CALL AND BE CONVINCED!

H. H. TOMLINSON,

Main Street, Millheim, Pa.

-W. J. Springer, our tonsorial artist, was not able to wield the razor last Saturday owing to a spell of illness.

-H. H. Tomlinson's large stock of spring goods is now in. Read his advertisement at the head of the first column.

-Our planing mills are booming. They are full of orders for building lumber, which indicates a brisk season for building.

-Some remarkable cures in this vicinity of long continued and obstinate deafness are attributed to McDonald's Blood Purifier.

-E. W. Mauck showed us some beautiful samples of wall paper last week. He ordered a large and fine selection on Saturday.

-This kind of weather wakens up vegetation wonderfully. Young lettuce and onions will soon be included in our bills of fare.

-S. T. Frain has placed another street lamp in front of the First National. Pedestrians are very much pleased with the illumination.

-Enclose your shade trees with high boxes if you would protect their lower limbs from damage by the voracious and long-necked town cow.

-The farm of John Keen, dec'd was sold last Thursday to Mr. R. V. B. Lincoln, of Union county, at \$4 per acre, and the building lots to Henry Keen.

-If the weather stays as favorable as it has been for the last week, there will be a wonderful display of spring bonnets, and a harvest for our milliners.

-The gentleman on whose porch that Bolagna was eaten the other evening, would like to have a piece to pay for the trouble of clearing away the remains.

-Harvey Hauck, who has been seriously ill with lung fever is reported to be over the crisis, but in a very weak condition and nothing definite can be known.

-Mr. A. C. Musser is building a cistern on his property on Main street. He complains of the rocky condition of the ground which makes it a very laborious job.

-An exchange says that when a man is so stung as to borrow a newspaper which he is able to buy, he will talk through his nose to keep from wearing out his teeth.

-The fine, warm evening and a street concert by our excellent band brought out old and the young, large and small and the streets presented a lively appearance.

-Mr. G. W. Stover, residing at Penns Creek, had a severe stroke of palsy last Friday which completely paralyzed the one side of his body. His condition is reported serious.

-No less than three mill wagons pass through our streets every week delivering flour manufactured by Meyer, Breon, McMullen and Hockman & Richard. Mill Heim indeed.

-Our young friend, P. H. Musser turns out to be the expert gunner of this section of the country. Wild ducks are his game and he shoots a dozen—more or less—every pop.

-Some of our fishermen are spending the rainy nights in the creeks and generally come home in the morning with large strings of fish. They run the business on the whole sale plan.

-Over twenty-two hundred pounds of beef were sold at the meat market during last week. This is business, John always keeps of the best meat and gives satisfaction to all his customers.

-If you have any items of news bring or send it to the JOURNAL office and we will give our readers the benefit of it. This system works on the mutual plan and is sure to make a newsy local paper.

-An old tree in front of Campbell's residence on Main street was cut down on Tuesday. We noticed John Kreamer chopping at it and must say that he handles the ax as if he had been there before.

-Mr. Miles Walker, of Bellefonte, county commissioner's clerk, called at the JOURNAL office last Thursday morning. Sorry, we were not in, but call again and we will make it a point to be there.

-Mr. and Mrs. A. Walter, accompanied by the lady's mother, Mrs. D. A. Musser, departed for Philadelphia on Tuesday afternoon. Mrs. Walter will remain in the Quaker city for an indefinite time.

-We learn that an ugly fight took place in Brushvalley, near Rebersburg, last Saturday night between two young men who appeared to be rivals in young attentions to a girl.

Result—a badly damaged face.

-Our friends Harper & Kreamer are as happy as birds in their fine, new store at Centre Hall. They have a large and excellent stock of goods and we are glad to note, are doing a good trade. Success to the enterprising new firm.

FOR SALE CHEAP.—A new 2 1/2 Excelsior Printing Press, with three fonts of type, cases, &c., complete; a Prize Demos Lath and Scroll Saw, with Circular Saw Attachment; a Muzzle-Loading Rifle, good as new, 90 balls to lb. No 1 Shooter. Wish to turn these articles into cash at once, I offer them for sale at very low prices. For further particulars address or call on GEO. W. VONADA, Madisonburg, Pa.

