

LOCAL DEPARTMENT.

DEMOCRATIC MEETING AT MILLHEIM!

A Democratic meeting will be held in the Town Hall, Millheim, Friday evening, Nov. 2nd. Hon. B. F. Meyer, of the Harrisburg Patriot; Hon. J. H. Fow, of Philadelphia, and Hon. C. Schmitz, of New Jersey, will be present to address their fellow-citizens on the political questions of the day.

W. C. HEINLE, Chairman Dem. Co. Com.

- J. W. Snook—Boss Builder.
-A. Miller—Five Brand Cigars.
-Abs Harter—Crack Auctioneer.
-Geo. Ulrich—Packages & Boxes.
-D. I. Brown—Tinware & Oysters.
-Walter and Springer—Clean Shavers.
-P. H. Musser—Watches & Jewelry.
-B. F. Kister—Boots & Shoes, next week.

-Dr. J. F. Harter—Store Teeth & Protectors.
-Wash Stover—Warrants, Subpoenas, Subpoenas.

-The foundation walls of Bartholomew's new house are up.

-Yony Kreamer's condition has not improved since our last mention.

-Work on the new Lutheran church at Madisonburg has been suspended for the season.

-Twenty bushels of winter apples wanted in payment of subscription for the JOURNAL.

-Smith's German Oho recently cured a case of rheumatism of twelve years' standing.

-Dr. Mingle—Pills, Broken Limbs, Match Horses and—well, almost every family knows what.

-Millheimers were all busy last week boiling apple butter, cleaning house and fixing stove pipes.

-Henry Snavely goes to Forest county again shortly and will make sale of his personal property, November 3rd.

-The sour kroust crop is about ripe. It is all in quality and quantity that the most confirmed landsman could ask.

-The heirs of Jacob Neese will offer their farm near Penn Hall at public sale, Saturday November 3rd. See Posters.

-Read the new testimonials on the Ready Reference Tax Receipt Book. There are lots of the same tenor still back.

-The Billiard and Pool room are a thing of the past, Mr. Pensly having moved his establishment away from town.

-On Friday B. F. Miller moved into his own house at Petersburg, but that does not make him any the less a good painter.

-Miss Agnes S. Lose, daughter of Rev. Henry Lose, of Michigan, is here visiting uncles and aunts, cousins and other friends.

-Our planing mill men, carpenters, masons and plasterers are all as busy as beavers. Building is brisk at this end of the county.

-J. F. Cook, Esq., the enterprising marble agent, was here again last week and sold Deininger & Musser a new cargo of marble.

-H. M. Swartz brought a turnip to our office of the Siam's Twin variety that weighs 3 pounds 10 ounces, and is a real curiosity.

-The papers announce that the base ball season has closed. How sad! It is a source of comfort, though, that the quitoing season is still open.

ATTENTION HORSEMEN.—Mr. William Brown will make public sale of some fine horses at the First National Hotel, Millheim, next Saturday.

-Specimens of manufactured lead from the Susquehanna Mining & Smelting Co., of Sunbury are on exhibition at Lewisburg, and look well.

-Miss Marian Cantner has concluded to stay with her sister, Mrs. S. D. Musser, during the coming winter. Sensible conclusion—good place to stay.

-J. R. Wolfe, administrator, will again offer the valuable real estate of the late Thomas Wolfe, in Miles township, at public sale, Nov. 15th. See notice in another column.

-Geo. B. Stover bought the Philip Stover farm at the public sale on Friday, at \$77 per acre, which is considered a very fair price. The homestead in Aaronsburg was not sold.

-We were very much gratified the other day by receiving a letter from our friend, Mr. A. G. Heckman, of Seville, Medina county, Ohio. Andy is happy over the result of the election out there. He feels democratic all over.

-Aaronsburg, Woodward and all the region east of Millheim, have "just splendid" mall facilities now. The people can write to Bellefonte and have an answer all within one week if everything goes right. What a grand, glorious country we have.

-Jacob Kanap, the enterprising shoe man of Lock Haven, now has his big fall and winter stock of boots and shoes. No shoe dealer that we know of keeps better stock than Mr. Kanap, and at no place will customers be better accommodated or get more value for their money.

-Last Thursday morning Snook & Geiswiler's shingle mill in Brush Valley was destroyed by fire. It was only by hard work that the steam saw mill close by was saved. About 80,000 shingles and some other lumber were consumed, at a loss of about \$1000. The origin of the fire is unknown.

-The fine farm of the late John Dutweiler will be offered at public sale by the executors, Saturday Nov. 17th. While the farm itself is a very valuable one, the beautiful spring flowing out from a natural cave of solid limestone, just a few rods from the house, is an additional consideration of importance. Not only is the supply of good, pure water never-failing, but the cave is the best dairy-house in the county.

