-000 people of one county the same representation that is given 122,000 in another county must be retained or the election of a stalwart successor to Senator Cameron would be endangered.

The Ready Reference Tax Receipt Book, with Summary Index Arranged for Ten Years. By a Country Editor.

THE READY-REFERENCE TAX RE-CEIPT BOOK will c mmend itself to practical business men at sight Its forms are so concise and plain that all may readily understand and use them. The Summary Index will show at a glance the increase or decrease of assessed valuation and taxes from year to year for a period of ten years.

Every taxable citizen, and especially every voter, should make it a rule to take receipts for all taxes paid. This is not only prudent on business principles, but actually necessary in order to enjoy the continued right to vote. It is also a matter of no small consideration to have all tax receipts for a series of years together in convenient form for reference and comparison.