-You will find Dr. A. W. Hafer's professional card in another column. Dr. Hafer located in Millheim a few weeks ago and invites all persons wishing any work done in the dentistry line to give him a call. He guarantees satisfaction to his patrons.

-Several side instruments of our band were sent away for repair this week. The boys are anxious to get in trim for the campaign. They were out serenading last Saturday evening and everybody appreciated the sweet strains of music rendered.

-P. H. Musser, our popular jeweler, is advertising his business in this week's paper. He always keeps a nice stock of Clocks, Watches and Jewelry on hand, does all kinds of repairing in a satisfactory manner and is an obliging and pleasant young man to deal with. Do not fail to give him a call.

-Mr. John Kerstetter, Jr., still makes a business of doing special jobs at carpentry. John is really an expert at the business and has large experience, both in making out plans, specifications and drawings, as well as a practical workman. People who entrust their work into his hands can safely rely on having it done in best style at the lowest prices.

ACCIDENT.—George, a little boy of Mr. Stover, of Miles township, about two years old, had his collar bone broken. He had climbed on the table trying to get at some tumbler while his mother was attending to some work outside, when he fell off the table with the above result. He is doing as well as can be expected.

-An out door meeting will be held on the square in the centre of town by the Y. M. C. A. on next Sunday, May 4th, at 3.30 o'clock, P. M. Should the weather be unfavorable it will be held in the Evangelical church. All lovers of the cause are heartily invited to attend.

J. G. W. HERALD, Leader, D. L. ZERNY, Secretary.

-R. C. Cambridge, Chairman of the Committee on Teacher's Permanent Certificates gives notice that said committee will meet in Bellefonte on Friday and Saturday, May 2nd and 3rd, when applicants are requested to present blanks properly signed by the board of school directors of their districts and countersigned by the County Superintendent, as well as their professional certificates.

-McDonald's improved Liver Pills are the most reliable and satisfactory Liver Pills made. Many Doctors buy them by the thousand for use in their daily practice. No higher mark of confidence could be quoted. We do not know any proprietary medicine that stands so high in the estimation of the medical profession as McDonald's improved Liver Pills. Dissatisfied buyers can have their money refunded. Sold by J. Eisenhuth, Millheim, Pa.

-The Beech Creek and Bellefonte R. R. matter looks brighter again. A continuance of operations is insured by a bond of \$25,000 signed by fifty of Bellefonte's best citizens, which covers all damages asked by the land owners along the line. It is thought that this removes the last obstruction in the way and that the road may be completed and ready for the running of trains by the first of January 1885 at the furthest. We earnestly hope that there will be no more railroad scares and that we be able to report speedy progress from now out.

-ORANGE JUDD, Editor of the American Agriculturist for some thirty years, but unconnected with its business management for a year or two past, has lately retired from its editorial department and located in the West. He desires to gather a complete "Postal-Card Album" of his old Readers and Friends, and requests them all to send him now a Postal giving their present location and address, naming also, when convenient, the years in which they were his subscribers. Mr. Judd's address is Chicago, Illinois.

-We are in receipt of a communication from the Manager of the HARRISBURG EYE AND EAR HOSPITAL AND INFIRMARY, of Harrisburg, Pa., requesting this paper to call the attention of the public to the fact that a FREE DISPENSARY has been attached to that institution for the GRATUITOUS TREATMENT of the poor, who are unable to bear the heavy expense necessarily incurred in undergoing treatment for the various affections of the eye and ear, and those afflicted in this manner will do well to bear this announcement in mind.

-The following facts which we glean from the Harrisburg Telegram may be of interest to those of our readers who are acquainted with Prof. J. H. Kurzenkub and his twin sons. They are the proprietors of one of the most attractive music stores in Harrisburg, having the shelves loaded with all kinds of musical instruments from the Kiechter harmonica to the finest violins and guitars, while their ware rooms are completely stocked with the finest pianos and organs. Their forty large music folios are filled with the latest and most popular sheet music. They keep an assortment of 125 different music books to select from. The upper rooms are elegantly fitted up for teaching purposes and there are now some fifty pupils taking lessons under competent teachers. The proprietors are genial, fair and honest dealing gentlemen and thorough musicians, with lots of grit and business tact.