-Sheriff Sammy Fust brought some fine specimens of apples to our office the other day. We measured a few of them with the following result: King of Tompkins County—12 1/2 inches in diameter one way, 11 1/2 inches the other. The Fifteen Inch kind measures 13 inches one way and 12 the other. Anybody that can beat this is welcome to do so—not forgetting that we can judge of size and quality much better by having a whole tushel before us.

LUTHER CENTENARY SERVICES.—Rebersburg, Sunday, November 4th, 10 A. M.

Logansville, Saturday, November 10th, 10 A. M., and 7 P. M.

Aaronsburg, Sunday, November 11th, 10 A. M.

Millheim, Sunday, November 11th, 2 P. M.

Penns Creek, Sunday, November 11th, 7 P. M.

Rev. John Tomlinson, Rev. J. K. Miller and Rev. A. K. Zimmerman are expected to be present at all these meetings. All are cordially invited.

-By the Bellefonte papers we see that the Lutheran Memorial to be held in the Court House on Friday is expected to be a big affair. The several committees are doing all they can of a preparatory nature and if the people throughout the county but second the work of the committees the matter will be a success, as it should be. A good delegation from this end of the county, where the churches of the reformation are largely represented, is rightfully expected. Besides Dr. Wolfe and Dr. Morris, a number of other prominent ministers, not only of the Lutheran but of other churches as well, are expected to deliver short addresses. The committees desire it to be distinctly understood that the memorial is to be entirely unsectarian. All are invited—all are welcome.

-The excursion announced in last week's JOURNAL will leave Baltimore on the evening of Nov. 12th, at 7 o'clock. Persons desirous of visiting southern Virginia and the best part of North Carolina, including Raleigh, the capital, Wadesboro, Charlotte and other growing towns, should not fail to avail themselves of this splendid opportunity. This excursion takes place at a season of the year when farmers have their fall work out of the way and have nothing to hinder them from taking a little recreation after the labors of the summer. Remember the fare for the round trip from Baltimore is only \$12, and hotel bills half rates for the excursionists.

The rail road companies may not for a long time offer such low rates again. Ticket good for thirty days. Excursionists can return on any train and boat.

For further particulars address W. K. ALEXANDER.

ADVICE TO MOTHERS. Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

St. Elmo Hotel, Nos. 317 & 319 ARCH ST., PHILADELPHIA.

RATES REDUCED TO \$2.00 PER DAY. The traveling public will find that at this Hotel the same liberal provision for their comfort. It is located in the immediate centres of business and places of amusement and the different Rail-Road depots, as well as all parts of the city, are easily accessible by Street Cars constantly passing the doors. It offers special inducements to those visiting the city for business or pleasure.

Your patronage respectfully solicited. Jos. M. Feger, Proprietor.

-The Messrs. Sanky are busy hauling their cultivator material to the depot, to have it shipped to Duncannon. We understand that they will continue the manufacture of farming implements at that place.

Miscellaneous.

It is stated as a fact that the seed of the sunflower is the best remedy ever discovered for the cure of founder in horses. Immediately on discovering that a young horse is foundered put a pint of the whole seed into his food, and it will work a perfect cure.

Daniel Strausser, of Shamokin, has three sons, one of whom while playing with some of his companions on Monday fell and broke his leg. On Tuesday the second fell from a tree on the mountain while gathering chestnuts and broke his leg. Thursday the third was knocked down and run over by a wagon and had a leg broken.

A Kansas law requires farmers to mow the weeds on the roadsides through their farms. This is for the purpose of making farm and road both tidy and in good trim. It wouldn't be a bad law for Pennsylvania; and while our Legislature is holding sessions doing nothing, it might profitably put in the time framing such a law.

Near Chicago is the town of Pullman, containing 7,500 inhabitants, and it is notable that it has neither saloon, court-house or jail, and requires the services of but a single policeman. If it had but one liquor saloon, it would need a court-house, jail, poor-house, and a large police force to dispose of the criminals and paupers which the saloon, would create. And yet, there are some Christian people who think that a liquor saloon is not a bad thing!

All about a Dog's Tail.

DANVILLE, Va., October 19th. Three men were shot and probably fatally wounded in the lower part of Franklin county yesterday in a fight growing out of a dispute over the pulling of a dog's tail. Joseph P. Love, a fugitive from justice from West Virginia, has been living with his father-in-law near the scene of the tragedy for some time. Yesterday Love, his father-in-law and brother, Charles Love, were in the woods hunting. Loves father-in-law pulled the tail of one of the dogs belonging to his son-in-law. This was followed by denunciations from Love, who declared that no man of honor would pull a dog's tail. A general fight ensued, in which Love's father-in-law, brother and brother-in-law were seriously and probably fatally wounded by him. He himself received a slight wound. The weapon used by Love was Colt's navy revolver. One of the other men was armed with a small pistol. The affair creates great excitement in the neighborhood in which it occurred. Love fled and has not been arrested yet.

