Miners

Michael Mulvey, James Grant and Henry Beerman were digging coal out of a breach in the mountains north of this place this morning, a large mass of earth, which they had undermined, fell unexpectedly, burying them under it. Mulvey managed to free himself, and after much trouble extricated his companions. Grants' right leg and arm were broken and his face horribly scarred. Beerman was completely buried and it required the most strenuous efforts of Mulvey to pull him out. Beerman was almost dead and his recovery is doubtful. Wounded as he was, Mulvey managed to crawl to the nearest house and procure help for his friends. All three are married and live about two miles from the scene of the accident.

The Philadelphia Times, 1884:

THE TIMES will enter upon the new year stronger and more prosperous than ever before in its history -more widely read and quoted, more heartily commended, and more fiercely critisied with a more complete organization, and an abler staff of contributors-and with the same independence and fearlessness that has made it successful and powerful in the past.

THE TIMES has no party to follow, on candidates to advance, but will meet every issue, as it has ever done, with consistent devotion to the right, to honest government, had the public welfare. And, while maintaining its position as the leading paper of Philadelphia, it will aim to be continually in advance in all that can add value to a newspaper.

The value of a newspaper is not in its size or display, but in the intelligence and care, the conciseness and TIMES spends laivshly for news from all parts of the world, but all its dispatches are carefully edited and condenal adapted both to the busy man and to the leisure of the home circle, a welcome visitor to intelligent and honest citizens of every political, religious, and social taste.

THE WEEKLY TIMES is altogether different from the weekly newspapers of twenty years ago. The telegraph and better local newspapers everywhere, especially in the thriving centres of rural population, have made the old weekly metropolitan newspaper unsatisfying. Those that cling to their ancient usages have lost their hold on our forwardmoving people; they are but shadows and advise him to take some other medof their former greatness, and they have but a shadow of their former power. Those papers have had their use-less, sit up or talk him to death before fulness, but it is gone; and, with it, they are going, too. It was not the fault of papers; it was the improvement of the country that brought a-bout the change. Men and women, wherever they live, now require fresher news; and they require more than

DR. JOHN BULL'S

FEVER and ACUE Or CHILLS and FEVER, AND ALL MALARIAL DISEASES. 21

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PER-MANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole fami-lies have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be suf-

ficient.