-A word of advice is timely just now when the streets and roads are daily traveled by tramps and scamps who live by stealing anything they can lay their hands on. Many of these impudent fellows apply at the front door and never ring the door bell, if there be one, but knock, and if the summons is not immediately answered open the door and walk in. They know that the "women folks" are all busy in the back part of the house, and the time is ripe for them to make a haul. The loss is not noticed until it is too late to catch the thief. To be on the safe side and to guard against these fellows is to keep your front door locked. —Phillipsburg Journal.

-A paying investment.—At this season of the year when your cows fail in milk, your horses become rough in coat, your pigs refuse to thrive, the hens won't lay as many eggs as they should, you will find a package or two of McDonald's Celebrated Tonic and Blood Purifying Horse and Cattle Powders judiciously administered an investment that will pay big dividends. They are positively the best Horse and Cattle Powders made. Dissatisfied buyers can have their money refunded. What other manufacturer dare make this offer. Sold by J. Eisenhuth, Millheim, Pa.

-The Millheim Musical Association, numbering over 50 members, are busy practicing for their first entertainment, which will be held on Saturday, May 24th, 1884. They are working out a number of splendid choruses, quartettes, duets and solos and by all indications their coming concert will be the event of the season in this section. Their posters will appear next week.

A full attendance of the next meeting is urgently requested, as Prof. Kurzenkub wishes to assign the solo, duet, and quartet parts to the different singers.

James Con do bought himself a horse, Charley Smith the trimmer is here again.

Freddy Heckman is in the book agency business. Success to you Freddy.

Rumor says, there is a Telephone Exchange in town, and we rather think it true, the way things are carried on. The news is over the country before Jack Plane gets hold of it.

Fred Moyer has a trimmer from Millheim.

Boys, don't you dare to upset the wagons in front of J. C. Condo carriage shops, or he will have your names in the paper. For various reasons he will let you slip this time, but take warning.

Mr. Peek from Nittany Hall, was seen in town on Saturday.

Yes, Mr. Broad Axe, the boys had a little anticoo the other Saturday night. But there is no thing very funny about that, they disturbed no one and took care of their own business. We don't note such things from Spring Mills. It is their daily bread.

Mrs. Wendell is off to Milton on a visit to her father. Kind of rough on you, Sandy, isn't it.

Some of our town boys had a Picnic at the caves on Saturday last, and reported a glorious time. We presume they had, judging from their late appearance in the evening.

JACK PLANE.

-Now that the sudden and violent changes of the weather occur every twenty four hours, almost everyone has a troublesome cold, which, if neglected may produce results that will trouble you for the remainder of your life. Instructions for treatment of croup and whooping cough also accompany each bottle. Every family especially where there is children should have a bottle. Dissatisfied buyers can have their money refunded. Sold by J. Eisenhuth, Millheim, Pa.

SPRING MILLS ITEMS

Rev. Foster preached a very interesting sermon on Sabbath morning.

David Burrell is at the brick work of his new house.

J. W. Bariges of Penn Hall is a very good salesman. He represents the house of B. Ayers & Co.

Prof. W. P. Hosterman has the largest school of any since Prof. D. M. Wolf has quit teaching. Glad to see it thus.

On Sunday morning the attendance at the Union school was 103 and at the Methodist 114—all members of the school, besides several visitors. So you see our burg is not behind morally. [At least not as far as numbers are concerned. 'By their fruits ye shall know them,' and we are led to think that they correspond with the numbers at your schools.—Ed.]

Our horse jockey was somewhat beat the other day. He traded animals, and the next morning it required the services of four men to get the horse on his feet. Frank was fortunate, when he could trade back again. A wiser man is he.

Some talk of starting a base ball club here. Why not; we have some 18 or 20 young and active men doing nothing and that would afford some exercise for them.

