

Forbidden Kisses.
An Ordeal Through Which the Little Ones Have to Pass, and Which is Dangerous to their Health.

"Remember," said a physician to his wife, as he was leaving home for a few days, "and do not let the children kiss any one."

"Is it possible," asked a surprised third party who was present, "that you consider it necessary to give such instruction as that? Where is the danger?"

"The danger is complicated, and yet so certain, that it would take too much time to describe it here," said the doctor, looking at his watch. "In my case, all kinds of people come to my house and office to consult me, and they often wait hours. If one of my children happens to come in they are almost certain to take it, and you know at most the first impulse with people who notice children to kiss them. Bah! it makes me shudder-tainted and diseased breath, lips blue with cancer, foul and decayed teeth. You would kill a stranger who would lay way your young lady daughter and kiss her by force, but the helpless, innocent, six-year-old child, susceptible as a flower to every breath that blows, can be saluted by every one who chances to think of it. I tell you it wasn't Judas alone who was loved by a kiss. Hundreds of lovely, blooming children are kissed into their graves every year."

"But, doctor, how can a mother be so ungracious as to refuse to allow people to notice her children?"

"There need be no ungraciousness about it, if there were, which is the most important—the safety and well-being of a child, or the permitting of a habit of ill-breeding and doubtful morality at best? Let the mother teach her child that it is not a kitten or a lap-dog, to be picked up and fondled by every stranger, and instruct it to resist any attempt to kiss it. Why, there are agents, peddlers, of household wares, who make it a custom to catch up a pretty child, kiss and pet it, and so interest the mother that she will buy something she does not want. I tell you

"THERE IS DEATH IN THE KISS!"

"The beloved and lamented Princess Alice of Hesse took diphtheria from the kiss of her child, and followed it to her grave. Diphtheria, malaria, scarlet fever, blood poison and death lurk in these kisses. There! I shouldn't wonder if I lost the train. Remember, no kisses!" and, waving his hand, the doctor drove away.—*Detroit Free Press.*

A Skeleton in a Flue.
MACUNGIE, Pa., April 5.—O. B. Fackenthal had men engaged in tearing down the chimney and inner walls of an antiquated house at Springtown, Bucks county, to-day, to make some improvements. A human skeleton was found imbedded in a flue. Rumor has it that dark and bloody deeds were done in this house, and supposition is that the skeleton is that of a murdered man. The house is substantially built of limestone, two stories high, containing eleven large rooms. During the Revolutionary war it was a noted resort, being once used as an inn. At the close of the war of 1812, a number of soldiers, returning from the army, lodged there. They became involved in a fight, in which several were killed. In one of the rooms sword thrusts and bullet marks can be seen in the framework. In the immense chimneys and inner walls of the building, that are about being removed, it is expected that other discoveries will be made.

DELAWARE RIVER CHEMICAL WORKS, BAUGH & SONS,
Philadelphia, Feb. 1, 1884.
To Farmers of Pennsylvania:

Gentlemen:—For over twenty-eight years we have manufactured Bone-Phosphate, and our brands have become household words in nearly every section of the State. In many communities the demand for them has increased, and the price has advanced. In view of this, we have decided to meet this demand, and have introduced a NEW PROCESS EXCLUSIVELY OUR OWN. The quickness with which this Phosphate is applied into the soil, and the results will be shown by the following statement:

Year	Phosphate	Tons
1879	1,287	Tons.
1880	3,957	"
1881	5,117	"
1882	8,288	"
1883	10,128	"

The reports of the action of the 825 Phosphate have been satisfactory in every case from a wide range. We want to be informed upon this point very early, so it is our interest to know if the article continues to produce good results. We will thank any farmer having used the 825 Phosphate with disappointing results, to let us hear from him with full facts.

Yours truly,
BAUGH & SONS

HEALTH IS WEALTH!
DR. E. C. WESS'S REMEDY AND BRILLIANT TREATMENT OF ALL AFFECTIONS OF THE THROAT, LUNGS, BRONCHITIS, AND ALL AFFECTIONS OF THE THROAT, CHEST, AND LUNGS. In all cases where this Elixir is used its efficacy is at once manifested, convincing the most incredulous that CONSUMPTION is not incurable, if properly attended to. At its commencement it is but a slight irritation of the membrane which covers the Lungs, then an inflammation, when the cough is dry, local fever, and the pulse more frequent, the cheeks flushed and chill more common. This Elixir in curing the above complaints, operates so as to remove all morbid irritations and inflammation from the lungs to the surface, and finally expel them from the system. It facilitates expectoration, and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and strychnine articles, which are so dangerous to the system, and which are cured the patient is well. Send address for pamphlet giving full directions, free. Price 25 cts., 50 cts., and \$1.00 per bottle. SOLD EVERYWHERE. HENRY JOHNSON & LORD, Props., Burlington, Vt.

DR. JOHN BULL'S Smith's Tonic Syrup
FOR THE CURE OF FEVER and ACUE Or CHILLS and FEVER, AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and Scrofulous affections—the King of Blood Purifiers.

DR. JOHN BULL'S VEGETABLE WORM DESTROYER is prepared in the form of candy drops, attractive to the sight and pleasant to the taste.