PUZZLED PHYSICIANS. Doctors disagree over case that perplexed the whole faculty—How a Woman at Life Saved—A Remarkable Cure.

A talented reporter of that sprightly journal, the Pittsburgh Commercial Gazette, tells us in the most highly interesting manner, a terrible story of the sufferings of a gentle little lady named Mrs. Milo Ingram, now 43 Fayette St., Allegheny City, Pa., the daughter of Captain Hugh McKelvey, of same place. It was told to the reporter by Mrs. Ingram herself, and the news gatherer says it would have been too much to believe only the evidence was close at hand to substantiate every word of what she said. "It was another instance," says the reporter "of the culpable ignorance of a large class of practitioners of medicine who, while they are ashamed to acknowledge they do not understand the details of the science are often brought to bay by some unusual or difficult case, which they are ashamed to acknowledge they do not understand. The little lady gave the names of some of the most reputable physicians in the two cities, to whom she had paid large sums of money for treatment, and all they had succeeded in doing was making big fees, while she grew rapidly worse. Her troubles began about six years ago, when she experienced a fall while attempting to cross a sewer drain that had just been dug. A large swelling came on her right side, which rapidly spread, became very much discolored, and caused the most intolerable pain. She sent for the leading physician of Allegheny, who summoned a consultation of prominent physicians and surgeons, who united in pronouncing it a case of malignant cancer, and they told her it was incurable. She next consulted a well-known cancer doctor of Kittanning, under whose treatment she remained six months. Her case notwithstanding the slightest improvement, she experienced the most excruciating torture all the time. Her relatives took her to Rome, New York, where she remained for two years under the care of Dr. Kingsley. He pronounced it rose cancer, and although he failed to cure her, he very much relieved her sufferings. He also pronounced her case incurable. The flesh of her breast was eaten away down to the ribs, the breast-bone was laid bare, and the disease made its way upward, causing the breast to become detached from the wall of the chest, hanging loose from above. After awhile this healed partially, and the disease made its appearance in the limbs, with even ten-fold greater virulence, not only eating away the flesh but attacking the bones beneath. It affected both limbs, and then broke out on her head and face, affecting her eyes, making her almost blind, and causing her face to swell out of all its former likeness. Her mind was affected, and at last her death became only a question of time. A very reputable herb doctor pronounced her at death's door. At this juncture her friends were told of the remarkable recovery of one of the Pennsylvania women, and without any real hope of benefiting her, they determined to see if the wonderful remedy would be of any benefit in her case. Four months after commencing to use PERUNA she showed remarkable signs of improvement, and to-day she is a perfectly healthy woman. All her sores are healed. Some fearful scars remain behind to tell the terrible story. Her sight is completely restored, and a more grateful patient a doctor never had. She says she never grows tired sounding Pennsylvania's praises. Mrs. Ingram says they had paid over one thousand dollars to her previous doctors, without effect. She made her way upward, causing the breast to become detached from the wall of the chest, hanging loose from above. After awhile this healed partially, and the disease made its appearance in the limbs, with even ten-fold greater virulence, not only eating away the flesh but attacking the bones beneath. It affected both limbs, and then broke out on her head and face, affecting her eyes, making her almost blind, and causing her face to swell out of all its former likeness. Her mind was affected, and at last her death became only a question of time. A very reputable herb doctor pronounced her at death's door. Her mind was affected, and at last her death became only a question of time. A very reputable herb doctor pronounced her at death's door. At this juncture her friends were told of the remarkable recovery of one of the Pennsylvania women, and without any real hope of benefiting her, they determined to see if the wonderful remedy would be of any benefit in her case. Four months after commencing to use PERUNA she showed remarkable signs of improvement, and to-day she is a perfectly healthy woman. All her sores are healed. Some fearful scars remain behind to tell the terrible story. Her sight is completely restored, and a more grateful patient a doctor never had. She says she never grows tired sounding Pennsylvania's praises. Mrs. Ingram says they had paid over one thousand dollars to her previous doctors, without effect. She made her way upward, causing the breast to become detached from the wall of the chest, hanging loose from above. After awhile this healed partially, and the disease made its appearance in the limbs, with even ten-fold greater virulence, not only eating away the flesh but attacking the bones beneath. It affected both limbs, and then broke out on her head and face, affecting her eyes, making her almost blind, and causing her face to swell out of all its former likeness. Her mind was affected, and at last her death became only a question of time. A very reputable herb doctor pronounced her at death's door.