The principle question now is—will the railroad company move the station or not? A delegation headed by Col. G. A. Runk went to Williamsport, wishing to have it remain where it is. Another delegation headed by Commode J. H. Bibby went there also to advocate the removal of it to near iron bridge crossing. Plenty of chances now to sign petitions. "Whoop er up," gentlemen. BROAD AXE.

Forest Fires in Centre Country.

PHILADELPHIA, April 28.—A special from Phillipsburg, Centre county, to the Press says extensive forest fires have prevailed in that section for the past three days. This afternoon the extensive saw mills at Snow Shoe belonging to Hoover, Hughes & Co., were destroyed, together with the store, dwellings and stable, the whole aggregating a loss of \$30,000 to \$40,000. Miners at Pardee and Hawn Run coal mines were compelled to move out of their house and leave as rapidly as possible in order to save their lives and property. High wind has been blowing all day and it is utterly impossible to stop the flames.

A Big Saw Mill Burned.

WILLIAMSPORT, April 25.—The large saw mill of Wolverton & Tinsman, located just outside of the eastern city limits, was totally destroyed by fire at two o'clock this morning. The origin of the fire is a mystery. The mill was a good one and supplied with the best machinery for the manufacture of lumber. The loss is \$40,000, on which there is an insurance of only \$15,000. Forty five men were employed in the mill, which had just started up for the season with a good stock of logs to manufacture. It will be rebuilt at once.

A Town in Flames.

Sellsgrove Fired by Incendiariness and Much Valuable Property Destroyed. Special Dispatch to the Times. SELLSGROVE, Pa., April 27.—This evening fire started in Schoch & Bros., warehouse, on the corner of Pleasant and Market streets, and quickly spread up to Pine street, burning one block up on both sides. All the grain and produce in Schoch's warehouse, together with five valuable horses, were burned and the loss to the firm is estimated at \$5,000. A keg of powder which was in the warehouse exploded and men, women and children ran through the streets wild with fright and crying for help. All families on Market street have moved their household effects to places of safety, some loading their goods upon wagons and taking them to the country. Help from Sunbury has been telegraphed for and fire engines are now on their way here.

At half-past ten o'clock the fire was still raging and will sweep a greater part of West Market street. Gemberling & Bro's tin shop is in ruins and 'the public school building on fire. The loss up to this hour is estimated at \$25,000. The fire is supposed to be the work of incendiaries. The fire alarm rope was cut. Two rows of stables are burned to ashes, but no dwelling houses have yet been burned. The greater part of the loss so far is covered by insurance. This is the third attempt that has been made to burn the town.

AN EXTRAORDINARY OFFER. To All Wanting Employment.

We want Live, Energetic and Capable Agents in every county in the United States and Canada, to sell a patent article of great merit, of its merits. An article having a large sale, yielding over 100 per cent profit, having no competitor on, and on which the agent is protected in the exclusive sale by a deed given for each and every county he may secure from us. With all these advantages to our agents, and the fact that it is an article that can be sold to every household, it might not be necessary to make an "EXTRAORDINARY OFFER" to secure good agents at once, but we have concluded to make it to show, not only our confidence in the merits of our invention, but in its reliability by any agent that will handle it with energy. Our agents now at work are making from \$150 to \$500 a month clear, and this fact makes it safe for us to make our offer to all who are out of employment. Any agent that will give our business a thirty days trial and fail to clear at least \$100 in this time, ABOVE ALL EXPENSES can return all goods unsold to us and we will refund the money paid for them. Any agent or General Agent who would like ten or more counties and work them through sub-agents for thirty days, and fail to clear at least \$750 ABOVE ALL EXPENSES, can return all unsold and get their money back. No other employer of agents ever dared to make such offers, nor would we if we did not know that we have agents now making more than double the amount we guaranteed, and but two sales a day would give a profit of over \$125 a month, and that one of our agents took eight orders in one day. Our large descriptive circulars explain our offer fully, and these we wish to send to every one out of employment who will send us three one cent stamps or postage. Send at once and secure the agency in time for the season, and go to work in the country, and ask any reader of this paper who reads this offer to send us at once the name and address of all such they know. Address at once, or you will lose the best chance ever offered to those out of employment to make money.
